H. Consultation With Indian Tribes (E.O. 13175)

The Department of the Interior strives to strengthen its government-to-government relationship with Indian Tribes through a commitment to consultation with Indian Tribes and recognition of their right to self-governance and Tribal sovereignty. We have evaluated this rule under the Department's consultation policy and under the criteria in Executive Order 13175 and have determined that it does not have substantial direct effects on federally recognized Indian Tribes because the Department consulted on substantive requirements of the rule that is in effect, and this rule merely makes minor corrections to that substantive rule.

I. Paperwork Reduction Act

OMB Control No. 1076–0167 currently authorizes the collections of information contained in 25 CFR part 224. This rule does not affect those collections of information.

J. National Environmental Policy Act

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 (NEPA) is not required because this is an administrative and procedural regulation. (For further information see 43 CFR 46.210(i)). We have also determined that the rule does not involve any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA.

K. Effects on the Energy Supply (E.O. 13211)

This rule is not a significant energy action under the definition in Executive Order 13211. A Statement of Energy Effects is not required.

L. Clarity of This Regulation

We are required by Executive Orders 12866 (section 1(b)(12)), and 12988 (section 3(b)(1)(B)), and 13563 (section 1(a)), and by the Presidential Memorandum of June 1, 1998, to write all rules in plain language. This means that each rule we publish must:

- (a) Be logically organized;
- (b) Use the active voice to address readers directly;
- (c) Use common, everyday words and clear language rather than jargon;
- (d) Be divided into short sections and sentences; and

(e) Use lists and tables wherever possible.

If you feel that we have not met these requirements, send us comments by one of the methods listed in the **ADDRESSES** section. To better help us revise the rule, your comments should be as specific as possible. For example, you should tell us the numbers of the sections or paragraphs that you find unclear, which sections or sentences are too long, the sections where you think lists or tables would be useful, etc.

M. Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

N. Determination To Issue an Interim Final Rule With Immediate Effective Date

We are publishing this interim final rule with a request for comment without prior notice and comment, as allowed under 5 U.S.C. 553(b). Under section 553(b) we find that there is good cause to effectuate this rule without prior notice, and comments are unnecessary and would be contrary to the public interest. This rule is necessary to ensure that the regulation is clear in that the Tribe must approve a TEDO application, and correct internal section cross-references.

As allowed under 5 U.S.C. 553(d)(3), the effective date of this rule is the date of publication in the **Federal Register**. Good cause for an immediate effective date exists because the delay in publishing this rule serves no useful purpose as the statute already requires what this interim final rule updates in the regulation and any delay in correcting internal cross-references to sections may cause confusion on the part of potential TEDO applicants. We are requesting comments on this interim final rule. We will review any comments received and, by a future publication in the **Federal Register**, address any comments received.

33 CFR Part 100

[Docket Number USCG–2021–0013]

RIN 1625–AA08

Special Local Regulations; Sector Ohio Valley Annual and Recurring Special Local Regulations, Update

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is amending and updating its special local regulations for recurring marine parades, regattas, and other events that take place in the Coast Guard Sector Ohio Valley area of responsibility

(AOR). This rule informs the public of regularly scheduled events that require additional safety measures through the establishing of a special local regulation. Through this rulemaking the current list of recurring special local regulations is updated with revisions, additional events, and removal of events that no longer take place in Sector Ohio Valley's AOR. When these special local regulations are enforced, certain restrictions are placed on marine traffic in specified areas.

DATES: This rule is effective May 24, 2021.

E.O. Executive order
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Captain of the Port Sector Ohio Valley (COTP) is establishing, amending, and updating its current list of recurring special local regulations codified under 33 CFR 100.801 in Table no. 1, for the COTP Ohio Valley zone.

On February 23, 2021, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Sector Ohio Valley Annual and Recurring Special Local Regulations Update (86 FR 10894). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to those recurring regulated areas. During the comment period that ended March 25, 2021, no comments were received.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable and contrary to the public interest because

immediate action is necessary to respond to the potential safety hazards associated with these marine events.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Coast Guard is amending and updating the special local regulations under 33 CFR part 100 to include the most up to date list of recurring special local regulations for events held on or around navigable waters within the Sector Ohio Valley AOR. These events include marine parades, boat races, swim events, and others. The current list under 33 CFR 100.801 requires amending to provide new information on existing special local regulations, include new special local regulations expected to recur annually or biannually, and to remove special local regulations that are no longer required. Issuing individual regulations for each new special local regulation, amendment, or removal of an existing special local regulation creates unnecessary administrative costs and burdens. This rulemaking reduces administrative overhead and provides the public with notice through publication in the **Federal Register** of the upcoming recurring special local regulations.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published February 23, 2021. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

The Coast Guard expects the economic impact of this rule to be minimal, and therefore a full regulatory evaluation is unnecessary. This rule

establishes special local regulations limiting access to certain areas under 33 CFR 100 within Sector Ohio Valley's AOR. The effect of this rulemaking will not be significant because these special local regulations are limited in scope and duration. Deviation from the special local regulations established through this proposed rulemaking may be requested from the appropriate COTP and requests will be considered on a case-by-case basis. Broadcast Notices to Mariners and Local Notices to Mariners will inform the community of these special local regulations so that they may plan accordingly for these short restrictions on transit. Vessel traffic may request permission from the COTP Ohio Valley or a designated representative to enter the restricted areas.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the regulated area may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's

responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes,

or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023-01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of special local regulations related to marine event permits for marine parades, regattas, and other marine events. It is

categorically excluded from further review under paragraph L(61) of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 1.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

For the reasons discussed in the preamble, the U.S. Coast Guard amends 33 CFR part 100 as follows:

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 73****[MB Docket No. 21–70; RM–11886; DA 21–582; FR ID 28089]****Television Broadcasting Services
Albany, Georgia****AGENCY:** Federal Communications Commission.**ACTION:** Final rule.

SUMMARY: On March 4, 2021, the Media Bureau, Video Division (Bureau) issued a *Notice of Proposed Rulemaking* in response to a petition for rulemaking filed by WFXL Licensee, LLC (Licensee), the licensee of WFXL, channel 12 (FOX), Albany, Georgia, requesting the substitution of channel 29 for channel 12 at Albany in the DTV Table of Allotments. For the reasons set forth in the *Report and Order* referenced below, the Bureau amends FCC regulations to substitute channel 29 for channel 12 at Albany.

DATES: Effective May 24, 2021.**FOR FURTHER INFORMATION CONTACT:** Joyce Bernstein, Media Bureau, at (202) 418–1647 or Joyce.Bernstein@fcc.gov.**SUPPLEMENTARY INFORMATION:** The proposed rule was published at 86 FR 15885 on March 25, 2021. The Licensee filed comments in support of the petition reaffirming its commitment to apply for channel 29. A viewer of WFXL

also filed comments in support of the channel substitution. In support, the Licensee states that the Commission has recognized that VHF channels have certain propagation characteristics which may cause reception issues for some viewers, that the reception of VHF signals requires larger antennas relative to UHF channels, and that WFXL has received numerous complaints from viewers unable to receive the Station's over-the-air signal, despite being able to receive signals from other stations. In addition, the Licensee submitted an analysis, using the Commission's *TVStudy* software analysis program, demonstrating that WFXL will continue to serve all of the population located within the licensed channel 12 contour.

This is a synopsis of the Commission's *Report and Order*, MB Docket No. 21–70; RM–11886; DA 21–582, adopted May 17, 2021, and released May 17, 2021.
