**SUPPLEMENTARY INFORMATION:** Under section 4041 of the Employee Retirement Income Security Act of 1974, as amended, a single-employer pension plan may terminate voluntarily only if it satisfies the requirements for either a standard or a distress termination. Pursuant to ERISA section 4041(b), for standard terminations, and section 4041(c), for distress terminations, and PBGC's termination regulation (29 CFR part 4041), a plan administrator wishing to terminate a plan is required to submit specified information to PBGC in support of the proposed termination and to provide specified information regarding the proposed termination to third parties (participants, beneficiaries, alternate payees, and employee organizations). In the case of a plan with participants or beneficiaries who cannot be located when their benefits are to be distributed, the plan administrator is subject to the requirements of ERISA section 4050 and PBGC's regulation on missing participants (29 CFR part 4050). PBGC is making clarifying, simplifying, editorial, and other changes to the existing forms and instructions.

PBGC estimates that 1,175 plan administrators will be subject to the collection of information requirements in PBGC's regulations on termination and missing participants and implementing forms and instructions each year, and that the total annual burden of complying with these requirements is 2,175 hours and \$2,886,003. (Much of the work associated with terminating a plan is performed for purposes other than meeting these requirements.)

PBGC is soliciting public comments to—

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Issued in Washington, DC, this 10th day of May, 2007.

Rule 3a-4; SEC File No. 270-401; OMB Control No. 3235-0459.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collections of information discussed below.

Rule 3a-4 (17 CFR 270.3a-4) under the Investment Company Act of 1940 (15 U.S.C. 80a) ("Investment Company Act" or "Act") provides a nonexclusive safe harbor from the definition of investment company under the Act for certain investment advisory programs. These programs, which include "wrap fee" and "mutual fund wrap" programs, generally are designed to provide professional portfolio management services to clients who are investing less than the minimum usually required by portfolio managers but more than the minimum account size of most mutual funds. Under wrap fee and similar programs, a client's account is typically managed on a discretionary basis according to pre-selected investment objectives. Clients with similar investment objectives often receive the same investment advice and may hold the same or substantially the same securities in their accounts. Some of
