

Applications for the Rate Reduction Incentive (RRI) must include the following information:

- PHA Name and PHA code;
- Asset Management Project (AMP) number for each AMP included in the proposed RRI;
- A brief description of the action the PHA undertook to reduce the utility rate and supporting documentation;
- An explanation of how the PHA will calculate savings and anticipated savings; and
- Identification of the incentive the PHA will claim, whether it is 50 percent or 100 percent of the actual savings.

HUD uses collected information to determine whether applications meet eligibility requirements and application submission requirements. Applicants provide information about the proposed

contract to enable HUD to evaluate the applicant's response to the criteria for rating the application and approving or disproving the contract.

Annual EPC Measurement and Verification and savings calculation information collected allows HUD to audit program performance accurately. The quality of reported data is critical for ensuring an accurate distribution of the Operating Fund subsidy appropriation. The information collected will allow HUD to accurately audit the program. For the EPC program, Measurement and Verification data will be submitted by the PHA annually in a format of their choice. The report must contain the actual usage amount of each utility under the EPC, the actual unit of measure, the consumption savings, and the cost savings. The PHAs will also be

required to submit their consumption data using a standardized Excel Spreadsheet through the Operating Fund Web Portal, the Energy Savings Calculator. This Calculator is used to ensure the accuracy of the EPC incentives being claimed by the PHA in their annual Operating Subsidy submission.

For the RRI program, PHAs must annually submit documentation on energy cost savings attributed to the reduction in the rate. This data is submitted on an Asset Management Project (AMP basis). For the RRI program, PHAs will submit their data via email using the format of their choice.

Respondents: Public Housing Agencies (PHAs).
