

Comment date: November 30, 2000, in accordance with Standard Paragraph E at the end of this notice.

Standard Paragraphs:

E. Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of these filings are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Linwood A. Watson, Jr.,

Acting Secretary.

[Project No. 2016-044 Washington]

City of Tacoma; Notice of Intent To Prepare Environmental Impact Statement

November 16, 2000.

On December 27, 1999, the City of Tacoma (Tacoma) filed an application for a new license for the continued operation of the 462-megawatt Cowlitz River Hydroelectric Project (FERC No. 2016-044). On September 11, 2000, Tacoma filed an Offer of Settlement for the new license. The project is located on the Cowlitz River in Lewis County, Washington. About 5 acres are included within the Gifford Pinchot National Forest and about 59 acres are located on lands owned by the Bureau of Land Management.

In accordance with the National Environmental Policy Act (NEPA) and the Commission's regulations for using the alternative licensing process,¹ Tacoma held public scoping meetings for the Cowlitz River Hydroelectric Project on May 5, 6, and 7, 1998, in

Lacey, Chehalis, and Mossyrock, Washington, respectively.² Commission staff, state, federal and local agencies, tribes, and the public participated in the meetings. These scoping meetings and an open and extensive collaborative relicensing process were used to define the issues and alternatives addressed in Tacoma's Environmental Assessment and Offer of Settlement. In addition, the Commission solicited comments on the license application and the Offer of Settlement by notice of March 15, 2000, and September 19, 2000, respectively.³ Following the public scoping process, the Commission staff determined that licensing the Cowlitz Project could constitute a major federal action significantly affecting the quality of the human environment. Therefore, the staff intends to prepare an Environmental Impact Statement for the project in accordance with the NEPA. The staff's EIS will objectively consider both site-specific and cumulative environmental impacts of the projects and reasonable alternatives, and will include economic and engineering analyses.

A draft EIS will be issued and circulated for review by all interested parties. All comments filed on the draft EIS will be analyzed by the staff and considered in the final EIS. The staff's conclusions and recommendations will then be presented for the consideration of the Commission in reaching its final licensing decision.

This notice informs all interested individuals, organizations, and agencies with environmental expertise and concerns, that: (1) the Commission staff has decided to prepare an EIS; and (2) the scoping conducted on the Cowlitz River Hydroelectrical Project by Tacoma and comments filed with the Commission on the application and the Offer of Settlement still apply and will be taken into account in the EIS.

Any questions regarding this notice may be directed to David Turner at (202) 219-2844.

Linwood A. Watson, Jr.,

Acting Secretary.

BILLING CODE 6717-01-M

² 63 FR 19,274 (April 17, 1998).

³ At the request of the parties to the settlement, the deadline for filing comments on the application was extended twice by notices of March 10, 2000, and July 12, 2000.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Notice of Application Accepted for Filing and Soliciting Motions to Intervene, Protests, and Comments

November 16, 2000.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. *Type of Application:* Preliminary Permit.

b. *Project No.:* 11863-000

c. *Dated filed:* October 31, 2000.

d. *Applicant:* The Marseilles Land & Water Company.

e. *Name of Project:* Marseilles Project.

f. *Location:* On Illinois River, in LaSalle County, Illinois. Uses U.S. Army Corps of Engineers Marseilles Dam.

g. *Filed Pursuant to:* Federal Power Act, 16 USC 791(a)-825(r).

h. *Applicant Contact:* Mr. Lee Mueller, The Marseilles Land & Water Company, 229 S. Main Street, Marseilles, IL 61341, (815) 795-2722.

i. *FERC Contact:* Robert Bell, (202) 219-2806.

j. *Deadline for filing motions to intervene, protests and comments:* 60 days from the issuance date of this notice.

All documents (original and eight copies) should be filed with: David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, D.C. 20426. Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi.doorbell.htm>.

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merit of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Project:* The proposed project would utilize the existing Corp of Engineers Marseilles Dam and Reservoir and would consist of: (1) the two existing intake canals; (2) two existing head races; (3) a proposed powerhouse containing three generating units with a total installed capacity of 8.4 MW; (4) a proposed 400-foot-long, 4.16 kV transmission line; and (5) appurtenant facilities

¹ 81 FERC ¶11,103 (1997).

The project would have an annual generation of 60 GWh that would be sold to a local utility.

1. A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 208-1371. The application may be viewed on <http://www.ferc.fed.us/online/rims.htm> (call (202) 208-2222 for assistance). A copy is also available for inspection and reproduction at the address in item h above.

Preliminary Permit—Anyone desiring a file a competing application for preliminary permit for a proposed project must submit the competing application itself, or a notice of intent to file an application, to the Commission on or before the specified comment date for the particular application (see 18 CFR 4.36). Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 30 days after the specified comment date for the particular application. A competing preliminary permit application must conform with 18 CFR 4.30(b) and 4.36.

Preliminary Permit—Any qualified development applicant desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application. Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.30(b) and 4.36.

Notice of intent—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

Proposed Scope of Studies under Permit—A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental

impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "NOTICE OF INTENT TO FILE COMPETING APPLICATION", "COMPETING APPLICATION", "PROTEST", "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. An additional copy must be sent to Director, Division of Hydropower Administration and Compliance, Federal Energy Regulatory Commission, at the above-mentioned address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Linwood A. Watson, Jr.,

Acting Secretary.

BILLING CODE 6717-01-M

ENVIRONMENTAL PROTECTION AGENCY

[FRL-6906-1]

Agency Information Collection Activities: Proposed Collection; Comment Request; Evaluations of Project XL Innovations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit the following proposed Information Collection Request (ICR) to the Office of Management and Budget (OMB): Evaluations of Project XL Innovations (EPA ICR No. 1993.01). Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before January 22, 2001.

ADDRESSES: The public may contact Mr. Eric Marsh in EPA's Office of Environmental Policy Innovation for a paper copy of the ICR (free of charge) or may download a copy of the ICR from the Internet at <http://www.epa.gov/ProjectXL/>. Mr. Marsh may be reached by mail at the U.S. EPA Office of Environmental Policy Innovation (Mail Code 1802), Ariel Rios Building, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; by telephone at (202) 260-2782, by email at marsh.eric@epa.gov, or by FAX at 202-260-1812.

FOR FURTHER INFORMATION CONTACT: Ms. Katherine Dawes in the Office of Environmental Policy Innovation. Ms. Dawes may be reached by phone at (202) 260-8394, by email at dawes.katherine@epa.gov, or by FAX at 202-260-3125.

SUPPLEMENTARY INFORMATION:

Affected entities: Entities potentially affected by this action include XL project sponsors, XL project stakeholders, state, tribal and local regulatory agencies, select members of the business industry, environmental organizations, industry trade associations, academics, and community members.

Title: Evaluations of Project XL Innovations (EPA ICR No.1993.01).

Abstract: In March 1995, the U.S. Environmental Protection Agency initiated Project XL in response to the challenge to transform the environmental regulatory system to
