

this technical amendment. In 33 CFR 105.257(b)(2), the word “facility” was mistakenly changed to “vessel.” Additionally, the acronym “FSO” was mistakenly changed to “VSO.” The intended edit of § 105.257(b)(2) was only to delete an extra space from the parenthetical listing the Coast Guard’s Homeport Web site—no other edits were to be made. This rule restores use of the words “facility” and “FSO” to the affected paragraph.

POSTAL SERVICE

39 CFR Part 111

Collect on Delivery (COD)—Service Features

AGENCY: Postal Service™.

ACTION: Final rule.

SUMMARY: The Postal Service will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 503.13, 507.4 and 508.1 to provide new standards for the automatic holding period for Collect on Delivery (COD) articles, expand the acceptable payment methods for COD articles, and provide current options for the redirecting of COD articles.

DATES: Effective date: July 28, 2013.

FOR FURTHER INFORMATION CONTACT:

Grace Letto at 202–268–2282, or Suzanne Newman at 202–268–5581.

SUPPLEMENTARY INFORMATION: The Postal Service published a notice of proposed rulemaking on May 31, 2013 (78 FR 32612–32613) (available at www.gpo.gov), which included a 30-day comment period. Since no comments or objections to the proposed rule were received, the Postal Service will adopt the proposed changes to Collect on Delivery (COD) service features.

Summary of Changes To Be Implemented

The Postal Service will revise the DMM in various sections to redesign some of the features of COD service. In response to mailer's requests for the expedited return of their articles when COD shipments are unclaimed by the addressee, this revision will modify the holding period for COD articles from the current 30-day maximum to a maximum of 10 days.

Additionally, these revisions will retire the current manual PS Form 3849–D, *Notice to Sender of Undelivered COD Mail*. The primary function served by PS Form 3849–D can be provided by USPS Package Intercept® service, which allows mailers the option to redirect COD articles to a new address, to a designated Post Office™ for Hold For Pickup service, or back to the sender. Unlike PS Form 3849–D, which entails sending of a notification to the mailer by mail and requiring the mailer to then send written instructions back to the Postmaster, which may take more than 10 days to complete, Package Intercept service provides mailers with an immediate avenue to request a COD article be redirected to a new address. Since items subject to Package Intercept requests are also held for a 10-day period, this option aligns with the proposed new holding period for COD articles. However, the ability for a mailer, after mailing, to adjust the COD amount to be collected will be eliminated when the Form 3849–D is retired. The USPS® will continue to return COD articles to the mailer at the end of the holding period if no other applicable request is received; and to return COD articles addressed to an addressee who moved and left no forwarding address.

Additionally, payment options for COD articles will be expanded to allow money orders made payable to the mailer as an additional acceptable payment method for the addressee at the time of delivery. Payment remittance mailpieces will now include unique tracking barcodes affixed by USPS,

allowing further visibility into the COD payment process through mail processing scans captured on the remittance en route to the recipient.

As a result of these revisions, PS Form 3816, *COD form*, will be revised to reflect the changes.
