

1997. The primary objective of the survey is to study the transition from full-time schooling to the establishment of careers and families. The longitudinal focus of the survey requires information to be collected about the same individuals over many years in order to trace their education, training, work experience, fertility, income, and program participation. One of the goals of the Department of Labor is to produce and disseminate timely, accurate, and relevant information about the U.S. labor force. BLS contributes to this goal by gathering information about the labor force and labor market and disseminating it to policymakers and the public so that participants in those markets can make more informed, and thus more efficient, choices. Research based on the NLSY97 contributes to the formation of national policy in the areas of education, training, employment programs, and school-to-work transitions. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on February 27, 2025 (90 FRN 10831).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: 25–026]

Notice of Intent To Grant an Exclusive, Co-Exclusive or Partially Exclusive Patent License

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of intent to grant exclusive, co-exclusive or partially exclusive patent license.

SUMMARY: NASA hereby gives notice of its intent to grant an exclusive, co-exclusive or partially exclusive patent license to practice the inventions described and claimed in the patents and/or patent applications listed in **SUPPLEMENTARY INFORMATION** below.

DATES: The prospective exclusive, co-exclusive or partially exclusive license may be granted unless NASA receives written objections including evidence and argument, no later than August 5, 2025 that establish that the grant of the license would not be consistent with the requirements regarding the licensing of federally owned inventions as set forth in the Bayh-Dole Act and implementing regulations. Competing applications completed and received by NASA no later than August 5, 2025 will also be treated as objections to the grant of the contemplated exclusive, co-exclusive or partially exclusive license. Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act.

ADDRESSES: *Objections and Further Information:* Written objections relating to the prospective license or requests for further information may be submitted to Agency Counsel for Intellectual Property, NASA Headquarters at Email: hq-patentoffice@mail.nasa.gov. Questions may be directed to Phone: (202) 358–0646.

SUPPLEMENTARY INFORMATION: NASA intends to grant an exclusive, co-exclusive, or partially exclusive patent license in the United States to practice the inventions described and claimed in: U.S. Patent No. 9,445,779 titled “INFRASONIC STETHOSCOPE FOR MONITORING PHYSIOLOGICAL PROCESSES” and U.S. Patent No. 9,867,591 titled “INFRASONIC STETHOSCOPE FOR MONITORING PHYSIOLOGICAL PROCESSES” to QuakeLogic, Inc., having its principal place of business in 4010 Foothills Blvd. Suite 103 #194, Roseville, California 95747. The fields of use may be limited. NASA has not yet made a final

determination to grant the requested license and may deny the requested license even if no objections are submitted within the comment period.

This notice of intent to grant an exclusive, co-exclusive or partially exclusive patent license is issued in accordance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i). The patent rights in these inventions have been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective license will comply with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Information about other NASA inventions available for licensing can be found online at <http://technology.nasa.gov>.

BILLING CODE 7510–13–P

NATIONAL CREDIT UNION ADMINISTRATION

Renewal of Agency Information Collection of a Previously Approved Collection; Request for Comments

AGENCY: National Credit Union Administration (NCUA).

ACTION: Notice of submission to the Office of Management and Budget.

SUMMARY: As required by the Paperwork Reduction Act of 1995, The National Credit Union Administration (NCUA) is submitting the following extensions of currently approved collections to the Office of Management and Budget (OMB) for renewal.

DATES: Written comments should be received on or before August 20, 2025 to be assured consideration.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Copies of the submission may be obtained by contacting Dacia Rogers at (703) 518–6547, emailing PRAComments@ncua.gov, or viewing the entire information collection request at www.reginfo.gov.

SUPPLEMENTARY INFORMATION:

OMB Number: 3133–0209.

Title: NCUA Template—Large Credit Union Data Collection.

Type of Review: Extension of a previously approved collection.

Abstract: The NCUA issued regulation under 12 CFR part 702, subpart C, “Capital Planning and Stress Testing” regarding capital planning and stress testing for federally insured credit unions with \$10 billion or more in assets and supervised by Office of National Examinations and Supervision (covered credit unions). The rule authorizes covered credit unions to conduct stress tests in accordance with the NCUA’s requirements. Section § 702.306 provides for the necessary requirements for those credit unions to conduct supervisory stress tests. The “NCUA Template—Large Credit Union Data Collection” was developed for the credit unions to provide NCUA with the specific data needed to evaluate their internal assessments of capital adequacy and to ensure their capital resources are sufficient.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Number of Respondents: 37.

Estimated Number of Responses per Respondent: 4.405405405.

Estimated Total Annual Responses: 163.

Estimated Hours per Response: 22.94479.

Estimated Total Annual Burden Hours: 3,740.

Reason for Change: Increase in the number of new credit unions expected to exceed the asset threshold over the next three years.

OMB Number: 3133–0207.

Title: Subordinated Debt, 12 CFR part 702, subpart D.

Type of Review: Extension of a previously approved collection.

Abstract: Subpart D of Part 702 addresses limits on loans to other credit unions; an expansion of the borrowing rule to clarify that federal credit unions (FCUs) can borrow from any source; revisions to the risk-based capital (RBC) rule, and the payout priorities in an involuntary liquidation rule to account for Subordinated Debt and Grandfathered Secondary Capital; and cohering changes to part 741 to account for the other changes proposed in this rule that apply to federally insured, state-chartered credit unions (FISCUs). The borrowing authority granted to FCUs by the FCU Act, along with FCUs’ statutory authority to enter into contracts and exercise incidental powers necessary or required to enable the FCUs to effectively carry on their business, supports the legal analysis

that FCUs are authorized to incur indebtedness through the issuance of debt securities of the type contemplated by this proposed rule. This rule permits LICUs, Complex Credit Unions, and New Credit Unions to issue Subordinated Debt Notes for purposes of regulatory capital treatment. It contains a series of requirements in respect of the Subordinated Debt and Subordinated Debt Note, disclosures and offering materials, repayment (including prepayment), and regulatory capital treatment.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Number of Respondents: 2,500.

Estimated Number of Responses per Respondent: 1.1564.

Estimated Total Annual Responses: 2,891.

Estimated Hours per Response: 1.817018.

Estimated Total Annual Burden Hours: 5,253.

Reason for Change: Estimated number of respondents decreased due to the number of credit unions with outstanding borrowing.

Request for Comments: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit comments concerning: (a) whether the collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the information on the respondents, including the use of automated collection techniques or other forms of information technology.
