

16 and 19, 2001, letters provided additional clarifying information which did not change the initial proposed no significant hazards consideration determination or expand the amendment beyond the scope of the original notice (Harrisburg, PA, Patriot News, February 18–20, 2001).

Brief description of amendment: The amendment allows a one-time exception to the system configuration and maintenance requirements in Technical Specification (TS) 3.3.2 related to the nuclear service river water (NR) system at TMI–1, in order to allow an up to 14-day repair of a leaking underground concrete pipe. The requirements of TS 3.3.1.4 to have two NR pumps OPERABLE are unchanged. During the 14-day repair period, the NR pumps flow will be realigned to pass through a portion of the nonseismic secondary services river water system.

Date of issuance: February 23, 2001.

Effective date: As of the date of issuance and shall be implemented within 30 days.

Amendment No.: 229.

AGENCY: Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Public Law 104–13, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget a request for review of a revised information collection. RI 94–7, Death Benefit Payment Rollover Election for Federal Employees Retirement System (FERS), provides FERS surviving spouses and former spouses with the means to elect payment of the FERS rollover-eligible benefits directly or to an Individual Retirement Account.

Comments are particularly invited on: whether this information is necessary for the proper performance of functions of OPM, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

Approximately 700 RI 94–7 forms will be completed annually. We estimate it takes approximately 60 minutes to complete the form. The annual estimated burden is 700 hours.
