

determined that allowing the grantee to form partnerships with eligible entities to implement grant requirements under this competition (including through the awarding of a subgrant) is necessary given the project's nature and need for a close, collaborative and substantive relationship between the grantee and the subgrant and the grantee's responsibility to oversee its subgrantee. Accordingly, through this notice, we authorize the grantee, Applied Engineering Management Corporation (AEM) to make subgrants on the terms outlined in this notice and consistent with AEM's application.

Under 34 CFR 75.708(b) and (c), if the grantee uses this subgranting authority, the grantee has the authority to award subgrants only to eligible entities identified in the grantee's approved application or selected through a competition under procedures established by the grantee, and the subgrants must be used only to directly carry out project activities described in the grantee's approved application and consistent with the purpose described in ALN 84.373Q and the priority and requirements established in the NIA. The Accessible Data Center grantee may make subgrants to the following eligible entities: State educational agencies; State lead agencies under Part C of the IDEA; local educational agencies (LEAs), including public charter schools that are considered LEAs under State law; institutions of higher education; other public agencies; nonprofit organizations; freely associated States and outlying areas; Indian Tribes or Tribal organizations; and for-profit organizations.

Further, under 34 CFR 75.708(d), the grantee must ensure that: (1) subgrants are awarded on the basis of the approved budget that is consistent with the grantee's approved application and all applicable Federal statutory, regulatory, and other requirements; (2) every subgrant includes all conditions required by Federal statutes and Executive Orders and their implementing regulations; and (3) subgrantees are aware of the requirements imposed upon them by Federal statutes and regulations, including the Federal anti-discrimination laws enforced by the Department, which are listed in 34 CFR 75.500. Additionally, as is true with any expenditures incurred under the Department's grant programs, Accessible Data Center expenditures must satisfy the OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, including the Federal cost principles in

2 CFR part 200, subpart E. Therefore, any subgrant and subgrantee expenditures must comply with the Federal cost principles, and the grantee, as a pass-through entity, must comply with the procedures for making subawards described in 2 CFR 200.332.

Note: This notice does not solicit applications.

DEPARTMENT OF ENERGY

Request for Information—Foundation for Energy Security and Innovation (FESI); Correction

AGENCY: Office of Technology Transitions, Department of Energy.

ACTION: Request for information (RFI); correction.

SUMMARY: On February 15, 2023, the Department of Energy (DOE) published in the **Federal Register** a RFI seeking input on how DOE stakeholders may engage with the Foundation for Energy Security and Innovation (FESI). This document makes a correction to that notice.

FOR FURTHER INFORMATION CONTACT:

Charlie Kong, Executive Assistant (contractor), U.S. Department of Energy, 1000 Independence Avenue SW, 20585; Phone: (202) 586–2000; email: OTT@hq.doe.gov.

SUPPLEMENTARY INFORMATION:

Correction

In the **Federal Register** of Wednesday, February 15, 2023, in FR Doc. 2023–03199, on page 9877, please make the following correction:

Under the heading, **FOR FURTHER INFORMATION CONTACT**, first sentence, the contact information has been changed. The original contact was Mary Yamada, (240) 888–4568, Mary.Yamada@hq.doe.gov. The new contact is Mary Yamada, (202) 586–2000, FESI.RFI@hq.doe.gov.

Reason for Correction: Correcting the contact number and email address.

Signed in Washington, DC, on March 7, 2023

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.
