DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Boundary and Annexation Survey

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general

public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on Tuesday, May 18, 2021 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Commerce.

Title: Boundary and Annexation Survey.

OMB Control Number: 0607–0151.

Form Number(s): BAS–1, BAS–2, BAS–3, BAS–5, BAS–6, BASSC–1L, BASSC–3L, BASSC–4L.

Type of Request: Regular submission, Request for a Revision of a Currently Approved Collection.

Number of Respondents: 40,000 governments.

Average Hours per Response: 7.5 hours. This estimate is based on an average of 5 hours for a no change participant and 10 hours for a participant with changes.

Burden Hours: 300,000 hours.

Needs and Uses: The Boundary and Annexation Survey (BAS) provides tribal, state, and local governments an opportunity to review the Census Bureau's legal boundary data to ensure the Census Bureau has the correct boundary, name, and status information. BAS also allows participants to review and provide updates to Census Designated Places (CDPs). BAS fulfills the agency's responsibility as part of the National Spatial Data Infrastructure, for which the Office of Management and Budget (OMB) Circular A–16 designates the Census Bureau as the lead federal agency for maintaining national data about legal government boundaries, as well as statistical and administrative boundaries. BAS supports the spatial data steward responsibilities of the *OMB E-Gov*, *Data.gov*, the National Map, and Geographic Names Information System.

The Census Bureau uses the boundaries collected in BAS to tabulate data for various censuses and surveys including the decennial census, American Community Survey (ACS), and Population Estimates Program (PEP). It also uses the legal boundaries collected through BAS to support several other programs such as Congressional and State Legislative redistricting, the Economic Census, the Geographic Update Population Certification Program, and the Special Census program.

Numerous federal programs also rely on accurate boundaries collected through BAS. The U.S. Geological
