

current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

Proposed Amendment of Class D Airspace and Establishment of Class E Airspace; Butts Army Airfield (AAF) (Fort Carson) Airport, CO

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: An airspace review was conducted at Butts AAF (Fort Carson) Airport, CO to support the airport's transition from visual flight rules (VFR) to instrument flight rules (IFR), in addition to fulfilling a biennial review requirement. This action proposes to modify the Class D surface area, and establish Class E airspace extending upward from 700 feet above the surface at Butts AAF (Fort Carson) Airport, CO. Additionally, this action proposes several administrative amendments to update the airport's existing Class D legal description. These actions will ensure the safety and management of instrument flight rules (IFR) and visual flight rules (VFR) operations at the airport.

DATES: Comments must be received on or before September 16, 2022.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12–140, Washington, DC 20590; telephone: 1–800–647–5527, or (202) 366–9826. SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart i, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it would modify Class D airspace and establish Class E airspace at Butts AAF (Fort Carson) Airport, CO, to support IFR and VFR operations at the airport.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Persons wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA–2022–0797; Airspace Docket No. 20–ANM–44". The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed

in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021. FAA Order JO 7400.11F is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11F lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 by modifying the Class D surface area, and establishing Class E airspace extending upward from 700 feet above the surface at Butts AAF (Fort Carson) Airport, CO.

Class D airspace should be expanded to the northwest to contain runway 31 departures until reaching 700 feet above the surface due to rising terrain in that area.

Class E airspace extending upward from 700 feet above the surface should be established southeast and north of the airport to properly contain departures until reaching 1,200 feet above the surface in those areas.

Finally, this action proposes several administrative modifications to the airspace at Butts AAF (Fort Carson) Airport, CO. The airport name in the text header is incorrect. It should read:

“Butts AAF (Fort Carson) Airport, CO.” The other airport referenced in the Class D legal description is also incorrect. It should read: “City of Colorado Springs Municipal Airport, CO.” The geographic coordinates for both Butts AAF (Fort Carson) Airport, CO and the City of Colorado Springs Municipal Airport, CO should be updated to match the FAA's database. Additionally, the outdated terms “Notice to Airmen” and “Airport/Facility Directory” should be replaced with the terms “Notice to Air Missions,” and “Chart Supplement,” respectively, to better match the FAA's current nomenclature. Lastly, the reference to the Iron Horse non-directional beacon (NDB), CO should be removed from the Class D legal description's text header, as it's not required to describe the airspace, and its removal simplifies the legal description.

Class D and E5 airspace designations are published in paragraphs 5000 and 6005, respectively, of FAA Order JO 7400.11F, dated August 10, 2021, and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The Class D and Class E airspace designations listed in this document will be published subsequently in FAA Order JO 7400.11.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial, and unlikely to result in adverse or negative comments. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and

Procedures” prior to any FAA final regulatory action.

Proposed Priorities, Requirements, and Definitions—School-Based Mental Health Services Grant Program

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Proposed priorities, requirements, and definitions.

SUMMARY: The Department of Education (Department) proposes priorities, requirements, and definitions under the School-Based Mental Health Services Grant (SBMH) Program, Assistance Listing Number (ALN) 84.184H. These proposed priorities, requirements, and definitions are designed to direct funds to increase the number of qualified school-based mental health services providers (as defined in section 4102 of the Elementary and Secondary Education Act of 1965, as amended (ESEA)) in local educational agencies (LEAs) with demonstrated need (as defined in this document), in order to meet student mental health needs. We may use one or more of these priorities, requirements, and definitions in fiscal year (FY) 2023 and later years.

DATES: We must receive your comments on or before September 1, 2022.

ADDRESSES: Comments must be submitted via the Federal eRulemaking Portal at *regulations.gov*. However, if you require an accommodation or cannot otherwise submit your comments via *regulations.gov*, please contact the program contact person listed under **FOR FURTHER INFORMATION CONTACT**. The Department will not accept comments by fax or by email, or comments submitted after the comment period closes. To ensure that the Department does not receive duplicate copies, please submit your comments only once. Additionally, please include the Docket ID at the top of your comments.

The Department strongly encourages you to submit any comments or attachments in Microsoft Word format. If you must submit a comment in Adobe Portable Format (PDF), the Department

strongly encourages you to convert the PDF to “print-to-PDF” format, or to use some other commonly used searchable text format. Please do not submit the PDF in a scanned format. Using a print-to-PDF format allows the Department to electronically search and copy certain portions of your submissions to assist in the rulemaking process.

- *Federal eRulemaking Portal:* Please go to *www.regulations.gov* to submit your comments electronically. Information on using *Regulations.gov*, including instructions for finding a rule on the site and submitting comments, is available on the site under “FAQ.”

Privacy Note: The Department’s policy is to make all comments received from members of the public available for public viewing in their entirety on the Federal eRulemaking Portal at *www.regulations.gov*. Therefore, commenters should be careful to include in their comments only information that they wish to make publicly available.

SUPPLEMENTARY INFORMATION:

Invitation to Comment: We invite you to submit comments regarding the proposed priorities, requirements, and definitions. To ensure that your comments have maximum effect in developing the final priorities, requirements, and definitions, we urge you to clearly identify the specific section of the proposed priorities, requirements, or definitions that each comment addresses.

We invite you to assist us in complying with the specific requirements of Executive Orders 12866 and 13563 and their overall requirement of reducing regulatory burden that might result from these proposed priorities, requirements, and definitions. Please let us know of any further ways we could reduce potential costs or increase potential benefits while preserving the effective and efficient administration of the Department’s programs and activities. Please also feel free to offer for our consideration any alternative approaches to the subjects addressed by the proposed regulations.

During and after the comment period, you may inspect all public comments about the proposed priorities, requirements, and definitions by

accessing *Regulations.gov*. You may also inspect the comments in person. Please contact the person listed under **FOR FURTHER INFORMATION CONTACT** to make arrangements to inspect the comments in person.

Assistance to Individuals with Disabilities in Reviewing the Rulemaking Record: On request we will provide an appropriate accommodation or auxiliary aid to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for the proposed priorities, requirements, and definitions. If you want to schedule an appointment for this type of accommodation or auxiliary aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Purpose of Program: The SBMH Program provides competitive grants to State educational agencies (SEAs) (as defined in section 8101 of the ESEA), LEAs (as defined in section 8101 of the ESEA), and consortia of LEAs to increase the number of qualified (*i.e.*, licensed, certified, or credentialed, each as defined in this document) mental health services providers providing school-based mental health services to students in LEAs with demonstrated need.

Program Authority: Section 4631(a)(1)(B) of the ESEA (20 U.S.C. 7281).

Proposed Priorities

This document contains four proposed priorities.

Background:

Like good physical health, positive mental health promotes success in life. As defined by the Centers for Disease Control and Prevention (CDC), “[m]ental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make healthy choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.”¹

The Novel Coronavirus Disease 2019 (COVID-19) pandemic brought on challenges for children and youth that impacted their overall emotional, psychological, and social well-being and their ability to fully engage in learning. The disruptions in routines, relationships, and the learning environment have led to increased stress and trauma, social isolation, and anxiety. More than half of parents express concern over their children’s
