Animal and Plant Health Inspection Service

Title: Stakeholder/Customer Satisfaction Survey.

OMB Control Number: 0579-NEW.

Summary of Collection: In 2003, the Plant Health Program (PHP) unit, Plant Protection and Quarantine, Animal and Plant Health Inspection Service (APHIS), obtained from the International Organization of Standardization (ISO, nongovernmental worldwide network of national standards institutes) certification in the ISO 9001:2008 standard for its permit services. To meet the ISO 9001:2008 standards, an organization must demonstrate its ability to consistently provide a product that meets customer quality requirements and applicable regulatory requirements, while aiming to enhance customer satisfaction through effective application of the system, including processes for continual improvement of its performance. In order to remain in compliance with Clause 8.2.1 (Customer Satisfaction) of the ISO 9001:2008 standard, PHP must measure the performance of its quality management system by monitoring information related to customer perception in relationship to customer requirements. PHP has determined that the best method for obtaining this information is through the use of stakeholder/customer satisfaction surveys.

Need and Use of the Information: PHP will collect information from the survey to solicit stakeholder and customer feedback with regards to their satisfaction with the regulatory services of Permit Services, Pest Permit Evaluations, and National Identification Services, which is a compliance requirement of the ISO 9001:2008 standard. Without the information it would seriously affect APHIS' ability to remain in compliance with the ISO 9001:2008 international standards.

Description of Respondents: Business or other for-profit.

Number of Respondents: 500.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 80.

Departmental Information Collection Clearance Officer.
