DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Applications and Reporting Requirements for the Incidental Take of Marine Mammals by Specified Activities (other than Commercial Fishing Operations) under the Marine Mammal Protection Act.

OMB Control Number: 0648-0151.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 95.

Average Hours per Response: Incidental Harassment Authorization (IHA) application, 255; interim draft IHA report, 11; draft IHA report, 114; final IHA report, 15; Letter of Authorization (LOA) LOA Initial Application and Preparation for Regulations, 1,200; LOA annual application, 70; LOA draft annual report, 220; LOA final annual report, 65; LOA draft comprehensive report, 625; LOA final comprehensive report, 300 hours.

Burden Hours: 13,486.

Needs and Uses: This request is for an extension of a currently approved information collection.

The Marine Mammal Protection Act of 1972 (MMPA; 16 U.S.C. 1361 *et. seq.*) prohibits the "take" of marine mammals unless otherwise authorized or exempted by law. Among the provisions that allow for lawful take of marine mammals, sections 101(a)(5)(A) and (D) of the MMPA direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing), within a specified geographical region if, after notice of a proposed authorization to the public for review and public comment: (1) We make certain findings; and (2) the taking is limited to harassment.

We (National Marine Fisheries Service) shall grant authorization for the incidental taking of small numbers of marine mammals if we find that the taking will have a negligible impact on the species or stock(s), and will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant). The authorization must set forth the permissible methods of taking; other means of effecting the least practicable adverse impact on the species or stock and its habitat; and requirements pertaining to the mitigation, monitoring and reporting of such taking. We have defined "negligible impact" in 50 CFR 216.103 as "... an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival."

Issuance of an incidental take authorization (Authorization) under section 101(a)(5)(A) or 101(a)(5)(D) of the MMPA requires three sets of information collection: (1) A complete application for an Authorization, as set forth in our implementing regulations at 50 CFR 216.104, which provides the information necessary for us to make the necessary statutory determinations; (2) information relating to required monitoring; and (3) information related to required reporting. These collections of information enable us to: (1) Evaluate the proposed activity's impact on marine mammals; (2) arrive at the appropriate determinations required by the MMPA and other applicable laws prior to issuing the authorization; and (3) monitor impacts of activities for which we have issued Authorizations to determine if our predictions regarding impacts on marine mammals remain valid.

Affected Public: Federal government; state, local or tribal government; individuals or households; business or other for-profit organizations; not-for-profit institutions.

Frequency: Annually and interim (90-day).

Respondent's Obligation: Mandatory.

OMB Desk Officer: OIRA
