

responsiveness to small business. If you wish to comment on actions by employees of FMCSA, call 1–888–REG–FAIR (1–888–734–3247). DOT has a policy regarding the rights of small entities to regulatory enforcement fairness and an explicit policy against retaliation for exercising these rights.

F. Unfunded Mandates Reform Act of 1995

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) (UMRA) requires Federal agencies to assess the effects of their discretionary regulatory actions. The Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of \$206 million (which is the value equivalent of \$100 million in 1995, adjusted for inflation to 2024 levels) or more in any 1 year. Because this proposed rule would not result in such an expenditure, a written statement is not required.

G. Paperwork Reduction Act

This proposed rule contains no new information collection requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

H. E.O. 13132 (Federalism)

A rulemaking has implications for federalism under section 1(a) of E.O. 13132 if it has “substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.”

FMCSA has determined that this proposed rule would not have substantial direct costs on or for States, nor would it limit the policymaking discretion of States. Nothing in this document preempts any State law or regulation. Therefore, this proposed rule does not have sufficient federalism implications to warrant the preparation of a Federalism Impact Statement.

I. Privacy

The Consolidated Appropriations Act, 2005,⁶ requires the Agency to assess the privacy impact of a regulation that will affect the privacy of individuals. This NPRM would not require the collection of personally identifiable information.

The Privacy Act (5 U.S.C. 552a) applies only to Federal agencies and any non-Federal agency that receives records contained in a system of records from a Federal agency for use in a matching program.

The E-Government Act of 2002,⁷ requires Federal agencies to conduct a PIA for new or substantially changed technology that collects, maintains, or disseminates information in an identifiable form. No new or substantially changed technology would collect, maintain, or disseminate information as a result of this rulemaking. Accordingly, FMCSA has not conducted a PIA.

In addition, the Agency will complete a Privacy Threshold Assessment (PTA) to evaluate the risks and effects the proposed rulemaking might have on collecting, storing, and sharing personally identifiable information. The PTA will be submitted to FMCSA’s Privacy Officer for review and preliminary adjudication and to DOT’s Privacy Officer for review and final adjudication.

J. E.O. 13175 (Indian Tribal Governments)

This proposed rule does not have Tribal implications under E.O. 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

K. National Environmental Policy Act of 1969

FMCSA analyzed this proposed rule pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). The Agency believes this proposed rule, if finalized, would not have a reasonably foreseeable significant effect on the quality of the human environment. This action would likely fall under a published categorical exclusion and thus be excluded from further analysis and documentation in an environmental assessment or environmental impact statement under FMCSA Order 5610.1 (69 FR 9680), Appendix 2. Specifically, paragraph (6)(bb), which covers regulations pertaining to vehicle operation safety standards, equipment approval, and/or equipment carriage requirements. The public is invited to comment on the impact of the proposed Agency action.

L. Rulemaking Summary

In accordance with 5 U.S.C. 553(b)(4), a summary of this proposed rule may be found at [regulations.gov](https://www.regulations.gov), under the docket number.

List of Subjects in 49 CFR Part 393

Highway safety, Motor carriers, Motor vehicle safety.

Accordingly, FMCSA proposes to amend 49 CFR part 393 to read as follows:

PART 393—PARTS AND ACCESSORIES NECESSARY FOR SAFE OPERATION

■ 1. The authority citation for part 393 continues to read as follows:

Authority: 49 U.S.C. 31136, 31151, 31502; sec. 1041(b), Pub. L. 102–240, 105 Stat. 1914, 1993; secs. 5301 and 5524, Pub. L. 114–94, 129 Stat. 1312, 1543, 1560; and 49 CFR 1.87.

§ 393.95 [Amended]

■ 2. Amend § 393.95 by removing and reserving paragraph (b).

Issued under authority delegated in 49 CFR 1.87.

Sue Lawless,

Assistant Administrator.

RIN 2126–AC97

Parts and Accessories Necessary for Safe Operation; Tire Load Markings

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: FMCSA proposes to revise the requirements for tires on commercial motor vehicles (CMVs) to clarify that the Federal Motor Carrier Safety Regulations (FMCSRs) do not require tire load restriction markings on their sidewalls. This change would eliminate confusion and clarify the scope of FMCSA’s authority regarding the requirements for tires in the FMCSRs.

DATES: Comments must be received on or before July 29, 2025.

ADDRESSES: You may submit comments identified by Docket Number FMCSA–2025–0123 using any of the following methods:

I. Public Participation and Request for Comments

A. Submitting Comments

If you submit a comment, please include the docket number for this NPRM (FMCSA–2025–0123), indicate the specific section of this document to which your comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online or by fax, mail, or hand delivery, but please use

only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so FMCSA can contact you if there are questions regarding your submission.

To submit your comment online, go to <https://www.regulations.gov/docket/FMCSA-2025-0123/document>, click on this NPRM, click “Comment,” and type your comment into the text box on the following screen.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing.

FMCSA will consider all comments and material received during the comment period.

Confidential Business Information (CBI)

CBI is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to the NPRM contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to the NPRM, it is important that you clearly designate the submitted comments as CBI. Please mark each page of your submission that constitutes CBI as “PROPIN” to indicate it contains proprietary information. FMCSA will treat such marked submissions as confidential under the Freedom of Information Act, and they will not be placed in the public docket of the NPRM. Submissions containing CBI should be sent to Brian Dahlin, Chief, Regulatory Evaluation Division, Office of Policy, FMCSA, 1200 New Jersey Avenue SE, Washington, DC 20590–0001 or via email at *brian.g.dahlin@dot.gov*. At this time, you need not send a duplicate hardcopy of your electronic CBI submissions to FMCSA headquarters. Any comments FMCSA receives not specifically designated as CBI will be placed in the public docket for this rulemaking.

B. Viewing Comments and Documents

To view any documents mentioned as being available in the docket, go to <https://www.regulations.gov/docket/FMCSA-2025-0123/document> and choose the document to review. To view comments, click this NPRM, then click “Browse Comments.” If you do not have access to the internet, you may view the docket online by visiting Dockets Operations on the ground floor of the

DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. To be sure someone is there to help you, please call (202) 366–9317 or (202) 366–9826 before visiting Dockets Operations.

C. Privacy

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its regulatory process. DOT posts these comments, including any personal information the commenter provides, to www.regulations.gov as described in the system of records notice DOT/ALL 14 (Federal Docket Management System (FDMS)), which can be reviewed at <https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notice>. The comments are posted without edits and are searchable by the name of the submitter.

III. Legal Basis

Under 49 U.S.C. 31136(a), DOT is required to “prescribe minimum safety standards for commercial motor vehicles. At a minimum, the regulations shall ensure that—(1) commercial motor vehicles are maintained, equipped, loaded, and operated safely, (2) the responsibilities imposed on operators of commercial motor vehicles do not impair their ability to operate the vehicles safely; (3) the physical conditions of operators of commercial motor vehicles is adequate to enable them to operate the vehicles safely . . . ; (4) the operation of commercial motor vehicles does not have a deleterious effect on the physical condition of the operators; and (5) an operator of a commercial motor vehicle is not coerced by a motor carrier, shipper, receiver, or transportation intermediary to operate a commercial motor vehicle in violation of a regulation promulgated under this

section, or chapter 51 or chapter 313 of this title.”

This NPRM is based on the authority of 49 U.S.C. 31136(a)(1) to ensure that CMVs are equipped and operated safely. It does not implicate the driver-centered requirements of 49 U.S.C. 31136(a)(2) through (4). Because this NPRM would not impose any requirement on motor carriers, there is no obvious risk of coercion related to this rulemaking to which a driver might be subjected.

The Administrator of FMCSA is delegated authority under 49 CFR 1.87 to carry out the functions vested in the Secretary of Transportation by 49 U.S.C. chapters 311, 313, and 315 as they relate to CMV operators, programs, and safety.

For the reasons explained below, FMCSA believes that this proposed clarification of 49 CFR 393.75(g) and (h) would not adversely affect the operational safety of CMVs.

IV. Background

Requirements that CMVs be equipped with various parts and accessories are established in 49 CFR part 393. Specifically, § 393.75 contains requirements for tires on CMVs and paragraphs (g) and (h) of that section prohibit operating motor vehicles and manufactured homes with weights in excess of the maximum tire load marked on the sidewall of a tire.

V. Discussion of Proposed Rulemaking

FMCSA proposes to clarify the requirements in § 393.75(g) and (h) by explicitly stating that those paragraphs do not require manufacturers to add markings to the sidewalls of tires. The requirements for manufacturers to add markings to the sidewalls of tires fall within the National Highway Traffic Safety Administration's (NHTSA) regulatory authority. Tires subject to § 393.75 generally must be manufactured in accordance with Federal Motor Vehicle Safety Standard (FMVSS) No. 119 (49 CFR 571.119). NHTSA requires those tires to be marked with a maximum load rating on the sidewall (§ 571.119 S6.5). The markings required by FMVSS No. 119 are then referenced in § 393.75(g) and (h). If those markings are absent for any reason, § 393.75(g) and (h) then refer back to FMVSS No. 119 for a list of publications which contain the necessary tire load limit information.

This clearly shows that NHTSA, not FMCSA, is the agency which imposes requirements on tire manufacturers to add maximum load rating markings to the sidewalls of tires. However, FMCSA is aware of instances where members of the regulated public have mistakenly believed that § 393.75(g) and (h) require

sidewall markings, and that markings missing from the sidewall would be a violation of those requirements. Sections 393.75(g) and (h) require that motor vehicles and manufactured homes are not operated with a weight in excess of the load limits on the sidewalls of the tires, or, for manufactured homes built before January 1, 2002, with a weight more than 18 percent over the load limits. The markings on the sidewalls of the tires provide the information to determine when a vehicle is in violation of those requirements, but the markings themselves are not required by the FMCSRs. Therefore, FMCSA is adding a new paragraph (j) to § 393.75 to clarify that FMCSA does not require tire markings and to avoid any further confusion about the scope and requirements of paragraphs (g) and (h).

VI. International Impacts

Motor carriers and drivers are subject to the laws and regulations of the countries that they operate in, unless an international agreement states otherwise. Drivers and carriers should be aware of the regulatory differences between nations.

VII. Section-by-Section Analysis

This section-by-section analysis describes the proposed changes in numerical order.

§ 393.75 Tires.

FMCSA proposes to add a new paragraph (j) to clarify that FMCSA does not require tire markings under paragraphs (g) and (h).

VIII. Regulatory Analyses

A. Executive Order (E.O.) 12866 (Regulatory Planning and Review), E.O. 13563 (Improving Regulation and Regulatory Review), and DOT Regulatory Policies and Procedures

FMCSA has considered the impact of this NPRM under E.O. 12866 (58 FR 51735, Oct. 4, 1993), Regulatory Planning and Review, E.O. 13563 (76 FR 3821, Jan. 21, 2011), Improving Regulation and Regulatory Review, and DOT Regulatory Policies and Procedures. The Office of Information and Regulatory Affairs within the Office of Management and Budget (OMB) determined that this NPRM is not a significant regulatory action under section 3(f) of E.O. 12866, as supplemented by E.O. 13563, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. Accordingly, OMB has not reviewed it under that E.O.

FMCSA proposes to clarify the requirements in § 393.75(g) and (h) by

explicitly stating that those paragraphs do not require manufacturers to add markings to the sidewalls of tires. This proposal benefits the public by clarifying misunderstandings for affected entities, such as owners and operators of CMVs.

As NHTSA requires tires to be marked with a maximum load rating on the sidewall of the tire, FMCSA finds that members of the regulated public would not change their behavior due to this proposed rule. However, the increased clarity provided by this proposed rule could result in de minimis cost savings for regulated entities when navigating their obligations under the FMCSRs. The Agency requests comment on any impacts that could result from the revisions proposed in this NPRM.

B. E.O. 14192 (Unleashing Prosperity Through Deregulation)

E.O. 14192 (90 FR 9065, Jan. 31, 2025), Unleashing Prosperity Through Deregulation, requires that for “each new [E.O. 14192 regulatory action] issued, at least ten prior regulations be identified for elimination.”¹

Implementation guidance for E.O. 14192 issued by OMB (Memorandum M–25–20, March 26, 2025) defines two different types of E.O. 14192 actions: an E.O. 14192 deregulatory action, and an E.O. 14192 regulatory action.²

An E.O. 14192 deregulatory action is defined as “an action that has been finalized and has total costs less than zero.” This proposed rulemaking is expected to have total costs less than zero, and therefore would be considered an E.O. 14192 deregulatory action upon issuance of a final rule.

C. Advance Notice of Proposed Rulemaking

Under 49 U.S.C. 31136(g), FMCSA is required to publish an advance notice of proposed rulemaking (ANPRM) or proceed with a negotiated rulemaking, if a proposed safety rule “under this part”³ is likely to lead to the promulgation of a major rule.⁴ As this

¹ Executive Office of the President. *Executive Order 14192 of January 31, 2025. Unleashing Prosperity Through Deregulation*. 90 FR 9065–9067. Feb. 6, 2025.

² Executive Office of the President. Office of Management and Budget. *Guidance Implementing Section 3 of Executive Order 14192, Titled “Unleashing Prosperity Through Deregulation.”* Memorandum M–25–20. March 26, 2025.

³ Part B of Subtitle VI of Title 49, United States Code, *i.e.*, 49 U.S.C. chapters 311–317.

⁴ A major rule means any rule that the Office of Management and Budget finds has resulted in or is likely to result in (a) an annual effect on the economy of \$100 million or more; (b) a major increase in costs or prices for consumers, individual industries, geographic regions, Federal, State, or

proposed rule is not likely to result in the promulgation of a major rule, the Agency is not required to issue an ANPRM or to proceed with a negotiated rulemaking.

D. Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), as amended by the Small Business Regulatory Enforcement Fairness Act of 1996,⁵ requires Federal agencies to consider the effects of the regulatory action on small business and other small entities and to minimize any significant economic impact. The term *small entities* comprises small businesses and not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000 (5 U.S.C. 601(6)). Accordingly, DOT policy requires an analysis of the impact of all regulations on small entities, and mandates that agencies strive to lessen any adverse effects on these businesses.

No regulatory flexibility analysis is required, however, if the head of an Agency or an appropriate designee certifies that the rule will not have a significant economic impact on a substantial number of small entities. This proposed rulemaking would clarify the requirements in § 393.75(g) and (h) by explicitly stating that those paragraphs do not require manufacturers to add markings to the sidewalls of tires. Regulated entities would not change their behavior in response to this proposed rule as NHTSA requires manufacturers to add markings to the sidewalls of tires. De minimis cost savings could be realized by entities through the clarification of the FMCSRs.

Consequently, I certify that the proposed action would not have a significant economic impact on a substantial number of small entities.

E. Assistance for Small Entities

In accordance with section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121, 110 Stat. 857), FMCSA wants to assist small entities in understanding this proposed rule so they can better evaluate its effects on themselves and participate in the rulemaking initiative. If the proposed

local government agencies; or (c) significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises in domestic and export markets (5 U.S.C. 804(2)).

⁵ Public Law 104–121, 110 Stat. 857 (Mar. 29, 1996).

rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

Small businesses may send comments on the actions of Federal employees who enforce or otherwise determine compliance with Federal regulations to the Small Business Administration's Small Business and Agriculture Regulatory Enforcement Ombudsman (Office of the National Ombudsman, see <https://www.sba.gov/about-sba/oversight-advocacy/office-national-ombudsman>) and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of FMCSA, call 1–888–REG–FAIR (1–888–734–3247). DOT has a policy regarding the rights of small entities to regulatory enforcement fairness and an explicit policy against retaliation for exercising these rights.

F. Unfunded Mandates Reform Act of 1995

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) (UMRA) requires Federal agencies to assess the effects of their discretionary regulatory actions. The Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of \$206 million (which is the value equivalent of \$100 million in 1995, adjusted for inflation to 2024 levels) or more in any 1 year. Because this proposed rule would not result in such an expenditure, a written statement is not required.

G. Paperwork Reduction Act

This proposed rule contains no new information collection requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

H. E.O. 13132 (Federalism)

A rule has implications for federalism under section 1(a) of E.O. 13132 if it has “substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.”

FMCSA has determined that this rulemaking would not have substantial direct costs on or for States, nor would it limit the policymaking discretion of States. Nothing in this document preempts any State law or regulation.

Therefore, this rulemaking does not have sufficient federalism implications to warrant the preparation of a Federalism Impact Statement.

I. Privacy

The Consolidated Appropriations Act, 2005,⁶ requires the Agency to assess the privacy impact of a regulation that will affect the privacy of individuals. This NPRM would not require the collection of personally identifiable information.

The Privacy Act (5 U.S.C. 552a) applies only to Federal agencies and any non-Federal agency that receives records contained in a system of records from a Federal agency for use in a matching program.

The E-Government Act of 2002,⁷ requires Federal agencies to conduct a Privacy Impact Assessment (PIA) for new or substantially changed technology that collects, maintains, or disseminates information in an identifiable form. No new or substantially changed technology would collect, maintain, or disseminate information as a result of this rulemaking. Accordingly, FMCSA has not conducted a PIA.

In addition, the Agency will complete a Privacy Threshold Assessment (PTA) to evaluate the risks and effects the proposed rulemaking might have on collecting, storing, and sharing personally identifiable information. The PTA will be submitted to FMCSA's Privacy Officer for review and preliminary adjudication and to DOT's Privacy Officer for review and final adjudication.

J. E.O. 13175 (Indian Tribal Governments)

This rulemaking does not have Tribal implications under E.O. 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

K. National Environmental Policy Act of 1969

FMCSA analyzed this proposed rule pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*). The Agency believes this proposed rule, if finalized, would not have a reasonably foreseeable significant effect on the quality of the human

⁶ Public Law 108–447, 118 Stat. 2809, 3268, note following 5 U.S.C. 552a (Dec. 4, 2014).

⁷ Public Law 107–347, sec. 208, 116 Stat. 2899, 2921 (Dec. 17, 2002).

environment. This action would likely fall under a published categorical exclusion and thus be excluded from further analysis and documentation in an environmental assessment or environmental impact statement under FMCSA Order 5610.1 (69 FR 9680), Appendix 2. Specifically, paragraph (6)(bb), which covers regulations pertaining to vehicle operation safety standards, equipment approval, and/or equipment carriage requirements. The public is invited to comment on the impact of the proposed Agency action.

L. Rulemaking Summary

In accordance with 5 U.S.C. 553(b)(4), a summary of this proposed rule may be found at *regulations.gov*, under the docket number.

List of Subjects in 49 CFR Part 393

Highway safety, Motor carriers, Motor vehicle safety.

Accordingly, FMCSA proposes to amend 49 CFR part 393 to read as follows:

PART 393—PARTS AND ACCESSORIES NECESSARY FOR SAFE OPERATION

- 1. The authority citation for part 393 continues to read as follows:

Authority: 49 U.S.C. 31136, 31151, 31502; sec. 1041(b), Pub. L. 102–240, 105 Stat. 1914, 1993; secs. 5301 and 5524, Pub. L. 114–94, 129 Stat. 1312, 1543, 1560; and 49 CFR 1.87.

- 2. Amend § 393.75 by adding paragraph (j) to read as follows:

§ 393.75 Tires.

* * * * *

(j) The requirements in paragraphs (g) and (h) of this section shall not be construed to require manufacturers to add any markings to the sidewall of a tire.

Issued under authority delegated in 49 CFR 1.87.

Sue Lawless,

Assistant Administrator.

Federal Motor Carrier Safety Administration

49 CFR Part 395

[Docket No. FMCSA–2025–0114]

RIN 2126–AC88

Rescinding the Requirement for Electronic Logging Device Operator's Manual Located in Commercial Motor Vehicles

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: FMCSA proposes to amend the Federal Motor Carrier Safety Regulations (FMCSRs) to rescind the in-vehicle electronic logging device (ELD) operator's manual requirement for commercial motor vehicles (CMVs). FMCSA currently maintains a list of the ELD vendors who have self-certified their products including submission of the operator's manual. Additionally, drivers are required to understand the operation of the ELD on the vehicle. There is no readily apparent benefit to continuing to require that the users' manual be in the CMV. This proposal would eliminate an unintended regulatory burden on motor carriers without compromising safety.

DATES: Comments must be received on or before July 29, 2025.

ADDRESSES: You may submit comments identified by Docket Number FMCSA–2025–0114 using any of the following methods:

- **Federal eRulemaking Portal:** Go to <https://www.regulations.gov/docket/FMCSA-2025-0114/document>. Follow the online instructions for submitting comments.

I. Public Participation and Request for Comments

A. Submitting Comments

If you submit a comment, please include the docket number for this NPRM (FMCSA–2025–0114), indicate the specific section of this document to which your comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so FMCSA can contact you if there are questions regarding your submission.

To submit your comment online, go to <https://www.regulations.gov/docket/FMCSA-2025-0114/document>, click on this NPRM, click “Comment,” and type your comment into the text box on the following screen.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing.

FMCSA will consider all comments and material received during the comment period.
