DEPARTMENT OF HEALTH AND HUMAN SERVICES**Administration for Children and Families****Proposed Information Collection Activity; Comment Request****Proposed Projects**

Title: Social Services Block Grant Post-Expenditure Report.

OMB No.: New.

Description:

Purpose: In order to improve the quality of data on the utilization of SSBG funds a revised reporting form needs to be developed with instructions that will eliminate confusion and reporting inconsistencies that have resulted from the current form. As a

block grant, SSBG provides the States with a flexible source of funds for social service needs. Accurate accounting of how these funds are used and whom they serve is critical to ensure that necessary and sufficient funding continues to be allocated. For this reason, the following changes are being proposed to the current form:

1. The codes that indicated whether expenditures were actual or estimates are omitted on the revised form. These codes have not been filled in consistently and have been of little analytical value.

2. The codes that indicated whether recipients were duplicated or unduplicated are omitted on the revised form. These codes have not been filled in consistently and have been of little analytical value.

3. Columns containing SSBG cost per adult and SSBG cost per child are omitted. SSBG cost per recipient can be calculated using the number of recipients and amount of expenditures reported.

4. Items 30 a,b,c and d (transfers in, transfers out, carry forward and carry over) are omitted on the revised form. Information about how much of allocated funds were spent will be reported on the Form 269a (OMB No. 0348-0036). Information about funds transferred into SSBG is in a separate expenditures column.

5. On the revised form, expenditures of SSBG funds is divided into two subcolumns—SSBG Allocation and Funds Transferred into SSBG. This provides more information about how transferred funds was used than the previous form which had only a place for Transfers In. States are instructed to note at the bottom from which block grant these funds were transferred.

6. A column is added for Expenditures of All other Federal, State and Local Funds. The addition of this column, with accompanying instructions, will make more clear that States are to report all sources of funds for services supported by SSBG.
