

comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

ETA requires grantees to submit Quarterly Narrative Reports with a narrative summary of progress on activities identified by the grantee in their project work plan. Grantees also submit a Quarterly Performance Report with standardized outcome measures that include data for program participants.

These reports help ETA gauge the effectiveness of the H-1B Ready To Work grants, respond to inquiries about the program's progress and success from Congress and other stakeholders, identify grantees that could serve as useful models, target technical assistance appropriately, and provide data for the national evaluation of the Ready To Work grants. ETA is seeking an extension for the collection of the Quarterly Narrative Report and the Quarterly Performance Report for the period 7/1/2019–6/30/2022. 29 U.S.C. 414(c), American Competitiveness and Workforce Improvement Act of 1998, 29 U.S.C. 3224a(7), Workforce Investment Act authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB control number 1205–0507.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. The DOL encourages

commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

SUPPLEMENTARY INFORMATION: As part of continuing efforts to reduce paperwork and respondent burden, DOL conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management Budget (OMB) for final approval. This program helps to ensure requested data is provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and

the impact of collection requirements can be properly assessed.

The enactment of Public Law 112–96 (The Middle Class Tax Relief and Job Creation Act of 2012, referred to hereafter as “the act”) contains Subtitle D, Short-Time Compensation Program, also known as the “Layoff Prevention Act of 2012” (Act). The sections of the law under this subtitle concern states that participate in a layoff aversion program known as STC or work sharing. Section 2164 of the Act covers grants the Federal Government provided to states for the purpose of implementation or improved administration of an STC program or for promotional and enrollment in the program. ETA has principal oversight responsibility for monitoring the STC grants awarded to state workforce agencies (SWAs). As part of the monitoring process, SWAs submit a quarterly progress report (QPR). The QPR serves as a monitoring instrument to track the SWAs’ progress toward completing STC grant activities. ETA also needs to allow for this reporting for proper oversight of state STC programs. Section 2164 of the Act authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number.
