DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Applications and Reports for Registration as an Agent or Tanner

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on January 24, 2024, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: Applications and Reports for Registration as an Agent or Tanner.

OMB Control Number: 0648–0179.

Form Number(s): None.

Type of Request: Regular submission, extension of a current information collection.

Number of Respondents: 25.

Average Hours per Response: 2 hours for an application and 2 hours for a report.

Total Annual Burden Hours: 50 hours.

Needs and Uses: This is a request for extension of an approved information collection. The Marine Mammal Protection Act (MMPA) (16 U.S.C. 1361 *et seq.*) mandates the protection and conservation of marine mammals and makes the taking, killing or serious injury of marine mammals, except under permit or exemption, a violation of the Act. An exemption is provided for Alaskan natives to take marine mammals if the taking is for subsistence or for creating and selling authentic native articles of handicraft and clothing. Possession of marine mammals and marine mammal parts by other than Alaskan natives is therefore prohibited (exception, 50 CFR 216.26: beach found non-Endangered Species Act (ESA) teeth or bones that have been registered with NOAA's National Marine Fisheries Service (NMFS)). As native handicrafts

are allowed by the MMPA to enter interstate commerce, an exemption is also needed to allow non-natives to handle the skins or other marine mammal produce, whether to tan the pinniped hide or to act as an agent for the native to sell his handicraft products. The information is necessary for law enforcement purposes to ensure that only Alaska Indians, Aleuts, or Eskimos are submitting marine mammal hides or parts for tanning.

The information required by 50 CFR 216.23 is of two types. Applications: Information is required to identify the applicant as a tanner/agent in order to preclude prosecution under the MMPA and to determine that he/she has an acceptable record keeping program to accurately account for those marine mammal products received. This information serves as a deterrent for those individuals who might use this registration program for entering prohibited marine mammal products into interstate commerce. Reports: Information is also needed annually to evaluate the agent/tanner's activities during the year, and his/her procedures for bookkeeping and yearly inventory to assure NMFS, the Marine Mammal Commission, and the general public that prohibited marine mammal products were not being transshipped through registered agents.

The reporting requirements are: report in writing to the Assistant Administrator for Fisheries, NMFS, any changes in the facts stated in Registrant's applications for this Certificate of Registration within 30 days of such change; maintain current records of each transaction authorized stating the marine mammals or marine mammal parts or products involved, from whom received, any processing accomplished, to whom returned, and the date of each such transaction. These records shall be kept separate and apart from other records maintained in the ordinary course of business and shall be retrained for not less than three years; and annually, during the month of January, send certified copies of such records (annual report) to the Assistant Administrator for Fisheries.

Affected Public: Business or other for-profit organizations; state, local or tribal governments.

Frequency: Annually and on occasion.

Respondent's Obligation: Mandatory.

Legal Authority: U.S. Code: 16 U.S.C. 1361; Marine Mammal Protection Act.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.
