

common space they occupy and the duration of such occupation. For instance, in the example in number one above, the supplier's share of the additional levy for building common space could not be split 50/50.

The Space Rental Safe Harbor Can Protect Legitimate Arrangements

We strongly recommend that parties to rental agreements between physicians and suppliers to whom the physicians refer or for which physicians otherwise generate business make every effort to comply with the space rental safe harbor to the anti-kickback statute. (See 42 CFR 1001.952(b), as amended by 64 FR 63518 (November 19, 1999)). When an arrangement meets all of the criteria of a safe harbor, the arrangement is immune from prosecution under the anti-kickback statute. The following are the safe harbor criteria, all of which must be met:

- The agreement is set out in writing and signed by the parties.
- The agreement covers all of the premises rented by the parties for the

term of the agreement and specifies the premises covered by the agreement.

- If the agreement is intended to provide the lessee with access to the premises for periodic intervals of time rather than on a full-time basis for the term of the rental agreement, the rental agreement specifies exactly the schedule of such intervals, their precise length, and the exact rent for such intervals.
- The term of the rental agreement is for not less than one year.
- The aggregate rental charge is set in advance, is consistent with fair market value in arms-length transactions, and is not determined in a manner that takes into account the volume or value of any referrals or business otherwise generated between the parties for which payment may be made in whole or in part under Medicare or a State health care program.
- The aggregate space rented does not exceed that which is reasonably necessary to accomplish the commercially reasonable business purpose of the rental.

Arrangements for office equipment or personal services of physicians' office staff can also be structured to comply with the equipment rental safe harbor and personal services and management contracts safe harbor. (See 42 CFR 1001.952(c) and (d), as amended by 64 FR 63518 (November 19, 1999)). Specific equipment used should be identified and documented and payment limited to the prorated portion of its use. Similarly, any services provided should be documented and payment should be limited to the time actually spent performing such services.
