

consider waiver requests for under this notice.

A. 24 CFR 902.60(d) (Management Operations and Resident Service and Satisfaction Information)

HUD plans to revise the Public Housing Assessment System (PHAS) along the lines of an asset management model, which will result in different scoring and tracking mechanisms than HUD currently utilizes. While the PHAS is mostly rooted in statute (section 6(j) of the Housing Act of 1937 (42 U.S.C. 1437d(j))), there is no statutory requirement that PHAs submit to annual evaluations. Hence, for PHAs that request and show good cause, HUD will waive the requirement to submit a management operations certification, and will also waive the resident satisfaction survey, for a PHA's final year prior to required conversion to project-based budgeting and accounting (*i.e.*, PHAs with fiscal years ending June 30, 2007, September 30, 2007, December 31, 2007, and March 31, 2008). HUD will not waive the independent physical inspection (conducted on all PHAs that score less than 80 on the previous year's inspection) or the requirement to submit a Financial Data Schedule (FDS). For purposes of scoring, HUD may, on a case-by-case basis, consider several alternatives that provide a PHAS score based on all four indicators, including: (1) Carrying over the PHA's entire PHAS score from the previous year, or (2) carrying over only the management assessment and resident satisfaction scores and tabulating new physical condition and financial condition scores.

B. 24 CFR 902.43 (a)(4) (Annual Inspections)

Section 6(f) of the United States Housing Act of 1937 requires PHA annual inspections. Waivers will be considered relating to the conduct of PHA annual inspections in accordance with Uniform Physical Condition Standards (UPCS). A PHA would still be required to conduct annual inspections; however, in accordance with section 6(f), it could perform those inspections in accordance with laws, standards, or state or local codes that the Secretary, upon granting the waiver, determines meet or exceed the UPCS. In requesting a waiver of the UPCS inspection requirement, the PHA must indicate the alternative inspection standards it intends to use and why such alternative standards meet or exceed the UPCS. PHAs are still subject to Real Estate Assessment Center physical inspections using UPCS at the frequency contained in 24 CFR part 902.

C. 24 CFR Part 964 (Tenant Participation)

Part 964 establishes various requirements for PHAs pertaining to tenant (resident) participation. HUD will consider requests for waivers relating to such issues as: the role of jurisdiction-wide resident councils (as these are not mandated by law), PHA roles in resident participation activities, requirements concerning resident council membership, election procedures, and uniform bylaws.

Dated: February 22, 2007.

Paula O. Blunt,

General Deputy Assistant Secretary for Public and Indian Housing.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Receipt of an Application for an Incidental Take Permit for Construction of a Single-Family Residence in Sarasota County, FL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: We, the Fish and Wildlife Service (Service), announce the availability of an incidental take permit (ITP) and Habitat Conservation Plan (HCP). Joseph Pansulla (Applicant) requests an incidental take permit (ITP) pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973 (U.S.C. 1531 *et seq.*), as amended (Act). The Applicant anticipates taking about 0.79 acre of Florida scrub-jay (*Aphelocoma coerulescens*)(scrub-jay) foraging, sheltering, and possibly nesting habitat, incidental to lot preparation for the construction of a single-family residence and supporting infrastructure in Sarasota County, Florida (Project). The destruction of 0.79 acre of foraging and sheltering habitat is expected to result in the take of one family of scrub-jays. The Applicant's Habitat Conservation Plan (HCP) describes the mitigation and minimization measures proposed to address the effects of the Projects to the Florida scrub-jay.

DATES: Written comments on the ITP application and HCP should be sent to the South Florida Ecological Services Office (see **ADDRESSES**) and should be received on or before April 2, 2007.

ADDRESSES: Persons wishing to review the application and HCP may obtain a copy by writing the Service's South Florida Ecological Services Office.

Please reference permit number TE143178-0 in such requests. Documents will also be available for public inspection by appointment during normal business hours at the South Florida Ecological Services Office, 1339 20th Street, Vero Beach, Florida 32960.

FOR FURTHER INFORMATION CONTACT: Ms. Trish Adams, Fish and Wildlife Biologist, South Florida Ecological Services Office, Vero Beach, Florida (see **ADDRESSES**), telephone: 772/562-3909, ext. 232.

SUPPLEMENTARY INFORMATION: If you wish to comment, you may submit comments by any one of several methods. Please reference Pansulla SFL HCP in such requests. You may mail comments to the Service's South Florida Ecological Services Office (see **ADDRESSES**). You may also comment via the Internet to trish_adams@fws.gov. Please also include your name and return address in your internet message. If you do not receive a confirmation from us that we have received your internet message, contact us directly at the telephone number listed under **FOR FURTHER INFORMATION CONTACT**. Finally, you may hand deliver comments to the Service office listed under **ADDRESSES**. Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the administrative record. We will honor such requests to the extent allowable by law. There may also be other circumstances in which we would withhold from the administrative record a respondent's identity, as allowable by law. If you wish us to withhold your name and address, you must state this prominently at the beginning of your comments. We will not, however, consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Residential construction for the Pansulla SFL HCP will take place within Section 15, Township 40, Range 19, Englewood, Sarasota County, Florida, on 1 lot. This lot is within scrub-jay occupied habitat.

The lot encompasses about 1.22 acres, and the footprint of the homes, infrastructure, and landscaping preclude retention on 0.79 acre of scrub-jay habitat on this lot. In order to minimize take on site the Applicant proposes to mitigate for the loss of 0.79

acre of scrub-jay habitat by contributing a total of \$40,000.00 to the Florida Scrub-jay Conservation Fund administered by The Nature Conservancy. The Florida Scrub-jay Conservation Fund is earmarked for use in the conservation and recovery of scrub-jays and may include habitat acquisition, restoration, and/or management.

The Service has determined that the Applicant's proposal, including the proposed mitigation and minimization measures, will individually and cumulatively have a minor or negligible effect on the species covered in the HCP. Therefore, the ITP is a "low-effect" project and qualifies as a categorical exclusion under the National Environmental Policy Act (NEPA), as provided by the Department of the Interior Manual (516 DM 2, Appendix 1 and 516 DM 6, Appendix 1). This preliminary information may be revised based on our review of public comments that we receive in response to this notice. Low-effect HCPs are those involving (1) minor or negligible effects on federally listed or candidate species and their habitats, and (2) minor or negligible effects on other environmental values or resources.

The Service will evaluate the HCP and comments submitted thereon to determine whether the application meets the requirements of section 10(a) of the Act (16 U.S.C. 1531 et seq.). If it is determined that those requirements are met, the ITP will be issued for the incidental take of the Florida scrub-jay. The Service will also evaluate whether issuance of the section 10(a)(1)(B) ITP complies with section 7 of the Act by conducting an intra-Service section 7 consultation. The results of this consultation, in combination with the above findings, will be used in the final analysis to determine whether or not to issue the ITP.

Authority: This notice is provided pursuant to Section 10 of the Endangered Species Act and NEPA regulations (40 CFR 1506.6).

Dated: February 23, 2007.

Paul Souza,

Field Supervisor, South Florida Ecological Services Office.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[ID-400-1210-MD-241A]

Notice of Public Meeting, Coeur d'Alene District Resource Advisory Council Meeting; Idaho

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act (FLPMA) and the Federal Advisory Committee Act of 1972 (FACA), the U.S. Department of the Interior, Bureau of Land Management (BLM) Coeur d'Alene District Resource Advisory Council (RAC) will meet as indicated below.

DATES: April 3, 2007. The meeting will start at 10 a.m. and end no later than 4 p.m. The public comment period will be from 1 p.m. to 1:30 p.m. The meeting will be held at the Idaho Commerce and Labor Career Center office located at 1350 Troy Road in Moscow, Idaho.

FOR FURTHER INFORMATION CONTACT: Stephanie Snook, RAC Coordinator, BLM Coeur d'Alene District, 3815 Schreiber Way, Coeur d'Alene, Idaho 83815 or telephone (208) 769-5004.

SUPPLEMENTARY INFORMATION: The 15-member Council advises the Secretary of the Interior, through the Bureau of Land Management, on a variety of planning and management issues associated with public land management in Idaho. The agenda will include the following topics: Election of Officers, recreation site planning and fee proposal process and recreation subcommittees. Additional topics may be added and will be included in local media announcements. More information is available at http://www.blm.gov/rac/id/id_index.htm.

All meetings are open to the public. The public may present written comments to the Council in advance of or at the meeting. Each formal Council meeting will also have time allocated for receiving public comments. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should contact the BLM as provided above.

Dated: February 23, 2007.

Stephanie Snook,

Acting District Manager.

BILLING CODE 4310-GG-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-922 (Review)]

Automotive Replacement Glass Windshields From China

AGENCY: United States International Trade Commission.

ACTION: Institution of a five-year review concerning the antidumping duty order on automotive replacement glass windshields from China.

SUMMARY: The Commission hereby gives notice that it has instituted a review pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)) (the Act) to determine whether revocation of the antidumping duty order on automotive replacement glass windshields from China would be likely to lead to continuation or recurrence of material injury. Pursuant to section 751(c)(2) of the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission;¹ to be assured of consideration, the deadline for responses is April 20, 2007. Comments on the adequacy of responses may be filed with the Commission by May 14, 2007. For further information concerning the conduct of this review and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

DATES: *Effective Date:* March 1, 2007.

FOR FURTHER INFORMATION CONTACT: Mary Messer (202-205-3193), Office of Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for

¹ No response to this request for information is required if a currently valid Office of Management and Budget (OMB) number is not displayed; the OMB number is 3117-0016/USITC No. 07-5-167, expiration date June 30, 2008. Public reporting burden for the request is estimated to average 10 hours per response. Please send comments regarding the accuracy of this burden estimate to the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436.
