ADDRESSES: Copies of the final permits, statements of basis, and all other supporting information are on file at

the: U.S. Environmental Protection Agency, Region VIII, Air and Radiation Program, 999 18th Street—Suite 300, Denver, Colorado 80202. All documents will be available for review at the U.S. EPA Region VIII office Monday through Friday from 8:00 a.m. to 4:30 p.m. (excluding federal holidays).

FOR FURTHER INFORMATION CONTACT:

Monica Morales, Air Technical Assistance Unit, EPA Region VIII, telephone (303) 312-6936, e-mail morales.monica@epa.gov.

SUPPLEMENTARY INFORMATION: The Title V permit program does not impose new substantive requirements on an air pollution source but does require that sources subject to the federal operating permit program obtain a renewable operating permit that clarifies which air quality requirements apply to the source and provides methods for assessing the source's compliance with those requirements.

Because the issuance of a Federal Operating Permit has been delegated to the Regional Administrator, judicial review of a final operating permit under section 307(b)(1) of the Clean Air Act may be sought only by the filing of a petition for review in the United States Court of Appeals for the appropriate regional circuit within 60 days from the date on which this notice is published in the **Federal Register**. A petition for review must be filed by June 25, 2001.

Dated: April 13, 2001.

Carol Rushin,

Acting Regional Administrator, Region VIII.

Pesticide Product; Corn Rootworm Registration Application; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In the **Federal Register** of March 19, 2001 (66 FR 15435) (FRL-6771-5), EPA announced receipt of an application from Monsanto Company to register a pesticide product containing a new active ingredient not included in any previously registered products pursuant to the provisions of section 3(c)(4) of the Federal Insecticide, Fungicide, and Rodenticide Act. On page 15436, second column, first full paragraph, last sentence, the Commonwealth of Puerto Rico was inadvertently omitted from the

proposed planting locations. The sentence is corrected to read "Plantings are proposed for the states of California, Hawaii, Illinois, Iowa, Indiana, Kansas, Michigan, Nebraska, South Dakota, Texas, Wisconsin, and the Commonwealth of Puerto Rico." This notice announces the correct proposed planting sites.

New York State Prohibition on Marine Discharges of Vessel Sewage; Receipt of Petition and Tentative Determination

Notice is hereby given that a petition was received from the State of New York on November 3, 2000 requesting a determination by the Regional Administrator, Environmental Protection Agency (EPA), pursuant to section 312(f) of Public Law 92-500, as amended by Public Law 95-217 and Public Law 100-4 (the Clean Water Act), that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for the waters of the Port Jefferson Harbor Complex, County of Suffolk, State of New York. The Harbor complex consists of several waterbodies, including Port Jefferson Harbor, Setauket Harbor, Little Bay, the Narrows and Conscience Bay. The boundary line for the proposed No Discharge Area shall extend from the easternmost point at Old Field Beach northerly to the westernmost point at White Beach.

This petition was made by the New York State Department of Environmental Conservation (NYSDEC) in cooperation with the Town of Brookhaven. Upon receipt of an affirmative determination in response to
