

that they would have been eligible for if accurate data for August 12, 2019 were available and included in the monthly calculation.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change would treat all market participants on the Exchange equally by excluding August 12, 2019 from all tier calculations described in Equity 7, Sections 114 and 118. Moreover, the Exchange believes that the proposed change would enhance competition between competing marketplaces by enabling the Exchange to fairly assess its members fees and to apply credits in light of systems issues that occurred, which are beyond the control of the Exchange.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>9</sup> and Rule 19b-4(f)(6) thereunder.<sup>10</sup>

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act<sup>11</sup> normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)<sup>12</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay. The

Exchange begins the calculation and billing of member fees and credits under Equity 7, Sections 114 and 118 at the close of each month, and an operative delay would disrupt the normal billing process, which may cause expense and potential investor confusion. Therefore, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposal as operative upon filing.<sup>13</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

### **IV. Solicitation of Comments**

#### *Electronic Comments*

Rule 17f-1(g), SEC File No. 270-30, OMB Control No. 3235-0290

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 17f-1(g) (17 CFR 240.17f-1(g)), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Paragraph (g) of Rule 17f-1 requires that all reporting institutions (*i.e.*, every national securities exchange, member

<sup>10</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

thereof, registered securities association, broker, dealer, municipal securities dealer, registered transfer agent, registered clearing agency, participant therein, member of the Federal Reserve System and bank insured by the FDIC) maintain and preserve a number of documents related to their participation in the Lost and Stolen Securities Program ("Program") under Rule 17f-1. The following documents must be kept in an easily accessible place for three years, according to paragraph (g): (1) Copies of all reports of theft or loss (Form X-17F-1A) filed with the Commission's designee; (2) All agreements between reporting institutions regarding registration in the Program or other aspects of Rule 17f-1; and (3) all confirmations or other information received from the Commission or its designee as a result of inquiry.

Reporting institutions utilize these records and reports (a) to report missing, lost, stolen or counterfeit securities to the database, (b) to confirm inquiry of the database, and (c) to demonstrate compliance with Rule 17f-1. The Commission and the reporting institutions' examining authorities utilize these records to monitor the incidence of thefts and losses incurred by reporting institutions and to determine compliance with Rule 17f-1. If such records were not retained by reporting institutions, compliance with Rule 17f-1 could not be monitored effectively.

The Commission estimates that there are approximately 10,018 reporting institutions (respondents) and, on average, each respondent would need to retain 33 records annually, with each retention requiring approximately 1 minute (a total of 33 minutes or 0.5511 hours per respondent per year). Thus, the total estimated annual time burden for all respondents is 5,521 hours (10,018 × 0.5511 hours = 5,521). Assuming an average hourly cost for clerical work of \$50.00, the average total yearly record retention internal cost of compliance for each respondent would be \$27.56 (\$50 × 0.5511 hours). Based on these estimates, the total annual internal compliance cost for the estimated 10,018 reporting institutions would be approximately \$276,096 (10,018 × \$27.56).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to

enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-86837; File No. SR-PEARL-2019-25]

### Self-Regulatory Organizations; MIA X PEARL, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the MIA X PEARL Fee Schedule

August 30, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on August 23, 2019, MIA X PEARL, LLC ("MIA X PEARL" or "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend the MIA X PEARL Fee Schedule (the "Fee Schedule") to modify certain of the Exchange's system connectivity fees.

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

The Exchange previously filed the proposal on June 26, 2019 (SR-PEARL-2019-21). That filing has been withdrawn and replaced with the current filing (SR-PEARL-2019-25).

The text of the proposed rule change is available on the Exchange's website at <http://www.miaoptions.com/rule-filings/pearl> at MIA X PEARL's principal office, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange is refiling its proposal to amend the Fee Schedule regarding connectivity to the Exchange in order to provide greater detail and clarity concerning the Exchange's cost allocation, as it pertains to the Exchange's expenses for network connectivity services. In order to determine the Exchange's costs associated with providing network connectivity services, the Exchange conducted an extensive cost allocation review process in which the Exchange did a line-by-line analysis of the Exchange's general expense ledger to determine which of those expenses relate to the provision of network connectivity services, and, if related, what portion (or allocation) of such expense should be attributed to the cost of providing network connectivity services. The Exchange is now presenting the results of the cost allocation review in a way that corresponds directly with income statement expense line items to provide greater transparency into its actual costs associated with providing network connectivity services. Based on this analysis, the Exchange believes that its proposed fee increases are fair and reasonable because they will permit recovery of less than all of the Exchange's costs for providing
