

within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.¹

Schedule for Environmental Review

Issuance of EA—March 1, 2024
90-day Federal Authorization Decision
Deadline²—May 30, 2024

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

The Oak Grove Enhancement Project would consist of the following facilities:

- Installation of 34.1 miles of new 30-inch-diameter segment of natural gas pipeline, which will begin at ANR's existing Delhi Compressor Station (CS) in Richland Parish, Louisiana and primarily parallel the existing Line 0–501, 1–501, and 2–501 pipelines before the new segment ties into the existing route just south of State Route 586 in West Carroll Parish, Louisiana at the terminus of the existing Line 0–501 segment to be abandoned.

- Abandonment in place and by removal of 33.6 miles of existing 30-inch-diameter natural gas pipeline, which begins at ANR's existing Delhi CS in Richland Parish and terminates just south of State Route 586 in West Carroll Parish. Approximately one percent (0.25 mile) of the existing Line 0–501 segment would be abandoned by removal, while the remaining existing pipeline segments (totaling 33.35 miles) would be abandoned in place.

The Oak Grove Enhancement Project would not increase or reduce service to any existing ANR customer and no changes to system capacity are proposed. ANR's Project design would allow the existing segment to remain in operation until the replacement pipeline is placed into service.

Background

On August 23, 2023, the Commission issued a *Notice of Scoping Period Requesting Comments on*

Environmental Issues for the Proposed Oak Grove Enhancement Project (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the Notice of Scoping, the Commission received one comment from the Louisiana Department of Wildlife and Fisheries regarding impacts on wildlife habitats. All substantive comments will be addressed in the EA.
