To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, call the HRSA Reports Clearance Officer on 301-443-1129.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, utilizing automated collection techniques or other forms of information technology.

Proposed Project: HRSA AIDS Education and Training Centers Evaluation Activities (OMB No. 0915-0281)—Revision

The AIDS Education and Training Centers (AETC) Program, under the Ryan White Comprehensive AIDS Resources Emergency (CARE) Act, supports a network of regional and cross-cutting national centers that conduct targeted, multi-disciplinary education and training programs for health care providers treating persons with HIV/AIDS. The purpose of the AETCs is to increase the number of health care providers who are effectively educated and motivated to counsel, diagnose, treat, and medically manage individuals with HIV infection, and to help prevent high risk behaviors that lead to HIV transmission.

As part of an ongoing evaluation effort of AETC activities, information is needed on AETC training sessions, consultations, and technical assistance activities. Each regional center collects forms on AETC training events, and centers are required to report aggregate data on their activities to HRSA and the

HIV/AIDS Bureau (HAB). This data collection provides information on the number of training events, including clinical trainings and consultations, as well as technical assistance activities conducted by each regional center, the number of health care providers receiving professional training or consultation, and the time and effort expended on different levels of training and consultation activities. In addition, information is obtained on the populations served by the AETC trainees, and the increase in capacity achieved through training events. Collection of this information allows HRSA/HAB to provide information on training activities, types of education, and training provided to Ryan White CARE Act grantees, resource allocation, and capacity expansion.

Trainees are asked to complete the Participant Information Form (PIF) for each activity they complete, and trainers are asked to complete the Event Record (ER). The estimated annual response burden to trainers as well as attendees of training programs is as follows:

Form	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
PIF	94,641	1	94,641	0.2	18,928.2
ER	16,417	1	16,417	0.2	3,283
Total	111,058		111,058		22,211.2

The estimated annual burden to AETCs is as follows:

	Number of respondents	Responses per respondent	Total Responses	Hours per response	Total burden hours
Aggregate Data Set	12	2	24	32	768

The total burden hours are 22,979.2.

Notice of Meeting: Secretary's Advisory Committee on Genetics, Health, and Society

Pursuant to Public Law 92-463, notice is hereby given of the eleventh meeting of the Secretary's Advisory Committee on Genetics, Health, and Society (SACGHS), U.S. Public Health Service. The meeting will be held from 8:30 a.m. to approximately 5 p.m. on Monday, November 13, 2006 and 8:30 a.m. to approximately 5 p.m. on Tuesday, November 14, 2006, at the Marriott Inn and Conference Center,

University of Maryland-College Park, 3501 University Boulevard East, Adelphi, MD 20783. The meeting will be open to the public with attendance limited to space available. The meeting also will be Web cast.

The agenda topics include: Consideration of public comments on and finalization of the Committee's draft report, Policy Issues Associated With Undertaking a Large U.S. Population Cohort Project on Genes, Environment and Disease; a review of the Committee's draft report on pharmacogenomics; a session related to the impact of gene patents and licensing practices on patient access to genetic and genomic technologies; and updates on developments at FDA and CMS

regarding the oversight of genetic tests and services and on other Federal activities relevant to the work and charter of SACGHS.

Time will be provided each day for public comments. The Committee would welcome hearing from anyone wishing to provide public comment on any issue related to genetics, health and society. Individuals who would like to provide public comment should notify the SACGHS Executive Secretary, Ms. Sarah Carr, by telephone at 301-496-9838 or e-mail at sc112c@nih.gov. The SACGHS office is located at 6705 Rockledge Drive, Suite 750, Bethesda, MD 20892. Anyone planning to attend the meeting, who is in need of special assistance, such as sign language interpretation or other reasonable accommodations, is also asked to contact the Executive Secretary.

Under authority of 42 U.S.C. 217a, Section 222 of the Public Health Service Act, as amended, the Department of Health and Human Services established SACGHS to serve as a public forum for deliberations on the broad range of human health and societal issues raised by the development and use of genetic and genomic technologies and, as warranted, to provide advice on these issues. The draft meeting agenda and other information about SACGHS, including information about access to the Web cast, will be available at the following Web site: <http://www4.od.nih.gov/oba/sacghs.htm>.
