

information obtained from Form MSD filings to The Commission uses the information obtained from Form MSD filings to determine whether bank municipal securities dealers meet the standards for registration set forth in the Exchange Act, to make information about particular bank municipal securities dealers available to customers and members of the public, and to develop risk assessment information about bank municipal securities dealers.

Form MSD is a one-time registration form that must be amended only if it becomes inaccurate. Based upon past submissions of zero initial filings and 14 amendments in 2019, zero initial filings and three amendments in 2020, zero initial filings and one amendment in 2021, and zero initial filings and zero amendments so far in 2022, the Commission estimates that on an annual basis approximately one respondent will use Form MSD for an initial registration application, and that approximately six respondents will utilize Form MSD for an amendment, for a total of seven respondents per year. The time required to complete Form MSD varies with the size and complexity of the bank municipal securities dealer's proposed operations. Bank personnel that prepare Form MSD filings previously indicated that it can take up to 15 hours for a bank with a large operation and many employees to complete the form, but that smaller banks with fewer personnel can complete the form in one to two hours. We believe that most recent applications have come from smaller banks. Also, amendments to form MSD are likely to require significantly less time. We estimate that the total annual burden is currently approximately 11 hours at an average of 1.5 hours per respondent. (7 respondents/year \times 1.5 hours/respondent = 10.5 hours/year rounded up to 11). The staff estimates that the average internal compliance cost per hour is approximately \$406.¹ Therefore, the estimated total annual internal cost of compliance is approximately \$4,263 per year (10.5 hours/year \times \$406/hour = \$4,263/year).

Rule 15Ba2-1 does not contain an explicit recordkeeping requirement, but the rule does require the prompt correction of any information on Form MSD that becomes inaccurate, meaning that bank municipal securities dealers

need to maintain a current copy of Form MSD indefinitely. In addition, the instructions for filing Form MSD state that an exact copy should be retained by the registrant. Providing the information on the application is mandatory in order to register with the Commission as a bank municipal securities dealer. The information contained in the application will not be kept confidential.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-95314; File No. SR-CBOE-2022-015]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change, as Modified by Amendment No. 1, To Amend Rule 10.3 Regarding Margin Requirements

July 19, 2022.

I. Introduction

On March 30, 2022, Cboe Exchange, Inc. ("Exchange" or "Cboe Options") filed with the Securities and Exchange Commission ("Commission") the proposed rule change SR-CBOE-2022-015 ("Proposed Rule Change") pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Exchange Act")¹ and Rule 19b-4² thereunder, to

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

¹ The estimate of \$406 per hour is for a compliance attorney, based on the Securities Industry and Financial Markets Association's Management & Professional Earnings in the Securities Industry 2013, modified by Commission staff to account for an 1,800-hour work-year and inflation, and multiplied by 5.35 to account for bonuses, firm size, employee benefits and overhead.

amend Cboe Rule 10.3 regarding margin requirements that provide margin relief for a cash-settled index option written against a holding in an exchange-traded fund that tracks the same index as the index underlying the index option. On April 13, 2022, the Exchange filed Amendment No. 1 to the Proposed Rule Change.³ The Proposed Rule Change was published for public comment in the **Federal Register** on April 20, 2022.⁴ On June 2, 2022 the Exchange consented to an extension of the time period in which the Commission must approve the Proposed Rule Change, disapprove the Proposed Rule Change, or institute proceedings to determine whether to approve or disapprove the Proposed Rule Change to July 19, 2022. The Commission is publishing this order to institute proceedings pursuant to Section 19(b)(2)(B) of the Exchange Act⁵ to determine whether to approve or disapprove the Proposed Rule Change, as modified by Amendment No. 1.

II. Description of the Proposed Rule Change, as Modified by Amendment No. 1

The Exchange is proposing to amend Rule 10.3 regarding margin requirements. Generally, the Proposed Rule Change would amend Rule 10.3(c)(5)(C)(iii)(b) to update the exception to margin requirements applicable to cash-settled short option positions or warrants on indexes that are offset by positions in an underlying stock basket, non-leveraged index mutual fund, or non-leveraged exchange-traded fund (collectively referred to as “ETFs”) that is based on the same index, as well as move it within Rule 10.3 to Rule 10.3(c)(5)(C)(iv).⁶

The Proposed Rule Change would amend the form of margin required to be held in an account for a short in-the-money index call (put) option if there is a long position in an ETF based on the same index to be the amount by which the value of an ETF is below (above) the aggregate index value. Rather than necessitating the purchase or deposit of additional ETF shares to address a

deficiency in the value of the ETF compared to the aggregate index value (regardless of the amount of the deficiency), the Proposed Rule Change would enable excess maintenance margin equity in a margin account to support the requirement. If excess maintenance margin is insufficient or nonexistent, a deposit of additional margin would be required, which can be in any form (e.g., cash and/or marginable securities) from the account owner in an amount equal to any deficit.

Additionally, the Proposed Rule Change will require no margin when an option is at- or out-of-the-money, regardless of whether the ETF market value is at least equal to the aggregate index value, and eliminates the requirement to mark the price of a long ETF with an index call option written against it at the lower of the ETF’s market value or the index option strike price.⁷

The Proposed Rule Change also makes clarifying, nonsubstantive changes to conform to the language used throughout Rule 10.3.

III. Proceedings To Determine Whether To Approve or Disapprove SR-CBOE-2022-015 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Exchange Act to determine whether the Proposed Rule Change, as modified by Amendment No. 1, should be approved or disapproved.⁸ Institution of proceedings is appropriate at this time in view of the legal and policy issues raised by the Proposed Rule Change, as modified by Amendment No. 1. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to the Proposed Rule Change, as modified by Amendment No. 1.

Pursuant to Section 19(b)(2)(B) of the Exchange Act,⁹ the Commission is providing notice of the grounds for disapproval under consideration. The Commission is instituting proceedings to allow for additional analysis and input concerning whether the Proposed Rule Change, as modified by Amendment No. 1, is consistent with the Exchange Act and the rules thereunder.

IV. Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and

arguments with respect to the issues identified above, as well as any other concerns they may have with the Proposed Rule Change, as modified by Amendment No. 1. In particular, the Commission invites the written views of interested persons concerning whether the Proposed Rule Change, as modified by Amendment No. 1, is consistent with the Exchange Act and the rules thereunder.

Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b-4 any request for an opportunity to make an oral presentation.¹⁰

Interested persons are invited to submit written data, views, and arguments regarding whether the Proposed Rule Change, as modified by Amendment No. 1, should be approved or disapproved by August 9, 2022. Any person who wishes to file a rebuttal to any other person’s submission must file that rebuttal by August 15, 2022.

Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-95320; File No. SR-NYSECHX-2022-18]

Self-Regulatory Organizations; NYSE Chicago, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Current Pilot Program Related to Rule 7.10 (Clearly Erroneous Executions)

July 19, 2022

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 ("Act") ² and Rule 19b-4 thereunder, ³ notice is hereby given that, on July 13, 2022, the NYSE Chicago, Inc. ("NYSE Chicago" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the current pilot program related to Rule 7.10 (Clearly Erroneous Executions) to the close of business on October 20, 2022. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to extend the current pilot program related to Rule 7.10 (Clearly Erroneous Executions) to the close of business on October 20, 2022. The pilot program is currently due to expire on July 20, 2022.

On September 10, 2010, the Commission approved, on a pilot basis, changes to Article 20, Rule 10 that, among other things: (i) provided for uniform treatment of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (ii) reduced the ability of the Exchange to deviate from the objective standards set forth in the rule. ⁴ In 2013, the Exchange adopted a provision designed to address the operation of the Plan. ⁵ Finally, in 2014, the Exchange adopted two additional provisions providing that: (i) a series of transactions in a particular security on one or more trading days may be viewed as one

event if all such transactions were effected based on the same fundamentally incorrect or grossly misinterpreted issuance information resulting in a severe valuation error for all such transactions; and (ii) in the event of any disruption or malfunction in the operation of the electronic communications and trading facilities of an Exchange, another SRO, or responsible single plan processor in connection with the transmittal or receipt of a trading halt, an Officer, acting on his or her own motion, shall nullify any transaction that occurs after a trading halt has been declared by the primary listing market for a security and before such trading halt has officially ended according to the primary listing market. ⁶

These changes were originally scheduled to operate for a pilot period to coincide with the pilot period for the Plan to Address Extraordinary Market Volatility (the "Limit Up-Limit Down Plan" or "LULD Plan"), ⁷ including any extensions to the pilot period for the LULD Plan. ⁸ In April 2019, the Commission approved an amendment to the LULD Plan for it to operate on a permanent, rather than pilot, basis. ⁹ In light of that change, the Exchange amended Article 20, Rule 10 to untie the pilot program's effectiveness from that of the LULD Plan and to extend the pilot's effectiveness to the close of business on October 18, 2019. ¹⁰ After the Commission approved the Exchange's proposal to transition to trading on Pillar, ¹¹ the Exchange amended the corresponding Pillar rule—Rule 7.10—to extend the pilot's effectiveness to the close of business on April 20, 2020, ¹² October 20, 2020, ¹³
