

Although respondent labor rates have increased since the previous ICR, annual cost estimates have decreased from \$6,072,472 to \$5,851,894, again due to a decrease in the number of special review data call-in notices to be issued.

VII. What is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

BILLING CODE 6560-50-S

ENVIRONMENTAL PROTECTION AGENCY

[OPPT-2004-0081; FRL-7361-5]

TSCA Section 402 and Section 404 Training and Certification, Accreditation and Standards for Lead-Based Paint Activities; Request for Comment on Renewal of Information Collection Activities

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), EPA is seeking public comment and information on the following Information Collection Request (ICR): TSCA Section 402 and Section 404 Training and Certification, Accreditation and Standards for Lead-Based Paint Activities (EPA ICR No. 1715.06, OMB Control No. 2070-0155). This ICR involves a collection activity that is currently approved and scheduled to expire on August 31, 2004. The information collected under this ICR helps EPA protect public health and the environment by ensuring that

individuals conducting activities that prevent, detect, and eliminate hazards associated with lead-based paint in residential facilities are properly trained and certified, that training programs providing instruction in such activities are accredited, and that such activities are conducted according to reliable, effective, and safe work practice standards. The ICR describes the nature of the information collection activity and its expected burden and costs. Before submitting this ICR to the Office of Management and Budget (OMB) for review and approval under the PRA, EPA is soliciting comments on specific aspects of the collection.

DATES: Written comments, identified by the docket ID number OPPT-2004-0081, must be received on or before August 2, 2004.

ADDRESSES: Comments may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit I. of the **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: *For general information contact:* Colby Lintner, Regulatory Coordinator, Environmental Assistance Division (7408M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 554-1404; e-mail address: TSCA-Hotline@epa.gov.

For technical information contact: Doreen Cantor, National Program Chemicals Division (7404T), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (202) 566-0486; fax number: (202) 566-0471; e-mail address: cantor.doreen@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you provide training in lead-based paint activities, are engaged in lead-based paint activities, or are a state agency that administers lead-based paint activities. Potentially affected entities may include, but are not limited to:

- Building, developing, and general contracting (NAICS 233), e.g., single family housing construction, multifamily housing construction, manufacturing and industrial building construction, commercial and institutional building construction.

- Special trade contractors (NAICS 235), e.g., painting and wall covering contractors, drywall, plastering, acoustical, and insulation contractors, carpentry contractors, roofing, siding, and sheet metal contractors, glass and glazing contractors, all other special trade contractors.

- Technical and trade schools (NAICS 6115), e.g., apprenticeship training, other technical and trade schools, all other miscellaneous schools and instruction.

- Public administration (NAICS 92), e.g., administration of human resource programs, administration of environmental quality programs, administration of housing programs, urban planning, and community development.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPPT-2004-0081. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the EPA Docket Center, Rm. B102-Reading Room, EPA West, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The EPA Docket Center Reading Room telephone number is (202) 566-1744 and the telephone number for the OPPT Docket, which is located in EPA Docket Center, is (202) 566-0280.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet

under the “**Federal Register**” listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA’s electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select “search,” then key in the appropriate docket ID number.

Certain types of information will not be placed in the EPA Dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA’s electronic public docket. EPA’s policy is that copyrighted material will not be placed in EPA’s electronic public docket but will be available only in printed, paper form in the official public docket. To the extent feasible, publicly available docket materials will be made available in EPA’s electronic public docket. When a document is selected from the index list in EPA Dockets, the system will identify whether the document is available for viewing in EPA’s electronic public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. EPA intends to work towards providing electronic access to all of the publicly available docket materials through EPA’s electronic public docket.

For public commenters, it is important to note that EPA’s policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EPA’s electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EPA’s electronic public docket. The entire printed comment, including the copyrighted material, will be available in the public docket.

Public comments submitted on computer disks that are mailed or

delivered to the docket will be transferred to EPA’s electronic public docket. Public comments that are mailed or delivered to the docket will be scanned and placed in EPA’s electronic public docket. Where practical, physical objects will be photographed, and the photograph will be placed in EPA’s electronic public docket along with a brief description written by the docket staff.

C. How and to Whom Do I Submit the Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket ID number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked “late.” EPA is not required to consider these late comments. If you wish to submit CBI or information that is otherwise protected by statute, please follow the instructions in Unit I.D. Do not use EPA Dockets or e-mail to submit CBI or information protected by statute.

1. *Electronically.* If you submit an electronic comment as prescribed in this unit, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA’s policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA’s electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA’s electronic public docket to submit comments to EPA electronically is EPA’s preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket/>, and follow the online instructions for submitting comments. Once in the system, select “search,” and then key in docket ID number OPPT–2004–0081.

The system is an “anonymous access” system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by e-mail to oppt.ncic@epa.gov, Attention: Docket ID Number OPPT–2004–0081. In contrast to EPA’s electronic public docket, EPA’s e-mail system is not an “anonymous access” system. If you send an e-mail comment directly to the docket without going through EPA’s electronic public docket, EPA’s e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA’s e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA’s electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in Unit I.C.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By mail.* Send your comments to: Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001.

3. *By hand delivery or courier.* Deliver your comments to: OPPT Document Control Office (DCO) in EPA East Bldg., Rm. 6428, 1201 Constitution Ave., NW., Washington, DC. Attention: Docket ID Number OPPT–2004–0081. The DCO is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 564–8930.

D. How Should I Submit CBI to the Agency?

Do not submit information that you consider to be CBI electronically through EPA’s electronic public docket or by e-mail. You may claim information that you submit to EPA as CBI by marking any part or all of that information as CBI (if you submit CBI on disk or CD ROM, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is CBI). Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

In addition to one complete version of the comment that includes any information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public

docket and EPA's electronic public docket. If you submit the copy that does not contain CBI on disk or CD ROM, mark the outside of the disk or CD ROM clearly that it does not contain CBI. Information not marked as CBI will be included in the public docket and EPA's electronic public docket without prior notice. If you have any questions about CBI or the procedures for claiming CBI, please consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

E. What Should I Consider when I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Provide specific examples to illustrate your concerns.
6. Offer alternative ways to improve the collection activity.
7. Make sure to submit your comments by the deadline in this notice.
8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

F. What Information is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collections of information are necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency's estimates of the burdens of the proposed collections of information.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collections of information on those who are to respond, including through the use of appropriate automated or electronic collection technologies or other forms of information technology, e.g., permitting electronic submission of responses.

II. What Information Collection Activity or ICR Does this Action Apply to?

EPA is seeking comments on the following ICR:

Title: TSCA Section 402 and Section 404 Training and Certification, Accreditation and Standards for Lead-Based Paint Activities.

ICR numbers: EPA ICR No. 1715.06, OMB Control No. 2070-0155.

ICR status: This ICR is currently scheduled to expire on August 31, 2004. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register**, are listed in 40 CFR part 9, and included on the related collection instrument or form, if applicable.

Abstract: This information collection applies to reporting and recordkeeping requirements found in sections 402 and 404 of the Toxic Substances Control Act (TSCA) and applicable regulations at 40 CFR part 745. The purposes of the requirements under TSCA section 402 are to ensure that individuals conducting activities that prevent, detect, and eliminate hazards associated with lead-based paint in residential facilities, particularly those occupied or used by children, are properly trained and certified, that training programs providing instruction in such activities are accredited, and that these activities are conducted according to reliable, effective, and safe work practice standards. The TSCA section 404 regulations include reporting and recordkeeping requirements that apply to states and Indian tribes that seek Federal authorization to administer and enforce state and tribal programs that regulate lead-based paint activities based on the section 402 regulations. The overall goals of the section 402 and section 404 regulations and the reporting and recordkeeping requirements found therein are to ensure the availability of a trained and qualified workforce to identify and address lead-based paint hazards in residences, and to protect the general public from exposure to lead hazards.

Responses to the collection of information are mandatory (see 40 CFR part 745). Respondents may claim all or part of a notice confidential. EPA will disclose information that is covered by a claim of confidentiality only to the extent permitted by, and in accordance with, the procedures in TSCA section 14 and 40 CFR part 2.

III. What are EPA's Burden and Cost Estimates for this ICR?

Under PRA, "burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal Agency. For this collection it includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized in this notice. The annual public burden for this collection of information is estimated to range between 0.4 hours and 79.6 hours per response, depending on the type of respondent. The following is a summary of the estimates taken from the ICR:

Respondents/affected entities: Companies or firms that provide training in lead-based paint activities; companies or firms that are engaged in lead-based paint activities; state agencies that administer lead-based paint activities.

Estimated average annual number of potential respondents: 23,430.

Frequency of response: On occasion.

Estimated total/average number of responses for each respondent: Highly variable, depending upon type of respondent.

Estimated total average annual burden hours: 440,813 hours.

Estimated total average annual burden costs: \$15,648,532.

IV. Are There Changes in the Estimates from the Last Approval?

This request reflects an increase in the total estimated burden of 49,639 hours (from 391,174 hours to 440,813 hours) in the total estimated respondent burden from that currently in the OMB inventory. This change is due to increases in the number of respondents and/or the number of activities or events for which respondents must provide information, which is based on EPA's experience since the approval of the most recent ICR. The increase is an adjustment.

V. What is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

List of Subjects

Environmental protection, Reporting and recordkeeping requirements.

BILLING CODE 6560-50-S

ENVIRONMENTAL PROTECTION AGENCY

[OPPT-2004-0084; FRL-7362-8]

Request for Nominations to the Proposed Endocrine Disruptor Methods Validation Advisory Committee (EDMVAC); Extension of Time

AGENCY: Environmental Protection Agency (EPA).

ACTION: Extension of time; request for nominations.

SUMMARY: In the **Federal Register** of April 26, 2004 (69 FR 22509) (FRL-7352-9), EPA issued a notice inviting nominations of qualified candidates to consider for appointment to the proposed Endocrine Disruptor Methods Validation Advisory Committee (EDMVAC), which is replacing the Endocrine Disruptor Methods Validation Subcommittee (EDMVS) under the National Advisory Council for Environmental Policy and Technology (NACEPT). The purpose of the proposed EDMVAC will be to provide advice and recommendations to EPA on scientific and technical aspects of the Tier I screens and Tier II assays being considered for the Endocrine Disruptor Screening Program (EDSP). The proposed Committee will evaluate relevant scientific issues, protocols, data and interpretations of the data for the assays during the validation process. The proposed EDMVAC will provide

advice on the composition of the Tier I screening battery as well. The Agency is extending the request for nomination time period, due to a low number of submissions of nominations.

DATES: Nominations will now be accepted until 4 p.m. eastern time on June 18, 2004.

ADDRESSES: Nominations may be submitted electronically, by mail, or through hand delivery/courier. Follow the detailed instructions as provided in Unit III. of the **SUPPLEMENTARY INFORMATION**. To protect personal information from disclosure to the public do not submit nominations materials to the EDMVAC Docket or through any online electronic commenting system.

FOR FURTHER INFORMATION CONTACT: *For general information contact:* Colby Lintner, Regulatory Coordinator, Environmental Assistance Division (7404M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 564-1404; e-mail address: TSCA-Hotline@epa.gov.

For technical information contact: Jane Smith, Designated Federal Official, Office of Science Coordination and Policy (7201M), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 564-8476, fax: (202) 564-8283; e-mail address: smith.jane-scott@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Does This Action Apply to Me?

This action is directed to the public in general. You may be interested in the nomination of members to the committee set forth in this notice if you are a member of an environmental/public interest organization, a public health organization, an animal welfare organization, academia or Federal agencies, state, local, or tribal governments. You also may be interested in activities of EPA's EDSP if you produce, manufacture, use, consume, work with, or import pesticides or other chemicals. To determine whether you or your business may have an interest in this notice you should carefully examine section 408(p) of the Federal Food, Drug, and Cosmetic Act (FFDCA), as amended by the Food Quality Protection Act (FQPA) of 1996 (Public Law 104-170), 21 U.S.C. 346a(p) and amendments to the Safe Drinking Water Act (SDWA) (Public Law 104-182), 42 U.S.C. 300j-17. Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected

by this action. If you have any questions regarding this action, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

II. How Can I Get Additional Information, Including Copies of This Document or Other Related Documents?

1. *Electronically.* You may access this **Federal Register** document electronically through the EPA Internet site under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

Information about the former Endocrine Disruptor Methods Validation Subcommittee, the Endocrine Disruptor Screening Program and related programs is available from <http://www.epa.gov/scipoly/oscpendo/>.

EPA has established an official public docket for the proposed EDMVAC under docket identification (ID) number OPPT-2004-0084. The official public docket consists of the documents related to the activities of the committee and any public comments received. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. To protect personal information from disclosure to the public, do not submit nominations materials in response to this Notice to the docket or through any online electronic commenting system. Instead, follow the instructions listed under Unit III.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit II.2. Once in the system, select "search," then key in the appropriate docket ID number.

2. *In person.* The official public docket is the collection of materials that is available for public viewing at the EPA Docket Center, Rm. B102-Reading Room, EPA West, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The EPA Docket Center Reading Room telephone number is (202) 566-1744 and the telephone number for the OPPT Docket, which is located in EPA Docket Center, is (202) 566-0272.
