

requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the NOA. The NOA also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting*: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 45 CFR part 75 should you receive funding under the competition. This does not apply if you have an exception under 45 CFR part 75.

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Administrator of the Administration for Community Living. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Administrator of the Administration for Community Living under 45 CFR part 75. All NIDILRR grantees will submit their annual and final reports through NIDILRR's online reporting system and as designated in the terms and conditions of your NOA. The Administrator of the Administration for Community Living may also require more frequent performance reports under 45 CFR part 75. For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) FFATA and FSRS Reporting
The Federal Financial Accountability and Transparency Act (FFATA) requires data entry at the FFATA Subaward Reporting System (<http://www.FSRS.gov>) for all sub-awards and sub-contracts issued for \$25,000 or more as well as addressing executive compensation for both grantee and sub-award organizations.

For further guidance please see the following link: http://www.acl.gov/Funding_Opportunities/Grantee_Info/FFATA.aspx.

If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information. Annual and Final Performance reports will be submitted through NIDILRR's online Performance System and as designated in the terms and conditions of your NOA. At the end of your project period, you must submit

a final performance report, including financial information.

Note: NIDILRR will provide information by letter to successful grantees on how and when to submit the report.

4. *Performance Measures*: To evaluate the overall success of its research program, NIDILRR assesses the quality of its funded projects through a review of grantee performance and accomplishments. Each year, NIDILRR examines a portion of its grantees to determine:

- The number of products (e.g., new or improved tools, methods, discoveries, standards, interventions, programs, or devices developed or tested with NIDILRR funding) that have been judged by expert panels to be of high quality and to advance the field.

- The average number of publications per award based on NIDILRR-funded research and development activities in refereed journals.

- The percentage of new NIDILRR grants that assess the effectiveness of interventions, programs, and devices using rigorous methods.

NIDILRR uses information submitted by grantees as part of their Annual Performance Reports for these reviews.

5. *Continuation Awards*: In making a continuation award, the Administrator of the Administration for Community Living may consider, under 45 CFR part 75, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Administrator also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department. Continuation funding is also subject to availability of funds.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the Information Collection Request Title and document identifier HHS-OS-0990-New-30D for reference.

Information Collection Request Title: Midwest HIV Prevention and Pregnancy Planning Initiative (MHPPPI)

Abstract: HHS Office of the Assistant Secretary for Health (OASH)/Office of Women's Health (OWH) is seeking an approval on a new information collection request by the Office of Management and Budget (OMB), the program office initiatives on the evaluation of the MHPPPI will be conducted by the AIDS Foundation of Chicago's (AFC) internal Research, Evaluation and Data Services (REDS)

department, which specializes in documenting, evaluating and analyzing the process, impact and outcomes of health programs. The evaluation framework for MHPPPI includes process monitoring, impact evaluation, outcome evaluation and dissemination. The impact evaluation will be informed by an initial climate survey of a sample of medical providers within the Midwest to develop a conservative baseline estimate of the counterfactual model. The counterfactual model will postulate what would have happened without the intervention. The impact evaluation will also document and analyze the degree to which services are integrated in medical settings based on change agent surveys administered through participating trainees. The outcome evaluation will assess changes that occurred in each domain as a result of the intervention, including knowledge, attitudes and behaviors related to the specific training

content. The overall evaluation goal is to assess whether or not MHPPPI:

- (1) Increased the knowledge of providers,
- (2) Facilitated the integration of pregnancy planning into the care of HIV-positive women/women with HIV-positive partners, and
- (3) Increased access to innovative HIV prevention options in communities with high HIV prevalence.

Likely Respondents:

- HIV Primary Care Providers
 - Anyone who provides primary HIV care to persons of reproductive age (15–49)
- Reproductive Health Care Providers
 - Anyone who provides reproductive health care to HIV+ persons or HIV- persons with HIV+ partners.
- HIV-positive and HIV-negative women receiving reproductive health care

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
Provider Survey	300	1	15/60	75
Patient Qualitative Interview	20	1	1	20
Provider Qualitative Interview	20	1	1	20
Total	115
