Availability of Additional Information

Additional information about the project is available from the Commission's Office of External Affairs, at 1-866-208 FERC (3372) or on the FERC Internet Web site (<http://www.ferc.gov>). Using the "FERRIS" link, select "General Search" from the FERRIS menu, enter the selected date range and "Docket Number" (i.e., PF03-4-000), and follow the instructions. Searches may also be done using the phrase "Weaver's Cove" in the "Text Search" field. For assistance with access to FERRIS, the helpline can be reached at 1-866-208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The FERRIS link on the FERC Internet Web site also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

In addition, the Commission now offers a free service called eSubscription that allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. To register for this service, go to <http://www.ferc.gov/esubscribenow.htm>.

Finally, Weaver's Cove is in the process of establishing an Internet Web site for this project at <http://www.weaverscoveenergy.com>. The Web site will be available by July 31, 2003 and will include a description of the project, an overview map of the terminal site and pipeline routes, and a link for the public to submit comments on the project. Weaver's Cove will continue to update its Web site with information

about the project, and will always accept comments.
