**Proposed Foreign-Trade Zone—  
Roswell, New Mexico, Application and  
Public Hearing**

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the City of Roswell, New Mexico, to establish a general-purpose foreign-trade zone in Roswell, New Mexico. The applicant has submitted an application to the U.S. Customs Service to have the Roswell Industrial Air Center designated as a Customs user fee airport. The FTZ application was submitted pursuant to the provisions of the FTZ Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 5, 2002. The applicant is authorized to make the proposal under Section 3-18-29, New Mexico Statutes Annotated, 1978.

The proposed zone (524 acres) would be located at the 4,600-acre Roswell Industrial Air Center (RIAC), six miles south of the City of Roswell, at the intersection of S. Main Street and Hobson Road. RIAC is a former military base (Walker Air Force Base) that has been converted to a commercial airport/industrial park complex. The facility is owned by the City, which will administer the zone project.

The application indicates a need for zone services in the southeastern New Mexico region. Several firms have indicated an interest in using zone procedures for such items as fiberglass products, tree ornaments, fasteners and aircraft parts. Specific manufacturing approvals are not being sought at this time. Requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to report to the Board.

As part of the investigation, the Commerce examiner will hold a public hearing on March 14, 2002, at 9 a.m., at the Roswell City Council Chambers (Top Floor), 425 North Richardson, Roswell, New Mexico 88201.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

#### Scope of Order

For purposes of this order, the product covered is all low enriched uranium (LEU). LEU is enriched uranium hexafluoride (UF<sub>6</sub>) with a U<sup>235</sup> product assay of less than 20 percent that has not been converted into another chemical form, such as UO<sub>2</sub>, or fabricated into nuclear fuel assemblies, regardless of the means by which the LEU is produced (including LEU produced through the down-blending of highly enriched uranium).

Certain merchandise is outside the scope of this order. Specifically, this order does not cover enriched uranium hexafluoride with a U<sup>235</sup> assay of 20 percent or greater, also known as highly enriched uranium. In addition, fabricated LEU is not covered by the scope of this order. For purposes of this order, fabricated uranium is defined as enriched uranium dioxide (UO<sub>2</sub>),

whether or not contained in nuclear fuel rods or assemblies. Natural uranium concentrates (U<sub>3</sub>O<sub>8</sub>) with a U<sup>235</sup> concentration of no greater than 0.711 percent and natural uranium concentrates converted into uranium hexafluoride with a U<sup>235</sup> concentration of no greater than 0.711 percent are not covered by the scope of this order.

Also excluded from this order is LEU owned by a foreign utility end-user and imported into the United States by or for such end-user solely for purposes of conversion by a U.S. fabricator into uranium dioxide (UO<sub>2</sub>) and/or fabrication into fuel assemblies so long as the uranium dioxide and/or fuel assemblies deemed to incorporate such imported LEU (i) remain in the possession and control of the U.S. fabricator, the foreign end-user, or their designed transporter(s) while in U.S. customs territory, and (ii) are re-exported within eighteen (18) months of entry of the LEU for consumption by the end-user in a nuclear reactor outside the United States. Such entries must be accompanied by the certifications of the importer and end user.

The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 2844.20.0020. Subject merchandise may also enter under 2844.20.0030, 2844.20.0050, and 2844.40.00. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.
