Agency Information Collection Activities: Form I-751, Revision of a Currently Approved Information Collection; Comment Request

ACTION: 30-Day Notice of Information Collection Under Review: Form I-751, Petition to Remove Conditions on Residence; OMB Control No. 1615-0038.

The Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. The information collection was previously published in the **Federal Register** on June 11, 2009, at 74 FR 27812, allowing for a 60-day public comment period. USCIS did not receive any comments for this information collection.

The purpose of this notice is to allow an additional 30 days for public comments. Comments are encouraged and will be accepted until September 28, 2009. This process is conducted in accordance with 5 CFR 1320.10.

Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the Department of Homeland Security (DHS), and to the Office of Management and Budget (OMB) USCIS Desk Officer. Comments may be submitted to: USCIS, Chief, Regulatory Products Division, Clearance Office, 111 Massachusetts Avenue, Washington, DC 20529-2210. Comments may also be submitted to DHS via facsimile to 202-272-8352 or via e-mail at rfs.regs@dhs.gov, and OMB USCIS Desk Officer via facsimile at 202-395-5806 or via oir_submission@omb.eop.gov.

When submitting comments by e-mail please make sure to add OMB Control Number 1615-0038. Written comments and suggestions from the public and

affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

(1) *Type of Information Collection:* Revision of a currently approved information collection.

(2) *Title of the Form/Collection:* Petition to Remove Conditions on Residence.

(3) *Agency form number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* Form I-751. U.S. Citizenship and Immigration Services (USCIS).

(4) *Affected public who will be asked or required to respond, as well as a brief abstract: Primary: Individuals or Households.* This form will be used by USCIS to verify the petitioner's status and determine whether the conditional resident is eligible to have this or her status removed.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 118,008 responses at 3 hours and 20 minutes (3.333 hours) per response.

(6) *An estimate of the total public burden (in hours) associated with the collection:* 393,321 annual burden hours.

Background

Under a Safe Harbor Agreement, participating landowners voluntarily undertake management activities on their property to enhance, restore, or maintain habitat benefiting species listed under the Act (16 U.S.C. 1531 *et seq.*). Safe Harbor Agreements, and the subsequent enhancement of survival permits that are issued pursuant to section 10(a)(1)(A) of the Act, encourage private and other non-Federal property owners to implement conservation efforts for listed species by assuring property owners that they will not be subjected to increased property use restrictions as a result of their efforts to attract listed species to their property, or to increase the numbers or distribution of listed species already on their property. Application requirements and issuance criteria for enhancement of survival permits through Safe Harbor Agreements are found in 50 CFR 17.22(c) and 17.32(c). These permits allow any necessary future incidental take of covered species above the mutually agreed upon baseline conditions for those species in accordance with the terms and conditions of the permits and accompanying agreements.

This Agreement was developed by members of the California Rangeland Conservation Coalition (CRCC), including the Applicant, the Service, the California Department of Fish and Game, the Natural Resources Conservation Service, the California

Farm Bureau Federation, Environmental Defense Fund, Defenders of Wildlife, and Sustainable Conservation. In addition, the CRCC met with recognized species experts and private cattle ranchers in development of the Agreement. The Agreement is expected to promote the recovery of the Covered Species on non-Federal properties within Butte, Glenn, Tehama, and Shasta Counties. The proposed duration of the Agreement and the associated Enhancement of Survival permit are 50 years.

The Agreement was also prepared in conjunction with the California Department of Fish and Game's Voluntary Local Program, which is roughly equivalent to the Federal Safe Harbor Program. The California Department of Fish and Game will cover a variety of State-listed species through this joint-Agreement.

The proposed Enhancement of Survival permit would authorize the incidental taking of the Covered Species associated with: the restoration, enhancement, and maintenance of suitable habitat for the Covered Species; routine activities associated with rangeland and some agricultural lands management; and the potential future return of any property included in the Agreement to baseline conditions. Under this Agreement, individual landowners (Cooperators) may include their properties by entering into a Cooperative Agreement with the Applicant. Each Cooperative Agreement will specify the restoration and/or enhancement, and management activities to be carried out on that specific property and a timetable for implementing those activities. All Cooperative Agreements will be reviewed by the Service to determine whether the proposed activities will result in a net conservation benefit for the Covered Species and meet all required standards of the Safe Harbor Policy (64 FR 32717). Upon Service approval, the Applicant will issue a Certificate of Inclusion to the Cooperator. Each Certificate of Inclusion will extend the incidental take coverage conferred by the Enhancement of Survival permit to the Cooperator. Certificates of Inclusion will be valid for a period of 10 years and are renewable during the 50-year term of the Enhancement of Survival permit. Specific determinations for which species will be covered under each Cooperative Agreement will be determined by the Service on a case by case basis and will depend on the type of habitat present and the restoration and/or enhancement activities that will be implemented by the Cooperator.
