The matching program will begin 30 days after the Federal Register notice has been published or 40 days after the date of OPM's submissions of the letters to Congress and OMB, whichever is later. The matching program will continue for 18 months from the beginning date and may be extended an additional 12 months thereafter. Subsequent matches will run until one of the parties advises the other in writing of its intention to reevaluate, modify and/or terminate the agreement.

SUPPLEMENTARY INFORMATION:

A. General

The Privacy Act (5 U.S.C. 552a), as amended, establishes the conditions under which computer matching involving the Federal government could be performed and adding certain protections for individuals applying for and receiving Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101-508) further amended the Privacy Act regarding protections for such individuals.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State, or local government records. Among other things, it requires Federal agencies involved in computer matching programs to:

- (1) Negotiate written agreements with the other agency for agencies participating in the matching programs;
- (2) Obtain the approval of the match agreement by the Data Integrity Boards (DIB) of the participating Federal agencies;
- (3) Furnish detailed reports about matching programs to Congress and OMB;
- (4) Notify applicants and beneficiaries that their records are subject to matching;
- (5) Verify match findings before reducing, suspending, termination or denying and individual's benefits or payments.

B. OPM Computer Matches Subject to the Privacy Act

We have taken action to ensure that all of OPM's computer matching programs comply with the requirements of the Privacy Act, as amended.

Notice of Computer Matching Program, Office of Personnel Management (OPM) With the Social Security Administration (SSA)

A. Participating Agencies

OPM and SSA

B. Purpose of the Matching Program

The purpose of this agreement is to establish the terms, conditions and safeguards for disclosure of Social Security benefit information to OPM via direct computer link for the administration of certain programs by OPM's Retirement & Benefits. OPM is legally required to offset specific benefits by a percentage of benefits (*i.e.* Disability Annuitants, Children Survivor Annuitants and Spousal Survivor Annuitants) payable under Title II of the Social Security Act. This matching activity will enable OPM to

compute benefits at the correct rate and determine eligibility for these benefits.

C. Authority for Conducting the Matching Program

Section 8461(h) of title 5 of the United States Code.

D. Categories of Records and Individuals Covered by the Match

Under the matching program, OPM will match SSA's disability insurance benefits (DIB) and payment date against OPM's records of retirees receiving a FERS disability annuity. The purpose of the matching program is to identify a person receiving both a FERS disability annuity and a DIB under Section 223 of the Social Security Act, 42 U.S.C. 423, in order to apply OPM offsets. Under FERS, 5 U.S.C. 8452(a)(2)(A), for any month in which an annuitant is entitled to both a FERS disability annuity and to a DIB, the FERS annuity shall be computed as follows: the FERS disability annuity is reduced, for any month during the first year after the individual's FERS disability annuity commences or is restored, by 100% of the individual's assumed Social Security DIB for such month, and, for any month occurring during a period other than the period described above, by 60% of the individual's assumed Social Security DIB for such month. OPM will provide SSA with an extract from the Annuity Master File and from pending claims snapshot records via the File Transfer Management System (FTMS). The extracted file will contain identifying information concerning the child survivor annuitant for whom OPM needs information concerning receipt of SSA child survivor benefits: full name, Social Security Number, date of birth, and type of information requested, as required to extract data from the SSA State Verification and Exchange System Files for Title II records. Each record on the OPM file will be matched to SSA's records to identify FERS child survivor annuitants who are receiving SSA CIBs. The SSA systems of records involved in this CMA are the Enumeration System, 60-0058 and the MBR, 60-0090. OPM's system of records involved in this matching program is designated OPM/Central-1, Civil Service Retirement and Insurance Records. For records from OPM/Central-1, notice was provided by the publication of the system of records in the **Federal Register** at 64 FR 54930 (Oct. 8, 1999), as amended at 65 FR 2772 (May 3, 2000), updated at 72 FR 60041 (October 23, 2007), and amended at 73 FR 15013 (March 20, 2008).

OPM's records of surviving spouses who may be eligible to receive the FERS Supplementary Annuity will be

matched against SSA's mother or father's insurance benefit and/or disabled widow (er)'s insurance benefit records. If the surviving spouse is receiving one of the above e-described Social Security benefits, he or she is not eligible to receive the FERS Supplementary Annuity. FERS, 5 U.S.C. 8442 (f) provides that a survivor who is entitled to a survivor's annuity and who meets certain other statutory requirements shall also be entitled to a Supplementary Annuity. To be eligible to receive a Supplementary Annuity for a given month, the surviving spouse of a deceased FERS annuitant must be eligible for a FERS survivor annuity, be under age 60, be an individual who would be entitled to widow's or widower's insurance benefits under the requirements of sections 202(e) and 402(f), based on the wages and self employment survivor had attained age 60 and otherwise satisfied necessary requirements for widow's or widower's insurance benefits. *See* 5 U.S.C. 8442(f)(4)(B). The individual must not be eligible for Social Security mother's or father's insurance benefits or disabled widow (er)'s insurance benefits based on the deceased annuitant's wages and self-employment income.

E. Privacy Safeguards and Security

The Privacy Act (5 U.S.C. 552a(o)(1)(G)) requires that each matching agreement specify procedures for ensuring the administrative, technical and physical security of the records matched and the results of such programs. All Federal agencies are subject to: the Federal Information Security Management Act of 2002 (FISMA) (44 U.S.C. 3541 *et seq.*); related OMB circulars and memoranda (*e.g.* OMB Circular A-130 and OMB M-06-16); National Institute of Science and Technology (NIST) directives; and the Federal Acquisition Regulations (FAR). These laws, circulars, memoranda, directives, and regulations include requirements for safeguarding Federal information systems and personally identifiable information used in Federal agency business processes, as well as related reporting requirements. OPM and SSA recognize that all laws, circulars, memoranda, directives and regulations relating to the subject of this agreement and published subsequent to the effective date of this agreement must also be implemented if mandated.

FISMA requirements apply to all Federal contractors and organizations or sources that process or use Federal information, or that operate, use, or have access to Federal information systems on behalf of an agency. OPM will be responsible for oversight and

compliance of their contractors and agents. Both OPM and SSA reserve the right to conduct onsite inspection to monitor compliance with FISMA regulations.

F. Inclusive Dates of the Match

The matching program shall become effective upon the signing of the agreement by both parties to the agreement and approval of the agreement by the Data Integrity Boards of the respective agencies, but no sooner than 40 days after notice of the matching program is sent to Congress and the Office of Management and Budget or 30 days after publication of this notice in the **Federal Register**, whichever is later. The matching program will continue for 18 months from the effective date and may be extended for an additional 12 months thereafter, if certain conditions are met.

U.S. Office of Personnel Management.

Director.

I. Introduction

II. Notice of Filing

III. Ordering Paragraphs

I. Introduction

The Postal Service seeks to add a new product, Global Plus 1A, to the competitive product list and, to that end, filed notice, pursuant to 39 CFR 3015.5, announcing that it has entered into two Global Plus 1A contracts.¹ The Postal Service states that the instant contracts are functionally equivalent with one another and to previously submitted Global Plus 1 contracts.² It states further that the instant contracts are supported by Governors' Decision No. 08-8, which establishes prices and classifications not of general applicability for Global Plus Contracts.³

While the Postal Service's filing was not submitted pursuant to 39 CFR 3020.30 *et seq.*, it appears to request the addition of a new product to the competitive product list. Docket No. MC2010-28 is established to consider this as part of the filing.

The Postal Service contemporaneously filed copies of the contracts related to the proposed competitive product classification pursuant to 39 U.S.C. 3632(b)(3) and 39 CFR 3015.5. The two contracts have been assigned Docket Nos. CP2010-67 and CP2010-68, respectively.

The instant contracts. The Postal Service filed the instant contracts pursuant to 39 CFR 3015. The Postal Service states that the instant contracts are the immediate successors to those in Docket Nos. CP2009-46 and CP2009-47 that are scheduled to expire July 31, 2010. Notice at 2-3. The instant contracts are expected to begin August 1, 2010, and expire on the day prior to the day of any changes in the published rates that affect the Qualifying Mail subject to the contracts. *Id.* at 3-4.⁴

The Postal Service filed copies of the contracts, Governors' Decision with attachments, and supporting financial documentation under seal. *Id.* at 3.

⁴ The Postal Service has filed copies of contracts that have not been signed by Postal Service representatives or the mailer. The Commission directs the Postal Service to file executed copies of these contracts as soon as possible.

Additionally, in support of its Notice, the Postal Service filed the following five attachments:

1. Attachment 1—a statement of supporting justification required by 39 CFR 3020.32;

2. Attachments 2A and 2B—a redacted copy of each contract and applicable annexes;

3. Attachments 3A and 3B—a certified statement required by 39 CFR 3015.5(c)(2);

4. Attachment 4—a redacted copy of Governors' Decision No. 08-8, which establishes prices and classifications for Global Plus Contracts, formulas for the prices, analysis and certification of the formulas and certification of the Governors' vote; and

5. Attachment 5—an application for non-public treatment of materials to maintain the contract and supporting documents under seal.

Functional equivalence. The Postal Service asserts that the instant contracts are functionally equivalent both to one another and to the precursor Global Plus 1 contracts in that they share similar cost and market characteristics. *Id.* at 4. It contends as a result the instant contracts should be grouped together as a single product. *Id.*

The Postal Service addresses similarities between the instant contracts and their predecessors, *e.g.*, that the customers are the same and the fundamental terms and conditions of the contracts remain essentially unchanged. *Id.* at 5. In addition, the Postal Service identifies what it characterizes as material changes in the contracts, *e.g.*, term, price incentives, and minimum weight. The Postal Service asserts that the differences do not affect either the service provided or the structure of the contracts. *Id.* at 5-7.

Baseline treatment. The Postal Service states that each of the instant contracts takes the place of its immediate predecessor which served as the baseline contracts for the Global Plus 1 Contracts product.⁵ It requests that the instant contracts be considered "the new 'baseline' agreements for consideration of future such agreements functional equivalency." *Id.* at 9.

Filing under part 3020. In support of its filing, the Postal Service submitted, as Attachment 1, a Statement of Supporting Justification. The Postal Service asserts that analysis under 39
