

issue a Visitor's Badge valid only for the date of the meeting.

Although nonemergency issues not contained in STAR Panel agendas may come before the STAR Panel for discussion, those issues may not be the subject of formal Panel action during this meeting. STAR Panel action will be restricted to those issues specifically listed in this notice, and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Panel's intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at 503-820-2280 (toll-free 866-806-7204) at least 5 days prior to the meeting date.

Dated: July 17, 2002.

Richard W. Surdi,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Council) Ad Hoc Marine Reserves Policy Committee will hold a working meeting which is open to the public.

DATES: The meeting will be held on Wednesday, August 14, 2002, from 12 noon to 5 p.m., and on Thursday, August 15, 2002, from 8 a.m. to 12 noon.

ADDRESSES: The meetings will be held at a location to be announced on the Pacific Fishery Management Council's website (www.pcouncil.org) by July 15, 2002.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 200, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Jennifer Gilden, Associate Staff Officer; telephone: (866) 806-7204.

SUPPLEMENTARY INFORMATION: The primary purpose of the meeting is to consider policy recommendations for marine reserve proposals for the state waters of the Channel Islands National Marine Sanctuary.

Although nonemergency issues not contained in the Ad Hoc Marine Reserves Policy Committee meeting agenda may come before the Ad Hoc Marine Reserves Policy Committee for discussion, those issues may not be the subject of formal Ad Hoc Marine Reserves Policy Committee action during this meeting. Ad Hoc Marine Reserves Policy Committee action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Ad Hoc Marine Reserves Policy Committee intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

Dated: July 18, 2002.

Endangered Species; File No. 1299

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Receipt of application for modification.

SUMMARY: Notice is hereby given that Raymond R. Carthy, Ph.D., Florida Cooperative Fish and Wildlife Research Unit, USGS-BRD, Department of Wildlife Ecology and Conservation, University of Florida, P.O. Box 110485, Gainesville, FL 32611-0450, has

requested a modification to scientific research Permit No. 1299.

DATES: Written or telefaxed comments must be received on or before August 23, 2002.

ADDRESSES: The modification request and related documents are available for review upon written request or by appointment in the following office(s):

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713-2289; fax (301)713-0376; and Southeast Region, NMFS, 9721 Executive Center Drive North, St. Petersburg, FL 33702-2432; phone (727)570-5301; fax (727)570-5320.

Written comments or requests for a public hearing on this request should be submitted to the Chief, Permits, Conservation and Education Division, F/PR1, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910. Those individuals requesting a hearing should set forth the specific reasons why a hearing on this particular amendment request would be appropriate.

Comments may also be submitted by facsimile at (301)713-0376, provided the facsimile is confirmed by hard copy submitted by mail and postmarked no later than the closing date of the comment period. Please note that comments will not be accepted by e-mail or other electronic media.

FOR FURTHER INFORMATION CONTACT: Lillian Becker or Ruth Johnson, (301)713-2289.

SUPPLEMENTARY INFORMATION: The subject modification to Permit No. 1299, issued on May 24, 2001, (66 FR 29934) is requested under the authority of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Permit No. 1299 authorizes the permit holder to capture, handle, photograph, measure, flipper and PIT tag, collect tissue samples from and release loggerhead (*Caretta caretta*), green (*Chelonia mydas*), and Kemp's ridley (*Lepidochelys kempi*) sea turtles. The purpose of the research, as stated in the application, is to examine the inter-nesting movements and habitat usage of adult loggerhead turtles along the northwestern coast of Florida, while also examining species composition, population densities and habitat utilization in coastal bays in the same area. The permit holder requests authorization to increase the annual allowed take of sea turtles from 100 to 300 for the remainder of the permit which expires on December 31, 2003.

In compliance with the National Environmental Policy Act of 1969 (42

U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Dated: July 18, 2002.

Eugene T. Nitta,

Acting Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

Small Takes of Marine Mammals Incidental to Specified Activities; Seismic Retrofit of the Richmond-San Rafael Bridge, San Francisco Bay, CA

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of receipt of application and proposed authorization for a small take exemption; request for comments.

SUMMARY: NMFS has received a request from the California Department of Transportation (CALTRANS) for a renewal of its Incidental Harassment Authorization (IHA) to take small numbers of marine mammals, by harassment, incidental to seismic retrofit construction of the Richmond-San Rafael Bridge (the Bridge), San Francisco Bay (SFB), CA. Under the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to renew a small take authorization to CALTRANS to incidentally take, by harassment, small numbers of Pacific harbor seals and possibly California sea lions for 1 year.

DATES: Comments and information must be received no later than August 23, 2002.

ADDRESSES: Comments on the application should be addressed to Donna Wieting, Chief, Marine Mammal Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Silver Spring, MD 20910-3225. Comments cannot be accepted if submitted via e-mail or the Internet. A copy of the application, Environmental Assessment (EA) and/or monitoring reports may be obtained by writing to this address or by telephoning the contact listed here. Publications referenced in this document are

available for viewing, by appointment during regular business hours, at this address.

FOR FURTHER INFORMATION CONTACT: Kenneth R. Hollingshead, Office of Protected Resources, NMFS, (301) 713-2055.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

Permission may be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses and that the permissible methods of taking and requirements pertaining to the monitoring and reporting of such takings are set forth. NMFS has defined "negligible impact" in 50 CFR 216.103 as "an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival."

Subsection 101(a)(5)(D) of the MMPA established an expedited process by which citizens of the United States can apply for an authorization to incidentally take small numbers of marine mammals by harassment. The MMPA defines "harassment" as:

any act of pursuit, torment, or annoyance which (i) has the potential to injure a marine mammal or marine mammal stock in the wild; or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering.

Subsection 101(a)(5)(D) establishes a 45-day time limit for NMFS review of an application followed by a 30-day public notice and comment period on any proposed authorizations for the incidental harassment of small numbers of marine mammals. Within 45 days of the close of the comment period, NMFS must either issue or deny issuance of the authorization.

Summary of Request

On May 28, 2002, NMFS received a letter from CALTRANS, requesting reauthorization of an IHA that was first issued to it on December 16, 1997 (62 FR 6704, December 23, 1997), and was renewed on January 8, 2000 (65 FR 2375, January 14, 2000) and September 19, 2001 (66 FR 49165, September 26, 2001). The current IHA expires on September 18, 2002. The renewed authorization request is for the possible harassment of small numbers of Pacific harbor seals (*Phoca vitulina*) and possibly some California sea lions (*Zalophus californianus*), incidental to seismic retrofit construction of the Bridge.

The Bridge is being seismically retrofitted to withstand a future severe earthquake. Construction is scheduled to extend until the year 2005. A detailed description of the work planned is contained in the Final Natural Environmental Study/Biological Assessment for the Richmond-San Rafael Bridge Seismic Retrofit Project (CALTRANS, 1996). Among other things, seismic retrofit work will include excavation around pier bases, hydro-jet cleaning, installation of steel casings around the piers with a crane, installation of micro-piles, and installation of precast concrete jackets. Foundation construction will require approximately 2 months per pier, with construction occurring on more than one pier at a time. In addition to pier retrofit, superstructure construction and tower retrofit work will also be carried out. Because seismic retrofit construction between piers 52 and 57 has the potential to disturb harbor seals hauled out on Castro Rocks, an IHA is warranted. The duration for the seismic retrofit of foundation and towers on piers 52 through 57, which began this year, will take approximately 7 to 8 months to complete.

Description of Habitat and Marine Mammals Affected by the Activity

A description of SFB ecosystem and its associated marine mammals can be found in the original CALTRANS application (CALTRANS 1997) and in CALTRANS (1996). Castro Rocks are a small chain of rocky islands located next to the Bridge and approximately 1500 ft (460 m) north of the Chevron Long Wharf. They extend in a southwesterly direction for approximately 800 ft (240 m) from pier 55. The rocks start at about 55 ft (17 m) from pier 55 (A rock) and end at approximately 250 ft (76 m) from pier 53 (F rock). The chain of rocks is
