Pursuant to section 3506(c)(2)(A) of the PRA, the EPA is soliciting comments and information to enable it to: (i) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. The EPA will consider the comments received and amend the ICR

as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, the EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: This ICR is for activities related to the implementation of the EPA's Regional Haze Rule (2017 rule revision),¹ for the period between September 30, 2023, and September 30, 2026, and renews the previous ICR. The Regional Haze Rule codified at 40 CFR parts 308 and 309, as authorized by sections 169A and 169B of the Clean Air Act, requires states to develop implementation plans to protect visibility in 156 federally protected Class I areas. Tribes may choose to develop implementation plans. For this period, all 50 states, the District of Columbia, and the U.S. Virgin Islands will be developing and submitting 2nd planning period progress reports pursuant to 40 CFR 51.308(g) and 40 CFR 51.309(d)(10). In accordance with the 2017 rule revision, the progress reports associated with the 2nd planning period are not required to be submitted as SIP revisions. Further, 13 states and the U.S. Virgin Islands will be developing and submitting periodic comprehensive implementation plan revisions for the 2nd planning period to comply with the regulations.

Form Numbers: None.

Respondents/affected entities: Entities potentially affected by this action are state, local and tribal air quality agencies, regional planning organizations and facilities potentially regulated under the Regional Haze Rule.

Respondent's obligation to respond: Mandatory [see 40 CFR 51.308(b), (f) and (g)].

Estimated number of respondents: 52 (total); 52 state agencies.

Frequency of response:

Approximately every 5 years.

Total estimated burden: 14,459 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$850,478.38 (per year). There are no annualized capital or operation & maintenance costs.

Changes in Estimates: There is decrease of 23,796 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease in burden reflects changes in labor rates and changes in the activities conducted due to the normal progression of the program. In the currently approved ICR, the

estimated respondent burden assumed 50 states, the District of Columbia, and the U.S. Virgin Islands would be developing and submitting comprehensive State Implementation Plans (SIPs), which were due by July 31, 2021. In practice, 37 states and the District of Columbia submitted SIPs during the currently approved ICR period. Within the proposed ICR, the estimated respondent burden assumes that all 50 states, the District of Columbia, and the U.S. Virgin Islands will be developing and submitting progress reports by January 31, 2025, while 13 states and the U.S. Virgin Islands will be submitting outstanding periodic comprehensive SIP revisions.

Scott Mathias,

Director, Air Quality Policy Division.

The date and location of a public meeting for the CASAC to discuss its review of this document will be specified in a separate **Federal Register** notice (FRN).
