*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

The Exchange has reevaluated the current amount of the Options Regulatory Fee ("ORF") in light of better than expected trading volume so far in 2014 among other factors. To seek to ensure that revenue collected from the ORF, in combination with other regulatory fees and fines, does not exceed the Exchange's total regulatory costs, the Exchange proposes to reduce the ORF from \$.0095 per contract to \$.0086 per contract. The proposed fee change would be operative on August 1, 2014.

The ORF is assessed by the Exchange to each Trading Permit Holder for all options transactions executed or cleared by the Trading Permit Holder that are cleared by The Options Clearing Corporation ("OCC") in the customer range (i.e., transactions that clear in a customer account at OCC) regardless of the marketplace of execution. In other words, the Exchange imposes the ORF on all customer-range transactions executed by a Trading Permit Holder, even if the transactions do not take place on the Exchange.<sup>3</sup> The ORF also is charged for transactions that are not executed by a Trading Permit Holder but are ultimately cleared by a Trading Permit Holder. In the case where a Trading Permit Holder executes a transaction and a different Trading Permit Holder clears the transaction, the ORF is assessed to the Trading Permit Holder who executed the transaction. In the case where a non-Trading Permit Holder executes a transaction and a Trading Permit Holder clears the transaction, the ORF is assessed to the Trading Permit Holder who clears the transaction. The ORF is collected indirectly from Trading Permit Holders through their clearing firms by OCC on behalf of the Exchange.

The ORF is designed to recover a material portion of the costs to the Exchange of the supervision and regulation of Trading Permit Holder customer options business, including performing routine surveillances, investigations, examinations, financial

monitoring, as well as policy, rulemaking, interpretive and enforcement activities. The Exchange believes that revenue generated from the ORF, when combined with all of the Exchange's other regulatory fees and fines, will cover a material portion, but not all, of the Exchange's regulatory costs. The Exchange notes that its regulatory responsibilities with respect to Trading Permit Holder compliance with options sales practice rules have largely been allocated to FINRA under a 17d-2 agreement. The ORF is not designed to cover the cost of that options sales practice regulation.

The Exchange will continue to monitor the amount of revenue collected from the ORF to ensure that it, in combination with its other regulatory fees and fines, does not exceed the Exchange's total regulatory costs. If the Exchange determines regulatory revenues exceed regulatory costs, the Exchange will adjust the ORF by submitting a fee change filing to the Commission. The Exchange notifies Trading Permit Holders of adjustments to the ORF via regulatory circular.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>4</sup> Specifically, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,<sup>5</sup> which provides that Exchange rules may provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>6</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes the proposed reduction of the ORF is reasonable in that the Exchange is seeking to ensure that revenue collected from the ORF, in combination with other regulatory fees and fines, does not exceed the Exchange's total regulatory costs in light of better than expected trading volume so far in 2014 and other factors. The Exchange believes the ORF is equitable and not unfairly discriminatory in that it is charged to all Trading Permit Holders on all their transactions that

clear in the customer range at the OCC. Moreover, the Exchange believes the ORF ensures fairness by assessing higher fees to those Trading Permit Holders that require more Exchange regulatory services based on the amount of customer options business they conduct. Regulating customer trading activity is much more labor intensive and requires greater expenditure of human and technical resources than regulating non-customer trading activity, which tends to be more automated and less labor-intensive. As a result, the costs associated with administering the customer component of the Exchange's overall regulatory program are materially higher than the costs associated with administering the non-customer component (e.g., Trading Permit Holder proprietary transactions) of its regulatory program.<sup>7</sup>

*B. Self-Regulatory Organization's Statement on Burden on Competition*

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issues. Rather, the proposed rule change is designed to help the Exchange to adequately fund its regulatory activities while seeking to ensure that total regulatory revenues do not exceed total regulatory costs.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange neither solicited nor received comments on the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>8</sup> and paragraph (f) of Rule 19b-4<sup>9</sup> thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the

<sup>3</sup> Exchange rules require each Trading Permit Holder to record the appropriate account origin code on all orders at the time of entry in order to allow the Exchange to properly prioritize and route orders and assess transaction fees pursuant to the rules of the Exchange and report resulting transactions to the OCC. CBOE order origin codes are defined in CBOE Regulatory Circular RG13-038. The Exchange represents that it has surveillances in place to verify that Trading Permit Holders mark orders with the correct account origin code.

[Release No. 34-72584; File No. SR-BX-2014-036]

#### Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Fees and Rebates for Various Options

July 10, 2014.

("BX" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend BX Options Rules, Chapter XV, Section 2 entitled "BX Options Market—Fees and Rebates" to amend fees and rebates for various options.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxbx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set

forth in sections A, B, and C below, of the most significant aspects of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

BX proposes to amend certain rebates and fees in Chapter XV, Section 2(1), Fees for Execution of Contracts on the BX Options Market. Specifically, the Exchange proposes to: (i) Increase the BX Options Fee to Remove Liquidity for BX Options Market Makers as well as Non-Customers in Penny Pilot<sup>3</sup> Options and Non-Penny Pilot Options; and (ii) increase the BX Options Customer Rebate to Remove Liquidity in certain Penny Pilot Options from \$0.32 to \$0.35 per contract, as explained further below.

First, the BX Options Fee to Remove Liquidity for BX Options Market Makers and Non-Customers will increase from \$0.45 per contract to \$0.46 per contract in all Penny Pilot Options. Penny Pilot Options include two categories of options that are part of the Penny Pilot: (i) Certain options that are specified on the Exchange's pricing schedule<sup>4</sup> and (ii) all other Penny Pilot Options. Accordingly, this proposal raises the BX Options Fee to Remove Liquidity for BX Options Market Makers and Non-Customers for all Penny Pilot Options; the fee is currently the same (\$0.45 per contract) and will continue to be the same \$0.46 per contract for all Penny Pilot Options. The Exchange is similarly proposing to increase the Fee for Removing Liquidity for BX Options Market Makers and Non-Customers in Non-Penny Pilot Options from \$0.88 to \$0.89 per contract. Non-Customers
