

be placed in EPA's electronic public docket along with a brief description written by the docket staff.

C. How and to Whom Do I Submit Comments?

You may submit comments electronically, by mail, or through hand delivery/courier. To ensure proper receipt by EPA, identify the appropriate docket identification number in the subject line on the first page of your comment. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments. However, late comments may be considered if time permits.

1. *Electronically.* If you submit an electronic comment as prescribed below, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD ROM you submit, and in any cover letter accompanying the disk or CD ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. EPA's policy is that EPA will not edit your comment, and any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

i. *EPA Dockets.* Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. Go directly to EPA Dockets at <http://www.epa.gov/edocket>, and follow the online instructions for submitting comments. To access EPA's electronic public docket from the EPA Internet Home Page, select "Information Sources," "Dockets," and "EPA Dockets." Once in the system, select "search," and then key in Docket ID No. OW-2003-0065. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment.

ii. *E-mail.* Comments may be sent by electronic mail (e-mail) to *OW-*

Docket@epa.gov, Attention Docket ID No. OW-2003-0065. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through EPA's electronic public docket, EPA's e-mail system automatically captures your e-mail address. E-mail addresses that are automatically captured by EPA's e-mail system are included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

iii. *Disk or CD ROM.* You may submit comments on a disk or CD ROM that you mail to the mailing address identified in section I.C.2. These electronic submissions will be accepted in WordPerfect or ASCII file format. Avoid the use of special characters and any form of encryption.

2. *By Mail.* Send three copies of your comments to: Water Docket, Environmental Protection Agency, Mail Code 4101T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, Attention Docket ID No. OW-2003-0065.

3. *By Hand Delivery or Courier.* Deliver your comments to: Environmental Protection Agency, EPA Docket Center, (EPA/DC) EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. Attention Water Docket ID No. OW-2003-0065. Such deliveries are only accepted during the Docket's normal hours of operation as identified in section I.B.1.

D. What Should I Consider as I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible.
2. Describe any assumptions that you used.
3. Provide any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at your estimate.
5. Provide specific examples to illustrate your concerns.
6. Offer alternatives.
7. Make sure to submit your comments by the comment period deadline identified.
8. To insure proper receipt by EPA, identify the appropriate docket identification number in the subject line on the first page of your response. It would also be helpful if you provided the name, date, and **Federal Register** citation related to your comments.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission

August 20, 2003.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a current valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before October 27, 2003. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commission, Room 1-A804, 445 12th Street, SW., Washington, DC 20554, or via the Internet to Leslie.Smith@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s) contact Les Smith at (202) 418-0217 or via the Internet at Leslie.Smith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0692.

Type of Review: Extension of a currently approved collection.

Title: Home Wiring Provisions.

Form Number: N/A.

Respondents: Business or other for-profit entities; Individuals or households.

Number of Respondents: 30,500.

Estimated Time per Response: 5 mins (0.083 hrs) to 20 hrs.

Frequency of Response:

Recordkeeping; Annual and on occasion reporting requirements; Third party disclosure.

Total Annual Burden: 46,114 hours.

Total Annual Cost: None.

Needs and Uses: On January 29, 2003, the Commission issued a First Order on Reconsideration and Second Report and Order, FCC 03–9, which grants in part and denies in part the petitions for reconsideration filed in response to the Report and Order. The Commission's home run wiring rules were modified in the First Order on Reconsideration to provide that in the event of sale, the home run wiring be made available to the MDU owner or alternative provider during the 24-hour period prior to actual service termination by the incumbent and that home run wiring located behind sheet rock is physically inaccessible for purposes of determining the demarcation point between home wiring and home run wiring. In the Second Report and Order, the Commission adopted a limited exemption for small non-cable MVPDs from the signal leakage reporting requirements and concluded that the cable and home run wiring rules should apply to all MVPDs in the same manner that they apply to cable operators. The Commission declined to restrict exclusive contracts or ban perpetual contracts. The Commission also declined to allow MDU owners to require sharing of incumbent-owned cable wiring.

OMB Control Number: 3060–1038.

Type of Review: Extension of a currently approved collection.

Title: Digital Television Transition Information Questionnaires.

Form Number: N/A.

Respondents: Business or other for-profit entities.

Number of Respondents: 844.

Estimated Time per Response: 4 to 24 hours.

Frequency of Response: On occasion reporting requirement.

Total Annual Burden: 4,823 hours.

Total Annual Cost: \$251,400.

Needs and Uses: In the Telecommunications Act of 1996, Congress directed that every broadcaster be given a second channel for digital operations. At the end of the transition,

broadcasters' analog channels will be returned to the government. Congress set a target date of December 31, 2006 for the end of the transition, although that date can be extended if 85% of viewers in a particular market do not have access to the digital signals. In addition, at the end of the transition the broadcast spectrum will contract from channels 2–69 to channels 2–51. This 108 MHz of spectrum (channels 52–69) can then be used by advanced wireless services and public safety authorities. There are several key building blocks to a successful transition. First, content “consumers must perceive something significantly different than what they have in analog. Second, distribution—the content must be delivered to consumers in a simple and convenient way. Third, equipment—equipment must be capable, affordable and consumer-friendly. And fourth, education—consumers must be educated about what digital television is, and what it can do for them. These information requests are designed to gather data in these key areas.

Federal Communications Commission.

Secretary.
