

forth standards for the formation and use of Advisory Committees.

The ACIMM advises the Secretary of Health and Human Services (Secretary) on department activities, partnerships, policies, and programs directed at reducing infant mortality, maternal mortality and severe maternal morbidity, and improving the health status of infants and women before, during, and after pregnancy. The Committee provides advice on how to coordinate federal, state, local, tribal, and territorial governmental efforts designed to improve infant mortality, related adverse birth outcomes, maternal health, as well as influence similar efforts in the private and voluntary sectors. The Committee provides guidance and recommendations on the policies, programs, and resources required to address the disparities and inequities in infant mortality, related adverse birth outcomes and maternal health outcomes, including maternal mortality and severe maternal morbidity. With its focus on underlying causes of the disparities and inequities seen in birth outcomes for women and infants, the Committee advises the Secretary on the health, social, economic, and environmental factors contributing to the inequities and proposes structural, policy, and/or systems level changes.

The agenda for the December 7, 2022, meeting is being finalized and may include the following topics: a review of draft recommendations for the Secretary on improving birth outcomes among American Indian and Alaska Native mothers and infants and a vote on whether to send them forward; discussion to determine new and continuing priority areas for the Committee; and Committee operations. Agenda items are subject to change as priorities dictate. Refer to the ACIMM website listed above for any updated information concerning the meeting.

Members of the public will have the opportunity to provide written or oral comments. Requests to submit a written statement or make oral comments to ACIMM should be sent to Vanessa Lee, using the email address above at least 3

business days prior to the meeting. Public participants may submit written statements in advance of the scheduled meeting by emailing SACIM@hhsa.gov. Oral comments will be honored in the order they are requested and may be limited as time allows.

Abstract: The Office for Civil Rights is seeking a revision on an approval for a 3-year clearance on a previous collection. Individuals may file written or electronic complaints with the Office for Civil Rights when they believe they have been discriminated against by programs or entities that receive Federal financial assistance from the Health and Human Service or if they believe that their right to the privacy of protected health information freedom has been violated. Annual Number of Respondents frequency of submission is record keeping and reporting on occasion.

Title of the Collection: Assurance of Compliance, Form HHS–690.

OMB No. 0945–0008.

Abstract: This Information Collection Request is to continue the previously approved collection 0945–0008 that is expiring in December 2022, titled: Assurance of Compliance, Form HHS–690, subject to minor modifications. Such an assurance is required by the federal civil rights laws enforced by the Office for Civil Rights, as described herein. One method that the federal government uses to ensure civil rights compliance is to require covered entities to submit written assurances of compliance when applying for federal financial assistance. The assurances alert covered entities of their civil rights obligations and provide the Department with a valuable enforcement tool, as a recipient's written assurance and certification documents can provide an independent contractual basis for enforcement of nondiscrimination requirements.
