[Docket No. CP21–473–000]

**Columbia Gas Transmission, LLC;  
Notice of Request Under Blanket  
Authorization and Establishing  
Intervention and Protest Deadline**

Take notice that on July 16, 2021, Columbia Gas Transmission, LLC (Columbia), 700 Louisiana Street, Suite 1300, Houston, Texas 77002–2700, filed in the above referenced docket a prior notice pursuant to sections 157.205 and 157.213 of the Commission's regulations under the Natural Gas Act (NGA) and its blanket certificate issued in Docket No. CP83–76–000 requesting authorization to construct and operate: (1) Two injection/withdrawal (I/W) wells at its Lucas Storage Field; (2) one I/W well at its Pavonia Storage Field; and (3) related pipeline and appurtenances for each well, all located in Ashland and Richland Counties, Ohio. Columbia states that the new wells are designed to maintain reliability and overall storage field performance. Columbia asserts that there will be no change to either storage field's certificated physical parameters, including total inventory reservoir pressure, reservoir and buffer boundaries, and certificated capacity. Columbia estimates the cost of the project to be approximately \$15 million, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID–19), issued by the President on March 13, 2020. Any questions concerning this application should be directed to David A. Alonzo, Manager, Project Authorizations, Columbia Gas Transmission, LLC, 700 Louisiana

Street, Suite 1300, Houston, Texas 77002–2700, by phone at (832) 320–5477 or by email at [david\\_alonzo@tcenergy.com](mailto:david_alonzo@tcenergy.com).

**Public Participation**

There are three ways to become involved in the Commission's review of this project: You can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on September 21, 2021. How to file protests, motions to intervene, and comments is explained below.

**Protests**

Pursuant to section 157.205 of the Commission's regulations under the NGA,<sup>1</sup> any person<sup>2</sup> or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,<sup>3</sup> and must be submitted by the protest deadline, which is September 21, 2021. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

**Interventions**

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure<sup>4</sup> and the regulations under

the NGA<sup>5</sup> by the intervention deadline for the project, which is September 21, 2021. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to-intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

**Comments**

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before September 21, 2021. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

**How To File Protests, Interventions, and Comments**

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP21–473–000 in your submission. The Commission encourages electronic filing of submissions.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be

(2) You can file a paper copy of your submission. Your submission must reference the Project docket number CP21-473-000.

To mail via USPS, use the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To mail via any other courier, use the following address: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Protests and motions to intervene must be served on the applicant either by mail or email (with a link to the document) at: [david\\_alonzo@tcenergy.com](mailto:david_alonzo@tcenergy.com), 700 Louisiana Street, Suite 1300, Houston, Texas 77002-2700. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

### Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission’s Office of External Affairs, at (866) 208-FERC, or on the FERC website at [www.ferc.gov](http://www.ferc.gov) using the “eLibrary” link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to [www.ferc.gov/docs-filing/esubscription.asp](http://www.ferc.gov/docs-filing/esubscription.asp).

### Clean Air Act Operating Permit Program; Petitions for Objection to State Operating Permit for Sandy Creek Services LLC, Sandy Creek Energy Station, Brazoria County, Texas

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of final order on petition for objection to Clean Air Act title V operating permit.

**SUMMARY:** The Environmental Protection Agency (EPA) Administrator signed an Order dated June 30, 2021, granting a Petition dated January 16, 2018 from the Environmental Integrity Project and Sierra Club. The Petition requested that the EPA object to a Clean Air Act (CAA) title V operating permit issued by the Texas Commission on Environmental Quality (TCEQ) to Sandy Creek Services LLC (Sandy Creek) for its Sandy Creek Energy Station located in McLennan County, Texas.

**ADDRESSES:** The EPA requests that you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view copies of the final Order, the Petition, and other supporting information. Out of an abundance of caution for members of the public and our staff, the EPA Region 6 office is currently closed to the public to reduce the risk of transmitting COVID-19. Please call or email the contact listed below if you need alternative access to the final Order and Petition, which are available electronically at: <https://www.epa.gov/title-v-operating-permits/title-v-petition-database>.

**FOR FURTHER INFORMATION CONTACT:** Aimee Wilson, EPA Region 6 Office, Air Permits Section, (214) 665-7596, [wilson.aimee@epa.gov](mailto:wilson.aimee@epa.gov).

**SUPPLEMENTARY INFORMATION:** The CAA affords EPA a 45-day period to review and object to, as appropriate, operating permits proposed by state permitting authorities under title V of the CAA. Section 505(b)(2) of the CAA authorizes any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of the EPA’s 45-day review period if the EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues

during the comment period or unless the grounds for the issue arose after this period.

The EPA received the Petition from the Environmental Integrity Project and Sierra Club dated January 16, 2018, requesting that the EPA object to the issuance of operating permit no. O3336, issued by TCEQ to the Sandy Creek Energy Station in McLennan County, Texas. The Petition claims the proposed permit failed to incorporate certified permits by rule (PBR) registrations as applicable requirements, and fails to include monitoring, recordkeeping, and reporting requirements that assure compliance with incorporated PBRs.

On June 30, 2021, the EPA Administrator issued an Order granting the Petition. The Order explains the basis for EPA’s decision.

Dated: July 22, 2021.

### Proposed Information Collection Request; Comment Request; National Pollutant Discharge Elimination System Program (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) is planning to submit the “Information Collection Request (ICR) Supporting Statement for The National Pollutant Discharge Elimination System Program (Renewal)” (EPA ICR No. 0229.25, OMB Control No. 2040-0004) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. Before doing so, EPA is soliciting public comments on specific aspects of the proposed information collection as described below. This is a proposed extension of the ICR, which is currently approved through March 31, 2022. An Agency may not conduct or sponsor, and a person is not required to, respond to a collection of information unless it displays a currently valid OMB control number.

**DATES:** Comments must be submitted on or before September 27, 2021.

**ADDRESSES:** Submit your comments, referencing Docket ID No. EPA-HQ-
