SUPPLEMENTARY INFORMATION:

Background

On January 31, 2024, Commerce published in the **Federal Register** the *Preliminary Results* of the 2022–2023 administrative review ¹ of the antidumping duty order on certain carbon and alloy steel cut-to-length plate from Italy.² The review covers two mandatory respondents, NLMK Verona S.p.A. (NVR) and Officine Tecnosider S.R.L. (OTS). We invited interested parties to comment on the *Preliminary Results*.³ On March 8, 2024, the petitioner (*i.e.*, Nucor Corporation) submitted a case brief.⁴ On March 14, 2024, NVR submitted a rebuttal brief.⁵ For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision

Memorandum.⁶ Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the *Order* is certain carbon and alloy steel cut-to-length plate from Italy. A complete description of the scope of the *Order* is contained in the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties in this administrative review are addressed in the Issues and Decision Memorandum and are listed in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding the *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, Commerce made certain changes to the preliminary weighted-average dumping margin calculation for NVR for the final results of review.⁷

Final Results of Administrative Review

As a result of this review, we determine that the following estimated weighted-average dumping margin exists for the period May 1, 2022, through April 30, 2023:

Producer/exporter	Weighted-average dumping margin (percent)
NLMK Verona S.p.A	16.98
Officine Tecnosider S.R.L	0.00

⁶ See Memorandum, “Decision Memorandum for the Final Results of the Administrative Review of the Antidumping Duty Order on Certain Carbon and Alloy Steel Cut-To-Length Plate from Italy; 2021–2022,” dated concurrently with, and hereby adopted by, these results (Issues and Decision Memorandum).

⁷ See Issues and Decision Memorandum; see also Memorandum, “Cost Calculations for NLMK Verona S.p.A. (NVR) for the Final Results,” dated concurrently with this notice.

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to interested parties within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rate

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Pursuant to 19 CFR 351.212(b)(1), we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for each importer’s examined sales and the total entered value of those sales. Because OTS’ weighted-average dumping margin or importer-specific assessment rate is zero or *de minimis* in the final results of review, we intend to instruct CBP to liquidate entries without regard to antidumping duties.⁸ For NVR, where an importer-specific rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries of subject merchandise during the POR produced by NVR or OTS for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate established in the less-than-fair-value (LTFV) investigation (*i.e.*, 6.08 percent) if there is no rate for the intermediate company(ies) involved in the transaction.⁹

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register**, of the notice of final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies subject to this review will be equal to the weighted-average dumping margins established in the final results of this review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 6.08 percent *ad valorem*, the all-others rate established in the LTFV investigation.¹⁰ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the

disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: May 31, 2024.
