Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel ADELAIDE.

SUMMARY: As authorized by Pub. L. 105–383 and Pub. L. 107–295, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket MARAD–2007–28659 at <http://dms.dot.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders

or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with Pub. L. 105–383 and MARAD's regulations at 46 CFR Part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments.

Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR Part 388.

DATES: Submit comments on or before August 9, 2007.

ADDRESSES: Comments should refer to docket number MARAD–2007–28659. Pipeline Safety: Requests for Waivers of Compliance (Special Permits)

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA); DOT.

ACTION: Notice.

SUMMARY: The Federal pipeline safety laws allow a pipeline operator to request PHMSA to waive compliance with any part of the Federal pipeline safety regulations. We are publishing this notice to provide a list of requests we have received from pipeline operators seeking relief from compliance with certain pipeline safety regulations. This notice seeks public comment on these requests, including comments on any environmental impacts. In addition, this notice reminds the public that we have changed what we call a decision granting such a request to a special permit. At the conclusion of the comment period, PHMSA will evaluate each request individually to determine whether to grant a special permit or deny the request.

DATES: Submit any comments regarding any of these requests for special permit by August 9, 2007.

SUPPLEMENTARY INFORMATION:

Change in Nomenclature

The PHMSA changed the name of a decision we make granting a request for waiver of compliance from "decision granting waiver" to "special permit" to reflect that granting the request will not reduce safety. We commonly add safety conditions to decisions granting waivers to ensure that waiving compliance with an existing pipeline safety standard is consistent with pipeline safety. The change was simply a name change for a decision granting waiver under 49 U.S.C. 60118(c)(1).

Comments Invited on Requests for Waiver

The PHMSA has filed in DOT's Docket Management System (DMS) requests for waiver we have received from pipeline operators seeking relief from compliance with certain pipeline safety regulations. Each request has been assigned a separate docket number in the DMS. We invite interested persons to participate by reviewing these requests and by submitting written comments, data or other views. Please include any comments on environmental impacts granting the requests may have.

Before acting on any request, PHMSA will evaluate all comments received on or before the comment closing date. We will consider comments received after this date if it is possible to do so without incurring additional expense or delay. We may grant or deny these requests based on the comments we receive.

The PHMSA has received the following requests for waivers of compliance with pipeline safety regulations.

Docket No.	Requester	Regulation(s)	Nature of waiver
PHMSA-2007-28019	TPM, Inc	49 CFR 195.410	To authorize the operator to mark the pipeline using the words "Chemical Pipeline" in lieu of "Anhydrous Ammonia Pipeline."
PHMSA-2007-28276	Golden Pass LNG Terminal, L.L.C	49 CFR 193.2301	To authorize the use of automatic ultrasonic testing to inspect liquefied natural gas tank welds.
PHMSA-2007-28458	Dominion Transmission, Inc	49 CFR 192.611	To authorize operation of 6,354 ft of a gas transmission pipeline located one mile east of the Groveport Compressor Station in Fairfield County, Ohio without reducing operating pressure as a result of a change from a Class 2 to a Class 3 location.

Authority: 49 U.S.C. 60118(c)(1) and 49 CFR 1.53.

Issued in Washington, DC on July 3, 2007.

Jeffrey D. Wiese,

Acting Associate Administrator for Pipeline Safety.
