

in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

These preliminary results of administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: November 23, 2021.

James Maeder,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Oil Country Tubular Goods From the Republic of Korea and the Russian Federation: Postponement of Preliminary Determinations in the Countervailing Duty Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable November 30, 2021.

FOR FURTHER INFORMATION CONTACT: Paul Litwin (Republic of Korea (Korea)) and Theodore Pearson (Russian Federation (Russia)), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–6002 and (202) 482–2631, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 26, 2021, the Department of Commerce (Commerce) initiated countervailing duty (CVD) investigations of imports of oil country tubular goods (OCTG) from Korea and Russia.¹ Currently, the preliminary determinations are due no later than December 30, 2021.

Postponement of Preliminary Determinations

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) The petitioner² makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On November 15, 2021, the petitioners submitted timely requests that Commerce postpone the preliminary CVD determinations.³ The petitioners stated that they request postponement because “{t}he current deadline is not realistic for several reasons, including, most importantly, the fact that Commerce has not yet received any questionnaire responses.”⁴ In accordance with 19 CFR 351.205(e), the petitioners have stated the reasons

for requesting a postponement of the preliminary determination, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determinations to no later than 130 days after the date on which these investigations were initiated, *i.e.*, March 7, 2022.⁵ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: November 23, 2021.

Finished Carbon Steel Flanges From India: Final Results of Countervailing Duty Administrative Review; 2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that countervailable subsidies are being provided to producers and exporters of finished carbon steel flanges (steel flanges) from India during the period of review (POR), January 1, 2019, through December 31, 2019.

DATES: Applicable November 30, 2021.

FOR FURTHER INFORMATION CONTACT: Moses Song or Natasia Harrison, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–7885 or (202) 482–1240, respectively.

SUPPLEMENTARY INFORMATION:

⁵ Postponing the preliminary determination to 130 days after initiation would place the deadline on Saturday, March 5, 2022. Commerce's practice dictates that where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

Background

On September 7, 2020, Commerce published the *Preliminary Results* of this administrative review in the **Federal Register**.¹ Although we invited interested parties to comment on the *Preliminary Results*,² we received no comments. Accordingly, no decision memorandum accompanies this **Federal Register** notice.

Scope of the Order

The merchandise covered by the scope is steel flanges. For a complete description of the scope, see Appendix I.

Companies Not Selected for Individual Review

For the companies not selected for individual examination, because the rates calculated for (Norma) and R.N. Gupta & Co. Ltd. (RNG) are above *de minimis* and not based entirely on facts available, we applied a subsidy rate based on a weighted-average of the subsidy rates calculated for Norma and RNG using publicly ranged sales data submitted by the respondents.³ This is consistent with the methodology that we would use in an investigation to establish the all-others rate, pursuant to section 705(c)(5)(A) of the Tariff Act of 1930, as amended (the Act).

Final Results of Administrative Review

Although we received no comments from interested parties, we revised the net countervailable subsidy rate for Norma, based on the additional information obtained after *Preliminary Results*, with regard to one particular subsidy program.⁴ No other changes were made to the *Preliminary Results*.

We determine the following net countervailable subsidy rate for the

period January 1, 2019, through December 31, 2019:

Company	Subsidy rate (percent <i>ad valorem</i>)
Norma (India) Ltd. ⁵	5.32
R.N. Gupta & Co. Ltd.	5.51
Companies Not Selected for Individual Examination ⁶	5.44

Disclosure

Commerce intends to disclose the calculations performed for these final results of review within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to 19 CFR 351.212(b)(2), Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with the final results of this review, for the companies listed above at the applicable *ad valorem* assessment rates listed. We intend to issue assessment instructions to CBP 35 days after the date of publication of these final results of review. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

In accordance with section 751(a)(1) of the Act, we also intend to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown above for the above-listed companies with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of these final results of this administrative review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit requirements, effective upon publication of these final results, shall remain in effect until further notice.

⁵ In this administrative review, Commerce found the following companies to be cross-owned with Norma (India) Ltd.: USK Export Private Limited; Uma Shanker Khandelwal and Co.; and Bansidhar Chiranjilal. See *Preliminary Results* PDM at 6; this finding is unchanged in these final results. This rate applies to all cross-owned companies.

⁶ See Appendix II.

Administrative Protective Orders

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

The final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 23, 2021.

James Maeder,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Appendix I

Scope of the Order

The scope of the order covers finished carbon steel flanges. Finished carbon steel flanges differ from unfinished carbon steel flanges (also known as carbon steel flange forgings) in that they have undergone further processing after forging, including, but not limited to, beveling, bore threading, center or step boring, face machining, taper boring, machining ends or surfaces, drilling bolt holes, and/or deburring or shot blasting. Any one of these post-forging processes suffices to render the forging into a finished carbon steel flange for purposes of this review. However, mere heat treatment of a carbon steel flange forging (without any other further processing after forging) does not render the forging into a finished carbon steel flange for purposes of this order.

While these finished carbon steel flanges are generally manufactured to specification ASME B16.5 or ASME B16.47 series A or series B, the scope is not limited to flanges produced under those specifications. All types of finished carbon steel flanges are included in the scope regardless of pipe size (which may or may not be expressed in inches of nominal pipe size), pressure class (usually, but not necessarily, expressed in pounds of pressure, *e.g.*, 150, 300, 400, 600, 900, 1500, 2500, *etc.*), type of face (*e.g.*, flat face, full face, raised face, *etc.*), configuration (*e.g.*, weld neck, slip on, socket weld, lap joint, threaded, *etc.*), wall thickness (usually, but not necessarily, expressed in inches), normalization, or whether or not heat treated. These carbon steel flanges either meet or exceed the requirements of the ASTM A105, ASTM A694, ASTM A181, ASTM A350 and ASTM A707 standards (or comparable foreign specifications). The scope includes any flanges produced to the above-referenced ASTM standards as currently stated or as may be amended. The term "carbon steel" under this scope is steel in which: (a) Iron predominates, by weight, over each of the other contained elements: (b) The carbon

⁴ Shortly after the *Preliminary Results*, we requested additional information to clarify the POR benefit amount that one of Norma's cross-owned entities received concerning the Electricity Duty Exemption Under the State Government of Uttar Pradesh Investment Promotion Scheme/ Infrastructure and Industrial Investment Policy program. We received a timely response from Norma on September 22, 2021, prior to the deadline to submit case briefs (*i.e.*, October 7, 2021) stipulated in the *Preliminary Results*. Based on the information we received, we revised Norma's *ad valorem* subsidy rate of the program at issue. Finished carbon steel flanges are currently classified under subheadings 7307.91.5010 and 7307.91.5050 of the Harmonized Tariff Schedule of the United States (HTSUS). They may also be entered under HTSUS subheadings 7307.91.5030 and 7307.91.5070. The HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope is dispositive.

Fresh Garlic From the People's Republic of China: Preliminary Results, Preliminary Rescission, and Final Rescission, In Part, of the 26th Antidumping Duty Administrative Review; 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is conducting the 26th administrative review of the antidumping duty order on fresh garlic from the People's Republic of China (China). The period of review (POR) for the administrative review is November 1, 2019, through October 31, 2020. Commerce preliminarily determines that the only mandatory respondent for which a request for review remains, Jining Shunchang Import & Export Co., Ltd. (Shunchang), failed to establish its eligibility for a separate rate and therefore is part of the China-wide entity. We also preliminarily find that the review request made by The Roots Farm Inc. (Roots Farm) was not valid, and accordingly, because it was the sole remaining request for the other mandatory respondent, Zhengzhou Harmoni Spice Co., Ltd. (Harmoni), we have preliminarily rescinded the review with respect to Harmoni. We invite interested parties to comment on these preliminary results.

DATES: Applicable November 30, 2021.

FOR FURTHER INFORMATION CONTACT: Leo Ayala or Charles DeFilippo, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3945 or (202) 482–3979.

SUPPLEMENTARY INFORMATION:

Background

On January 6, 2021, Commerce initiated the twenty-sixth administrative review of antidumping duty order on fresh garlic from China¹ with respect to eighteen companies.² Commerce initially selected Harmoni for individual examination.³ After issuing a standing

questionnaire to Roots Farm, and Roots Farm's failure to timely respond, Commerce indicated its intent to preliminarily rescind review of Harmoni, and selected Shunchang as the only respondent subject to individual examination.⁴

Scope of the Order

The products subject to the *Order* are all grades of garlic, whole or separated into constituent cloves. Fresh garlic that are subject to the *Order* are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) 0703.20.0000, 0703.20.0005, 0703.20.0010, 0703.20.0015, 0703.20.0020, 0703.20.0090, 0710.80.7060, 0710.80.9750, 0711.90.6000, 0711.90.6500, 2005.90.9500, 2005.90.9700, and 2005.99.9700. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description remains dispositive. For a full description of the scope of this *Order*, please see the “Scope of the Order” section in the accompanying Preliminary Decision Memorandum, hereby adopted by this notice.⁵

Partial Rescission of Administrative Review

On March 23, 2021, all review requests were timely withdrawn for fifteen companies.⁶ Commerce is, therefore, partially rescinding this administrative review with respect to the companies listed in Appendix I, in accordance with 19 CFR 351.213(d)(1).

Preliminary Rescission of Administrative Review

As discussed in the accompanying Preliminary Decision Memorandum, Commerce has preliminarily determined that the review request from Roots Farm was invalid *ab initio*, and is preliminarily rescinding the
