

FEDERAL COMMUNICATIONS COMMISSION**47 CFR Part 73**

[FRS 16933; DA 20–719]

Radio Broadcasting Services; Various Locations**AGENCY:** Federal Communications Commission.**ACTION:** Final rule.

SUMMARY: This document amends the FM Table of Allotments, of the Commission's rules, by reinstating certain vacant FM allotments. These FM allotments are considered vacant because of the cancellation of the associated authorizations and licenses, or the dismissal of long-form auction applications. These vacant FM allotments have previously undergone notice and comment rule making. Reinstatement of the vacant allotments is merely a ministerial action to effectuate licensing procedures. Therefore, we find for good cause that further notice and comment are unnecessary.

DATES: Effective August 10, 2020.

FOR FURTHER INFORMATION CONTACT: Rolanda F. Smith, Media Bureau, (202) 418–2700.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's *Order*, adopted July 10, 2020 and released July 10, 2020. The full text of this Commission decision is available online at <http://apps.fcc.gov/ecfs/>. This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104–13. The Commission will not send a copy of the *Order* in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, see 5 U.S.C. 801(a)(1)(A) because the *Order* is a ministerial action.

List of Subjects in 47 CFR Part 73

Radio, Radio broadcasting.

Federal Communications Commission.

Nazifa Sawez,

Assistant Chief, Audio Division, Media Bureau.

For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 73 as follows:

PART 73—RADIO BROADCAST SERVICES

■ 1. The authority citation for part 73 continues to read as follows:

Authority: 47 U.S.C. 154, 155, 301, 303, 307, 309, 310, 334, 336, 339.

■ 2. In § 73.202 in paragraph (b) amend Table 1 by:

■ a. Under California adding, in alphabetical order, “Avenal, Channel 269A,” “Coalinga, Channel 261B,” “Dos Palos, Channel 240A,” “Firebaugh, Channel 234A,” “Ford City, Channel 271A,” “King City, Channel 275A,” and “Lindsay, Channel 277B1”;

■ b. Under Colorado adding, in alphabetical order, “Calhan, Channel 284C3,” and “Idalia, Channel 231A”;

■ c. Under Iowa revising the entry for “Asbury”;

■ e. Under Texas adding, in alphabetical order, “Hereford, Channel 278C2,” and “Palacios, Channel 259C1”;

■ f. Under Virgin Islands adding, in alphabetical order, “Charlotte Amalie, Channel *275A”.

§ 73.202 Table of Allotments.

BILLING CODE 6712–01–P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****50 CFR Part 635**

[Docket No. 180117042–8884–02; RTID 0648–XA316]

Atlantic Highly Migratory Species; Atlantic Bluefin Tuna Fisheries

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS closes the Harpoon category fishery for large medium and giant (*i.e.*, measuring 73 inches (185 cm) curved fork length or greater) Atlantic bluefin tuna (BFT) through the end of the 2020 Harpoon category fishing season. Current regulations provide that the 2021 Harpoon category season begins June 1, 2021. The intent of this closure is to prevent further overharvest of the available Harpoon category BFT quota of 76 metric tons (mt).

DATES: Effective 11:30 p.m., local time, August 5, 2020, through November 15, 2020.

FOR FURTHER INFORMATION CONTACT: Sarah McLaughlin, 978–281–9260, Nicholas Velseboer, 978–675–2168, or Larry Redd, 301–420–8503.

SUPPLEMENTARY INFORMATION: Regulations implemented under the authority of the Atlantic Tunas Convention Act (ATCA; 16 U.S.C. 971 *et seq.*) and the Magnuson-Stevens Fishery Conservation and Management Act

(Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*) governing the harvest of BFT by persons and vessels subject to U.S. jurisdiction are found at 50 CFR part 635. Section 635.27 subdivides the U.S. BFT quota recommended by the International Commission for the Conservation of Atlantic Tunas (ICCAT) among the various domestic fishing categories, per the allocations established in the 2006 Consolidated Highly Migratory Species Fishery Management Plan (2006 Consolidated HMS FMP) (71 FR 58058, October 2, 2006) and amendments, and in accordance with implementing regulations.

Under § 635.28(a)(1), NMFS files a closure notice with the Office of the Federal Register for publication when a BFT quota is reached or is projected to be reached. Retaining, possessing, or landing BFT under a quota category is prohibited on or after the effective date and time of a closure notice for that category until the opening of the relevant subsequent quota period or until such date as specified.

Harpoon Category Closure

The base quota for the Harpoon category is 46 mt. See § 635.27(a). Effective July 13, 2020, NMFS transferred 30 mt from the Reserve category to the Harpoon category, resulting in an adjusted subquota of 76 mt for the Harpoon category and 113 mt for the Reserve category (85 FR 43148, July 16, 2020).

Based on the best available landings information for the Harpoon category BFT fishery, NMFS has determined that the adjusted Harpoon category quota of 76 mt has been reached and exceeded (*i.e.*, as of August 4, reported landings total approximately 77.4 mt) and that

the Harpoon category fishery should be closed. Therefore, retaining, possessing, or landing large medium or giant BFT by persons aboard vessels permitted in the Atlantic tunas Harpoon category must cease at 11:30 p.m. local time on August 5, 2020. The Harpoon category will reopen automatically on June 1, 2021, for the 2021 fishing season. This action applies to Atlantic tunas Harpoon category (commercial) permitted and is taken consistent with the regulations at § 635.28(a)(1). The intent of this closure is to prevent further overharvest of the available Harpoon category quota.

Monitoring and Reporting

NMFS will continue to monitor the BFT fisheries closely. Dealers are required to submit landing reports within 24 hours of a dealer receiving BFT. Late reporting by dealers compromises NMFS' ability to timely implement actions such as quota and retention limit adjustment, as well as closures, and may result in enforcement actions. Additionally, and separate from the dealer reporting requirement, Harpoon category vessel owners are required to report the catch of all BFT retained or discarded dead within 24 hours of the landing(s) or end of each trip, by accessing hmspermits.noaa.gov, using the HMS Catch Reporting app, or calling (888) 872-8862 (Monday through Friday from 8 a.m. until 4:30 p.m.).

Depending on the level of fishing effort and catch rates of BFT, NMFS may determine that additional adjustments are necessary to ensure available subquotas are not exceeded or to enhance scientific data collection from, and fishing opportunities in, all geographic areas. If needed, subsequent

adjustments will be published in the **Federal Register**. In addition, fishermen may call the Atlantic Tunas Information Line at (978) 281-9260, or access hmspermits.noaa.gov, for updates on quota monitoring and inseason adjustments.

Classification

NMFS issues this action pursuant to section 305(d) of the Magnuson-Stevens Act. This action is required by 50 CFR part 635, which was issued pursuant to section 304(c), and is exempt from review under Executive Order 12866.

The Assistant Administrator for NMFS (AA) finds that pursuant to 5 U.S.C. 553(b)(B), there is good cause to waive prior notice of, and an opportunity for public comment on, for the following reasons: The regulations implementing the 2006 Consolidated HMS FMP and amendments provide for inseason retention limit adjustments to respond to the unpredictable nature of BFT availability on the fishing grounds, the migratory nature of this species, and the regional variations in the BFT fishery. This fishery is currently underway and delaying this action would be contrary to the public interest as it could result in BFT landings exceeding the Harpoon category quota. For all of the above reasons, there is good cause under 5 U.S.C. 553(d) to waive the 30-day delay in effectiveness.

Authority: 16 U.S.C. 971 *et seq.* and 1801 *et seq.*

Dated: August 5, 2020.

Jennifer M. Wallace,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
