## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74263; File No. SR-BYX-2015-08]

### Self-Regulatory Organizations; BATS Y-Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees for Use of BATS Y-Exchange, Inc.

February 12, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on February 2, 2015, BATS Y-Exchange, Inc. (the "Exchange" or "BYX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act<sup>3</sup> and Rule 19b-4(f)(2) thereunder,<sup>4</sup> which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange filed a proposal to amend the fee schedule applicable to Members<sup>5</sup> and non-members of the

Exchange pursuant to BYX Rules 15.1(a) and (c). Changes to the fee schedule pursuant to this proposal are effective upon filing.

The text of the proposed rule change is available at the Exchange's Web site at [www.batstrading.com](http://www.batstrading.com), at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange proposes to amend its fee schedule to remove the reference to ROLF from fee code BO. Fee code BO currently provides that the Exchange will charge \$0.0030 per share for any order routed using ROLF or Destination Specific routing strategy unless otherwise specified. Under the ROLF routing strategy, an order will check the Exchange for available shares and then will be sent to LavaFlow ECN ("LavaFlow"). This change is being proposed in response to LavaFlow's announcement that it will cease market operations and its last day of trading will be Friday, January 30, 2015. As such, beginning on February 2, 2015, the Exchange will no longer route orders to LavaFlow. As proposed, the Exchange would continue to charge \$0.0030 per share for orders routed using a Destination Specific routing strategy.

The Exchange proposes to implement the amendments to its fee schedule effective February 2, 2015.

###### 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.<sup>6</sup>

Specifically, the Exchange believes that the proposed rule change is consistent with Sections 6(b)(4) of the Act and 6(b)(5) of the Act,<sup>7</sup> in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive.

The Exchange believes that its proposal to eliminate ROLF from fee code BO represents an equitable allocation of reasonable dues, fees, and other charges among Members and other persons using its facilities. The proposed change is in response to LavaFlow's announcement that it will cease market operations and its last day of trading will be Friday, January 30, 2015. The Exchange notes that the proposed change is not designed to amend any fee or rebate, nor alter the manner in which the Exchange assesses fees and rebates. As of February 2, 2015, the Exchange will no longer route orders to LavaFlow and, therefore, proposes to remove ROLF from the fee schedule, which will make the fee schedule clearer and less confusing for investors as well as help to eliminate potential investor confusion, thereby removing impediments to and perfecting the mechanism of a free and open market and a national market system, and, in general, protecting investors and the public interest.

##### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. The Exchange also believes that its proposal to remove ROLF from fee code BO would not affect intermarket nor intramarket competition because the change is not designed to amend any fee or rebate or to alter the manner in which the Exchange assesses fees or calculates rebates. It is simply proposed in response to LavaFlow's announcement that it will cease market operations following the close of business on Friday, January 30, 2015. As stated above, the Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>8</sup> and paragraph (f)(2) of Rule 19b-4 thereunder.<sup>9</sup> At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

**SECURITIES AND EXCHANGE COMMISSION**

**[Release No. 34-74268; File No. SR-OCC-2014-24]**

**Self-Regulatory Organizations; The Options Clearing Corporation; Order Approving Proposed Rule Change Concerning Extended and Overnight Trading Sessions**

February 12, 2015.

On December 12, 2014, The Options Clearing Corporation ("OCC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change SR-OCC-2014-24 pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder.<sup>2</sup> The proposed rule change was

published for comment in the **Federal Register** on December 30, 2014.<sup>3</sup> The Commission did not receive any comments on the proposed rule change. This order approves the proposed rule change.

**I. Description**

This rule change was filed in connection with OCC's proposed change to its operations concerning the clearance of confirmed trades executed in overnight trading sessions offered by exchanges for which OCC provides clearance and settlement services. OCC currently clears overnight trading activity for CBOE Futures Exchange, LLC ("CFE").<sup>4</sup> The total number of trades submitted to OCC from overnight trading sessions is nominal, typically less than 3,000 contracts per session. However, OCC has recently observed an industry trend whereby exchanges are offering overnight trading sessions beyond traditional hours. Exchanges offering overnight trading sessions have indicated to OCC that such sessions benefit market participants by providing additional price transparency and hedging opportunities for products traded in such sessions, which, in turn, promotes market stability.<sup>5</sup> In light of this trend, OCC proposed to implement a framework for clearing trades executed in such sessions that includes: (1) Qualification criteria used to approve clearing members for overnight trading sessions, (2) systemic controls to identify trades executed during overnight trading sessions by clearing members not approved for such sessions, (3) enhancements to OCC's overnight monitoring of trades submitted by exchanges during overnight trading sessions, (4) enhancements to OCC's credit controls with respect to monitoring clearing members' credit risk during overnight trading sessions, including procedures for contacting an exchange offering overnight trading sessions in order to invoke use of the exchange's kill switch, and (5) taking appropriate disciplinary action against clearing members who attempt to clear during the overnight trading sessions without first obtaining requisite approvals. These changes (described in greater detail below) are designed to reduce and mitigate the

<sup>4</sup> ELX Futures LP ("ELX") previously submitted overnight trading activity to OCC, but currently does not submit trades from overnight trading sessions to OCC. OCC will re-evaluate ELX's risk controls in the event ELX re-institutes its overnight trading sessions.
