

("Commission") is soliciting comments on the existing collection of information provided for in Rule 10b-10 (17 CFR 240.10b-10) under the Securities and Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 10b-10 requires broker-dealers to convey specified information to customers regarding their securities transactions. This information includes the date and time of the transaction, the identity and number of shares bought or sold, and whether the broker-dealer acts as agent for the customer or as principal for its own account. Depending on whether the broker-dealer acts as agent or principal, Rule 10b-10 requires the disclosure of commissions, as well as mark-up and mark-down information. For transactions in debt securities, Rule 10b-10 requires the disclosure of redemption and yield information. Rule 10b-10 potentially applies to all of the approximately 4,183 firms registered with the Commission that effect transactions for or with customers.

Based on information provided by registered broker-dealers to the Commission in FOCUS Reports, the Commission staff estimates that on average, registered broker-dealers process approximately 1,383,492,184 order tickets per month for transactions for or with customers. Each order ticket representing a transaction effected for or with a customer results in one confirmation. Therefore, the Commission staff estimates that approximately 16,601,906,208 confirmations are sent to customers annually. The confirmations required by Rule 10b-10 are generally processed through automated systems. It takes approximately 30 seconds to generate and send a confirmation. Accordingly, the Commission staff estimates that broker-dealers spend approximately 138,349,218 hours per year complying with Rule 10b-10.

The amount of confirmations sent and the cost of sending each confirmation varies from firm to firm. Smaller firms generally send fewer confirmations than larger firms because they effect fewer transactions. The Commission staff estimates the costs of producing and sending a paper confirmation, including postage, to be approximately 57 cents. The Commission staff also estimates that the cost of producing and sending a wholly electronic confirmation is approximately 39 cents. Based on informal discussions with industry participants, as well as representations made in requests for exemptive and no-action letters relating to Rule 10b-10,

the staff estimates that broker-dealers used electronic confirmations for approximately 35 percent of transactions. Based on these calculations, Commission staff estimates that 10,791,239,035 paper confirmations are mailed each year at a cost of \$6,151,006,250. Commission staff also estimates that 5,810,667,173 wholly electronic confirmations are sent each year at a cost of \$2,266,160,197. Accordingly, Commission staff estimates that the total annual cost associated with generating and delivering to investors the information required under Rule 10b-10 would be \$8,417,166,447.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the PRA unless it displays a currently valid OMB control number.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE., Washington, DC 20549-2736,

Extension:

Rule 19b-4(e) and Form 19b-4(e); SEC File No. 270-447, OMB Control No. 3235-0504.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 19b-4(e) (17 CFR 240.19b-4(e)) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (the "Act"). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 19b-4(e) permits a self-regulatory organization ("SRO") to list and trade a new derivative securities product without submitting a proposed rule change pursuant to Section 19(b) of the Act (15 U.S.C. 78s(b)), so long as such product meets the criteria of Rule 19b-4(e) under the Act. However, in order for the Commission to maintain an accurate record of all new derivative securities products traded on the SROs, Rule 19b-4(e) requires an SRO to file a summary form, Form 19b-4(e), to notify the Commission when the SRO begins trading a new derivative securities product that is not required to be submitted as a proposed rule change to the Commission. Form 19b-4(e) should be submitted within five business days after an SRO begins trading a new derivative securities product that is not required to be submitted as a proposed rule change. In addition, Rule 19b-4(e) requires an SRO to maintain, on-site, a copy of Form 19b-4(e) for a prescribed period of time.

This collection of information is designed to allow the Commission to maintain an accurate record of all new derivative securities products traded on the SROs that are not deemed to be proposed rule changes and to determine whether an SRO has properly availed itself of the permission granted by Rule 19b-4(e). The Commission reviews SRO compliance with Rule 19b-4(e) through its routine inspections of the SROs.

The respondents to the collection of information are SROs (as defined by the Act), all of which are national securities exchanges. As of January 2016, there are eighteen entities registered as national securities exchanges with the Commission. The Commission receives an average total of 2,088 responses per year, which corresponds to an estimated annual response burden of 2,088 hours. At an average hourly cost of \$64, the aggregate related internal cost of compliance with Rule 19b-4(e) is \$133,632 (2,088 burden hours multiplied by \$64/hour).

Compliance with Rule 19b-4(e) is mandatory. Information received in response to Rule 19b-4(e) shall not be kept confidential; the information collected is public information.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.

Dated: February 24, 2016.

Deputy Secretary.
