

Bank in writing of the total number of directorships established for the Bank and the number of member directorships designated as representing the members in each voting state in the Bank district.

(e) *Change of state.* If the annual designation of member directorships results in an existing directorship being redesignated as representing members in a different State, that directorship shall be deemed to terminate in the previous State as of December 31 of that year, and a new directorship to begin in the succeeding State as of January 1 of the next year. The new directorship shall be filled by vote of the members in the succeeding State and, in order to maintain the staggered terms of directorships, shall have a term equal to the remaining term of the previous directorship if it had not been redesignated to another State.

3. Amend § 1261.4 by revising paragraph (e) to read as follows:

§ 1261.4 Director eligibility.

* * * * *

(e) *Loss of eligibility.* A director shall become ineligible to remain in office if, during his or her term of office, the directorship to which he or she has been elected is eliminated. The incumbent director shall become ineligible after the close of business on December 31 of the year in which the directorship is eliminated.

Dated: November 20, 2009.

SUPPLEMENTARY INFORMATION:

I. Background

On October 28, 2009 (74 FR 55694-01), SBA issued a Notice of Proposed Rulemaking (NPRM). In that document, SBA proposed to make a number of changes to the regulations governing the 8(a) BD Program Regulations and several changes to its Small Business Size Regulations. Some of the changes involve technical issues. Other changes are more substantive and result from SBA's experience in implementing the current regulations. In addition to written comments, SBA is requesting oral comments on the various approaches for the proposed changes.

II. Public Hearings

The public meeting format will consist of a panel of SBA representatives who will preside over the session. The oral and written testimony will become part of the administrative record for SBA's consideration. Written testimony may be submitted in lieu of oral testimony. SBA will analyze the testimony, both oral and written, along with any written comments received. SBA officials may ask questions of a presenter to clarify or further explain the testimony. The purpose of the public meetings is to allow the general public to comment on SBA's proposed rulemaking. SBA requests that the comments focus on the proposed changes as stated in the NPRM. SBA requests that commentators do not raise issues pertaining to other SBA small business programs. Presenters may provide a written copy of their testimony. SBA will accept written material that the presenter wishes to provide that further supplements his or her testimony. Electronic or digitized copies are encouraged.

SBA will hold additional public meetings before the close of the comment period for this rulemaking.

III. Registration

Any individual interested in attending and making an oral presentation shall pre-register in advance with SBA. Registration requests must be received by SBA no later than 5 p.m., Monday, December 7, 2009. Please contact Ms. Latrice Andrews of SBA's Office of Business Development in writing at *Latrice.Andrews@sba.gov* or by facsimile to (202) 481-4042. Please include the following information relating to the person testifying: Name, Organization affiliation, Address, Telephone number, E-mail address, and Fax number. SBA will attempt to accommodate all interested parties that wish to present testimony. Based on the number of registrants it may be necessary to impose time limits to ensure that everyone who wishes to testify has the opportunity to do so. SBA will send confirmation of registration in writing to the presenters and attendees.

IV. Information on Service for Individuals With Disabilities

For information on facilities or services for individuals with disabilities or to request special assistance at the public meetings, contact Ms. Latrice Andrews at the telephone number or e-mail address indicated under the **FOR**

FURTHER INFORMATION CONTACT section of this notice.

Airworthiness Directives; Airbus Model A330–200, A330–300, and A340–300 Series Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to adopt a new airworthiness directive (AD) for the products listed above. This proposed AD results from mandatory continuing airworthiness information (MCAI) originated by an aviation authority of another country to identify and correct an unsafe condition on an aviation product. The MCAI describes the unsafe condition as:

It was noticed in production that in the area between frame (FR) C53.9 and FR C55 RH [right-hand], the distance between the route 9R of the In-Flight Entertainment system and the wire harness for the Lower Deck-Mobile Crew Rest system provisions is too small.

This limited distance may cause chafing between the affected electrical harness 6581VB and the harness 5495VB or 6938VB.

This condition, if not corrected, could lead to the short circuit of wires dedicated to oxygen, which, in case of emergency, could result in a large number of passenger oxygen masks not being supplied with oxygen, possibly causing personal injuries.

* * * * *

The proposed AD would require actions that are intended to address the unsafe condition described in the MCAI.

DATES: We must receive comments on this proposed AD by January 15, 2010.

ADDRESSES: You may send comments by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Fax:* (202) 493–2251.

- *Mail:* U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590.

- *Hand Delivery:* U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–40, 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

For service information identified in this proposed AD, contact Airbus SAS—Airworthiness Office—EAL, 1 Rond Point Maurice Bellonte, 31707 Blagnac Cedex, France; telephone +33 5 61 93 36 96; fax +33 5 61 93 45 80, e-mail airworthiness.A330-A340@airbus.com; Internet <http://www.airbus.com>. You may review copies of the referenced service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue, SW., Renton, Washington. For information on the availability of this material at the FAA, call 425–227–1221 or 425–227–1152.

Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov>; or in person at the Docket Operations office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this proposed AD, the regulatory evaluation, any comments received, and other information. The street address for the Docket Operations office (telephone (800) 647–5527) is in the **ADDRESSES** section. Comments will be available in the AD docket shortly after receipt.

FOR FURTHER INFORMATION CONTACT: Vladimir Ulyanov, Aerospace Engineer, International Branch, ANM–116, Transport Airplane Directorate, FAA, 1601 Lind Avenue, SW., Renton, Washington 98057–3356; telephone (425) 227–1138; fax (425) 227–1149.

SUPPLEMENTARY INFORMATION:

Comments Invited

We invite you to send any written relevant data, views, or arguments about this proposed AD. Send your comments to an address listed under the **ADDRESSES** section. Include “Docket No. FAA–2009–1108; Directorate Identifier 2009–NM–131–AD” at the beginning of your comments. We specifically invite comments on the overall regulatory, economic, environmental, and energy aspects of this proposed AD. We will consider all comments received by the closing date and may amend this proposed AD based on those comments.

We have lengthened the 30-day comment period for proposed ADs that address MCAI originated by aviation authorities of other countries to provide adequate time for interested parties to submit comments. The comment period for these proposed ADs is now typically 45 days, which is consistent with the comment period for domestic transport ADs.

We will post all comments we receive, without change, to <http://www.regulations.gov>, including any personal information you provide. We will also post a report summarizing each substantive verbal contact we receive about this proposed AD.

Discussion

The European Aviation Safety Agency (EASA), which is the Technical Agent for the Member States of the European Community, has issued EASA Airworthiness Directive 2009–0076, dated April 6, 2009 (referred to after this as “the MCAI”), to correct an unsafe condition for the specified products. The MCAI states:

It was noticed in production that in the area between frame (FR) C53.9 and FR C55 RH [right-hand], the distance between the route 9R of the In-Flight Entertainment system and the wire harness for the Lower Deck-Mobile Crew Rest system provisions is too small.

This limited distance may cause chafing between the affected electrical harness 6581VB and the harness 5495VB or 6938VB.

This condition, if not corrected, could lead to the short circuit of wires dedicated to oxygen, which, in case of emergency, could result in a large number of passenger oxygen masks not being supplied with oxygen, possibly causing personal injuries.

For the reasons described above, this AD requires the installation of a stirrup on the terminal block 5507VT between FR53.9 and FR54, and the re-routing of the wiring route 9R.

You may obtain further information by examining the MCAI in the AD docket.

Relevant Service Information

Airbus has issued Mandatory Service Bulletin A330–92–3080, dated November 12, 2008; and Mandatory Service Bulletin A340–92–4080, dated November 12, 2008. The actions described in this service information are intended to correct the unsafe condition identified in the MCAI.
