

claims for exemptions are still pending, will be revised.

e. Internal references will be corrected.

These regulations are being published as a direct final rule because the amendments do not impose any requirements on any member of the public. These amendments are the most efficient means for the Joint Board to implement its internal requirements for complying with the Privacy Act.

Accordingly, pursuant to 5 U.S.C. 553(b)(3)(B), the Joint Board finds good cause that prior notice and other public procedures with respect to this rule are unnecessary, and good cause for making this direct final rule effective 90 days after publication in the **Federal Register**.

Pursuant to Executive Order 12866, it has been determined that this direct final rule is not a significant regulatory action, and therefore, does not require a regulatory impact analysis.

Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act, 5 U.S.C. 601–612, do not apply.
