BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Awareness and application of long-term monitoring data in the Pacific Islands.

OMB Control Number: 0648-xxxx.

Form Number(s): None.

Type of Request: Regular (request for a new information collection).

Number of Respondents: 160.

Average Hours per Response: Surveys, 30 minutes; focus groups, 90 minutes.

Burden Hours: 170.

Needs and Uses: This request is for a new collection of information. The objective of the study is to understand the types of available socioeconomic data, types of data used and data gaps identified, regarding coastal conservation management, fisheries and other marine conservation management, and efforts (including opportunities and barriers) in integrating biophysical and socioeconomic data. The voluntary survey and interviews will assess the degree to which the available socioeconomic data are being used and have met the needs of the different natural resource management and conservation programs in the U.S. jurisdictions and affiliations in the Pacific island region. Results of the survey and interviews are expected to assist in guiding any future modifications of socioeconomic and biophysical indicators, data collecting tools, approaches, and communications of results.

Affected Public: Individuals or households; not for profit institutions; state, federal and tribal governments; Federal government.

Frequency: One time in three years.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow

the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: December 18, 2018.

Sarah Brabson,

NOAA PRA Clearance Officer.

U.S. Stakeholder Meetings on North Pacific Albacore Management Strategy Evaluation; Meeting Announcement

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: NMFS is holding a meeting to present and solicit public input on preliminary results of the North Pacific albacore Management Strategy Evaluation (MSE) conducted by the International Scientific Committee for Tuna and Tuna-like Species in the North Pacific. The meeting topics are described under the **SUPPLEMENTARY INFORMATION** section of this notice.

DATES: The meeting will be held February 6, 2019, from 9:00 a.m. to 5:00 p.m. PST, and February 7, 2019, from 8:30 a.m. to 12:30 p.m. PST.

ADDRESSES: The meeting will be held concurrently in two locations: (1) In the Pacific Conference Room (Room 300) at NMFS, Southwest Fisheries Science Center, 8901 La Jolla Shores Drive, La Jolla, California 92037; and (2) Room 3400 at the Long Beach Federal Building, 501 W. Ocean Blvd., Long Beach, California 90802. Please notify Celia Barroso (see **FOR FURTHER INFORMATION CONTACT**) by January 30, 2019, if you plan to attend and whether you will be attending in person or remotely. The meetings will also be accessible by webinar—instructions and background materials will be emailed to meeting participants.

FOR FURTHER INFORMATION CONTACT: Celia Barroso, West Coast Region, NMFS, at Celia.Barroso@noaa.gov, or at (562) 432-1850.

SUPPLEMENTARY INFORMATION: The International Scientific Committee for Tuna and Tuna-like Species in the North Pacific Ocean (ISC) is hosting the 4th North Pacific Albacore MSE Workshop on March 5-7, 2019, in Yokohama, Japan. MSE is a simulation that allows stakeholders (e.g., industry, managers, scientists) to assess how well different management strategies, such as harvest control rules, meet the objectives of a fishery. The ISC will present the results of the initial North Pacific albacore MSE at the upcoming Workshop. NMFS is hosting a meeting in advance of the Workshop to present the preliminary results of the MSE to U.S. stakeholders. Because ISC meetings are often held abroad, NMFS seeks to engage in discussions on the MSE results with more stakeholders than could possibly travel to the ISC Workshop. NMFS is soliciting participants' input on the preliminary results of the MSE and NMFS representatives attending the ISC workshop can then convey information gathered at the U.S. stakeholder meeting to participants at the ISC Workshop. The manner of public comment during the NMFS-hosted meeting will be at the discretion of the presenters and NMFS staff.

North Pacific Albacore U.S. Stakeholder Meeting Topics

The North Pacific albacore MSE topics will include, but are not limited to, the following:

- (1) An overview of the North Pacific albacore MSE; and
- (2) Discussion of the results of testing the initial management strategies.

Special Accommodations

The meeting location is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Celia Barroso (see **FOR FURTHER INFORMATION CONTACT**) by January 20, 2019.

Authority: 16 U.S.C. 951 *et seq.* and 16 U.S.C. 6901 *et seq.*

Dated: December 17, 2018.

Karen H. Abrams,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
