Purpose of the Meeting: The mission of the DSB is to provide independent advice and recommendations on matters relating to the DoD’s scientific and technical enterprise. The objective of the meeting is to obtain, review, and evaluate classified information related to the DSB’s mission. DSB membership will meet to discuss the 2023 DSB Summer Study on Climate Change and Global Security (“the DSB Summer Study”).

Agenda: The meeting will begin on Monday, September 11 at 8:30 a.m. with administrative remarks from Mr. Kevin Doxey, DFO and Executive Director, and opening remarks and a classified overview of the 2023 Summer Study on Climate Change & Global Security to date from Dr. Eric Evans, the DSB Chair. Next, the DSB members will meet as a group in a plenary session to review the generated study briefing materials and engage in classified discussion(s) regarding anticipating the global stresses and possible conflict due to climate change. On September 14 at 8:30 a.m., DSB members will meet in smaller breakout groups to review the study briefing materials and engage in classified discussion regarding anticipating the global stresses and possible conflict due to climate change, with a break mid-day. The meeting will adjourn at 4:30 p.m.

The meeting will adjourn at 12:00 p.m.

Meeting Accessibility: In accordance with 5 U.S.C. 1009(d) and 41 CFR 102–3.140 through 102–3.155, the DoD has determined that the DSB meeting will be closed to the public. Specifically, the Under Secretary of Defense for Research and Engineering, in consultation with the DoD Office of the General Counsel, has determined in writing that the meeting will be closed to the public because it will consider matters covered by 5 U.S.C. 552b(c)(1). The determination is based on the consideration that it is expected that discussions throughout will involve classified matters of national security concern. Such classified material is so intertwined with the unclassified material that it cannot reasonably be segregated into separate discussions without defeating the effectiveness and meaning of the overall meeting. To permit the meeting to be open to the public would preclude discussion of such matters and would greatly diminish the ultimate utility of the DSB’s findings and recommendations to the Secretary of Defense and to the Under Secretary of Defense for Research and Engineering.

Written Statements: In accordance with 5 U.S.C. 1009(a)(3) and 41 CFR

102–3.105(j) and 102–3.140, interested persons may submit a written statement for consideration by the DSB at any time regarding its mission or in response to the stated agenda of a planned meeting. Individuals submitting a written statement must submit their statement to the DSB DFO at the email address provided in the **FOR FURTHER INFORMATION CONTACT** section at any point; however, if a written statement is not received at least three calendar days prior to the meeting, which is the subject of this notice, then it may not be provided to or considered by the DSB until a later date.

Dated: August 23, 2023.

Alternate OSD Federal Register Liaison Officer, Department of Defense.
