I. Background

The Office of Workers' Compensation Programs administers the Federal Employees' Compensation Act (5 U.S.C. 8101, *et seq.*), which provides for continuation of pay or compensation for work related injuries or disease that result from federal employment. The information provided is used by OWCP claims examiners to determine whether a claimant has sustained a recurrence of disability related to an accepted injury and, if so, the appropriate benefits payable. This information collection is currently approved for use through August 31, 2017.

* Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
