

may include avoidance, minimization, rectification, reduction or elimination over time, and compensation, and may be considered at multiple scales, including the landscape scale.

The BLM will utilize and coordinate the NEPA and land use planning processes for this planning effort to help support compliance with applicable procedural requirements under the Endangered Species Act (16 U.S.C. 1536) and section 106 of the National Historic Preservation Act (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3), including public involvement requirements of section 106. The information about historic and cultural resources and threatened and endangered species within the area potentially affected by the proposed plan amendment will assist the BLM in identifying and evaluating impacts to such resources.

The BLM will consult with Indian Tribal Nations on a government-to-government basis in accordance with Executive Order 13175, BLM MS 1780, and other Departmental policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration.

Public Land Order No. 7929; Partial Revocation of Public Land Order Nos. 5169, 5173, 5174, 5178, 5179, 5180, 5184, and 5186, as Amended, Modified, and Corrected, and Opening of Additional Lands for Selection by Alaska Native Vietnam-Era Veterans; Alaska

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

SUMMARY: This order partially revokes 8 Public Land Orders (PLOs) insofar as they affect approximately 812,956.96 acres of public lands reserved for study and classification, as appropriate, by the Department of the Interior. This order opens these lands specifically to allow for allotment selection by eligible Alaska Native Vietnam-era Veterans and possible conveyance under the Alaska Native Vietnam-era Veterans Land Allotment Program (Allotment Program) established by the John D. Dingell, Jr. Conservation, Management, and Recreation Act of 2019 (Dingell Act). The Bureau of Land Management (BLM) analyzed partial revocation of these PLOs and opening of the affected lands for allotment selections and possible conveyances in the Alaska Native Vietnam-era Veterans Land Allotment Program Environmental Assessment (Allotment Program EA) and Finding of No Significant Impact (FONSI) signed on April 21, 2022.

DATES: This PLO takes effect on August 9, 2023.

Brittany Templeton, Bureau of Land Management (BLM) Alaska State Office, 222 West Seventh Avenue, Mailstop #13, Anchorage, AK 99513–7504, (907) 271–4214, or btempleton@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point of contact in the United States.

SUPPLEMENTARY INFORMATION: Sec. 17(d)(1) of Alaska Native Claims Settlement Act (ANCSA) states that “the Secretary is authorized to classify or reclassify any public lands [so]

withdrawn and to open such lands to appropriation under the public land laws in accord with [her] classifications.” The BLM prepared the Allotment Program EA to evaluate opening public lands subject to ANCSA section 17(d)(1) withdrawals within the Kobuk-Seward Peninsula, Ring of Fire, Bay, Bering Sea—Western Interior, and East Alaska planning areas to selection of allotments by eligible Alaska Native Vietnam-era Veterans under the Allotment Program. The Allotment Program EA evaluated four alternatives, including a no action alternative as well as three action alternatives that only differed in the number of acres of land to be opened. Alternative B opened approximately 27.8 million acres, Alternative C opened approximately 27 million acres, and Alternative D opened approximately 25.7 million acres. The Allotment Program EA supported a FONSI for one or more Secretarial decisions to open all or some of the lands under consideration to allotment selection under the Allotment Program.

On August 15, 2022, PLO No. 7912 implemented Alternative C as detailed in the Allotment Program EA and FONSI by partially revoking 15 PLOs as they affected 27,142,446 acres of public lands and opening the lands for selection under the Allotment Program. Alternative C is the same as Alternative B in every material aspect with the only difference between the alternatives being that Alternative C opened approximately 800,000 fewer acres of land than Alternative B. This Order has the effect of implementing the remainder of Alternative B as detailed in the Allotment Program EA and FONSI by revoking in part 8 of the 15 PLOs partially revoked by PLO 7912 and opening additional lands to native allotment selection and possible conveyance that were not opened by PLO No. 7912. The analysis completed pursuant to Sec. 810 of the Alaska National Interest Lands Conservation Act included in the Allotment Program EA found no significant restriction on subsistence uses due to this action.

PLO Nos. 5169, 5173, and 5174, as amended, modified, or corrected, withdrew public lands for selection by Village and Regional Corporations under sec. 11(a)(3) of ANCSA, and for classification. PLO No. 5178, as amended, modified, or corrected, withdrew public lands for selection by Regional Corporations under sec. 11(a)(3) of ANCSA. PLO No. 5179, as amended, modified, or corrected, withdrew public lands in aid of legislation concerning addition to, or creation of, units of the National Park, National Forest, Wildlife Refuge, and

Wild and Scenic Rivers systems, and to allow for classification of the lands. PLO No. 5180, as amended, modified, or corrected, withdrew public lands to allow for classification and for the protection of the public interest in these lands. PLO No. 5184, as amended, modified, or corrected, withdrew public lands to allow for classification or reclassification of some of areas withdrawn by Sec. 11 of ANCSA. PLO No. 5186, as amended, modified, or corrected, withdrew public lands for classification and protection of the public interest in lands not selected by the State of Alaska.

Order

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714, and Section 17(d)(1) of the Alaska Native Claims Settlement Act of 1971, 43 U.S.C. 1616(d)(1), it is ordered as follows:

1. Subject to valid existing rights, Public Land Orders No. 5169 (37 FR 5572), 5173 (37 FR 5575), 5174 (37 FR 5576), 5178 (37 FR 5579), 5179 (37 FR 5579), 5180 (37 FR 5583), 5184 (37 FR 5588), and 5186 (37 FR 5589), and any amendments, modifications, or corrections to these Orders, are hereby partially revoked to allow for allotment selection under the Allotment Program, and for no other purposes, insofar as they affect the following described Federal lands in the Kobuk-Seward Peninsula, Ring of Fire, Bay, Bering Sea—Western Interior, and East Alaska planning areas, excepting any lands within 500 feet of the Iditarod National Historic Trail, and any lands within $\frac{1}{4}$ mile of cultural resource sites, including lands applied for by regional corporations pursuant to ANCSA section 14(h)(1) and known cultural resources sites identified in the Allotment Program EA. The exact locations of these sites are withheld to limit the risk of harm to the cultural resource or site where the resource is located. If an applicant is interested in a particular location, they should contact the BLM to ensure that their application does not overlap with areas excluded from this PLO because of known cultural resource sites or the Iditarod National Historic Trail. Subject to these exclusions, the lands to be opened are described as follows:

- The areas described aggregate approximately 479,649.71 acres.
The areas described aggregate a total of approximately 812,956.96 acres.
2. At 8 a.m. Alaska time on September 8, 2023, the lands described in Paragraph 1 shall be open to allotment selection under the Allotment Program, subject to valid existing rights. All valid allotment applications received at or prior to 8 a.m. Alaska time on September 8, 2023, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in accordance with 43 CFR 2569.502.

3. No lands are opened by this order for any purpose other than allotment selection and possible conveyance under the Allotment Program.

4. No lands are opened by this order that are within 500 feet of the Iditarod National Historic Trail, or within ¼ mile of cultural resource sites, including lands applied for by regional corporations pursuant to ANCSA section 14(h)(1) and known cultural resources sites identified in the Allotment Program EA. The exact locations of these sites are withheld to limit the risk of harm to the cultural resource or site where the resource is located. If an applicant is interested in a particular location, they should contact the BLM in order to ensure that their application does not overlap with areas excluded from this PLO as a result of known cultural resource sites or the Iditarod National Historic Trail.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[BLM_CO_FRN_MO4500170078]

Notice of Realty Action: Direct Sale of Public Lands in Montrose County, CO

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) is proposing the non-competitive (direct) sale of a parcel of public lands in Colorado to resolve the inadvertent and unauthorized use of that land. The parcel, located in Montrose County, contains approximately 0.70 acres, and would be sold to Ballantyne Family Limited Partnership.

DATES: Interested parties must submit written comments no later than September 25, 2023.

ADDRESSES: Mail written comments to Suzanne Copping, Field Manager, BLM Uncompahgre Field Office, 2465 South Townsend Avenue, Montrose, CO 81401, or by email to scopping@blm.gov.

FOR FURTHER INFORMATION CONTACT: Jana Moe, Realty Specialist at the BLM Uncompahgre Field Office, telephone: (970) 240–5324, email: jpmoe@blm.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States

should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The sale will be subject to the applicable provisions of sections 203 and 209 of the Federal Land Policy and Management Act of 1976 (FLPMA) and BLM land sale regulations. The appraised fair market value for the parcel is \$2,500. The BLM will consider the direct sale, in accordance with sections 203 and 209 of FLPMA, of the following public lands:

New Mexico Principal Meridian, Colorado

T. 49 N., R. 8 W.,
sec 11, lot 1.

The area described contains 0.70 acres, according to the official plat of survey on file with the BLM.

There is no known mineral value in the parcel, therefore the mineral estate would also be conveyed in accordance with section 209 of FLPMA. The proposed sale is in conformance with the BLM Gunnison Gorge National Conservation Area (GGNCA) Resource Management Plan approved in November 2004, and plan maintenance action approved November 4, 2019. The parcel is located within the GGNCA planning area but is not located within the GGNCA boundary. The BLM prepared a parcel-specific environmental assessment (EA), document number DOI-BLM-CO-S054–2020–0006 EA, in connection with this realty action. It can be viewed online at <https://eplanning.blm.gov/eplanning-ui/project/2000347/510>.

The land is suitable for direct sale under FLPMA without competition, consistent with 43 CFR 2711.3–3(a)(5), because there is a need to resolve an inadvertent and unauthorized use of public lands, which are encumbered by privately owned improvements.

Pursuant to the requirements of 43 CFR 2711.1–2(d), publication of this notice in the **Federal Register** will segregate the land from all forms of appropriation under the public land laws, including the mining laws, except for the sale provisions of FLPMA. Until completion of the sale, the BLM will no longer accept land use applications affecting these public lands. The segregative effect will terminate upon issuance of a patent, publication in the **Federal Register** of a termination of the segregation, or on August 11, 2025, unless extended by the BLM Colorado State Director in accordance with 43 CFR 2711.1–2(d) prior to the termination date.

The patent, if issued, will include the following terms, covenants, conditions, and reservations:

1. A reservation to the United States for ditches and canals constructed by authority of the United States under the Act of August 30, 1890;

2. All valid existing rights issued prior to conveyance;

3. An appropriate indemnification clause protecting the United States from claims arising out of the patentee's use, occupancy, or operations on the patented lands; and

4. Additional terms and conditions that the authorized officer deems appropriate.

The EA, appraisal, maps, and environmental site assessment are available for review (see **FOR FURTHER INFORMATION CONTACT**). Interested parties may submit, in writing, any comments concerning the sale, including notifications of any encumbrances or other claims relating to the parcel, to the address above (see **ADDRESSES**).

The BLM Colorado State Director will review adverse comments regarding the proposed sale and may sustain, vacate, or modify this realty action, in-whole or in-part. In the absence of timely objections, this realty action will become the final determination of the Department of the Interior.

In addition to publication in the **Federal Register**, the BLM will also publish this notice in the Montrose Daily Press newspaper, once a week, for 3 consecutive weeks.

Before including your address, phone number, email address, or other personal identifying information in your comments, the BLM will make your entire comment—including your personal identifying information—publicly available at any time. While you can ask us, in your comment, to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 43 CFR 2711.1–2.

Douglas Vilsack,

BLM Colorado State Director.
