SUPPLEMENTARY INFORMATION:**I. Abstract**

The USGS will provide funding for the collection of orthoimagery and elevation data. We will accept applications from State, local, or tribal governments; nonprofit, nongovernmental organizations; and academic institutions to advance the development of *The National Map* and other national geospatial databases. This

effort will support our need to supplement ongoing data collection activities to respond to an increasing demand for more accurate and current elevation data and orthoimagery. Respondents will submit applications and project narratives via Grants.gov. Grant recipients must complete quarterly reports and a final technical report at the end of the project period. All application instructions and forms are available on the Internet through Grants.gov (*www.grants.gov*). Hard/paper submissions and electronic copies submitted via email will not be accepted under any circumstances. All reports will be accepted electronically via email.

II. Data

OMB Control Number: 1028–0092.

Title: National Geospatial Program: The National Map.

Type of Request: Extension of a currently approved collection.

Respondent Obligation: Required to obtain or retain a benefit.

Frequency of Collection: Applications are submitted in response to a NOFA; reports are submitted quarterly and at the end of the project period.

Description of Respondents: State, local, and tribal governments; private and non-profit firms; and academic institutions.

Estimated Number of Annual Responses: 175 (75 applications, 80 quarterly reports and 20 final reports).

Estimated Annual Reporting and Recordkeeping “Hour” Burden: 4,980 hours. We expect to receive approximately 75 applications. It will take each applicant approximately 60 hours to complete the narrative and prepare supporting documents. We anticipate awarding 20 grants per year. The award recipients must submit quarterly and final reports during the project. Within 7 days of the beginning of each quarter, a report must be submitted summarizing the previous quarter’s progress. Some of this information is collected on forms. No third party notification or public disclosure burden is associated with this collection.
