

extended period of time, adherence to the DOT transportation requirements would also ensure that there would be no health and safety concerns regarding potential dose to the public.

Based on the history of low-level radioactive waste shipments from Oyster Creek and the lack of potential health and safety concerns associated with this material sitting in a switchyard for extended period of time, the need to investigate, trace, and report on low-level radioactive waste shipments that take longer than 90 days is therefore appropriate.

As indicated in the request for exemption, for rail and truck shipments from Oyster Creek, HDI will use a tracking system that allows daily monitoring of a shipments' progress to its destination and the Oyster Creek shipping procedures prescribe the expectations for tracking and communications during transit. The NRC staff believes these steps will allow for monitoring the progress of the shipments by the rail or truck carrier on a daily basis, if needed, in lieu of the 20-day requirement and will initiate an investigation as provided for in Section III.E of Appendix G to 10 CFR part 20 after 90 days. Because of the oversight and ability to monitor low-level radioactive waste shipments throughout the entire journey from Oyster Creek to a disposal or processing site as noted above, the NRC staff concludes that it is unlikely that a shipment could be lost, misdirected, or diverted without the knowledge of the carrier or HDI and there is no potential health and safety concern presented by the requested exemption. Furthermore, by extending the elapsed time for receipt acknowledgment to 90 days before requiring investigations, tracing, and reporting, a reasonable upper limit on shipment duration is maintained if a breakdown of normal tracking systems were to occur.

Consequently, the NRC staff finds that extending the receipt of notification period from 20 to 90 days after transfer of the low-level radioactive waste as described by HDI in its August 2, 2022, letter would not result in an undue hazard to life or property.

C. The Exemption is Subject to a Categorical Exclusion

With respect to compliance with Section 102(2) of the National Environmental Policy Act, 42 U.S.C. 4332(2) (NEPA), the NRC staff has determined that the proposed action, the approval of the HDI exemption request, is within the scope of the categorical exclusion listed at 10 CFR 51.22(c)(25). The proposed action

presents (i) no significant hazards considerations; (ii) would not result in a significant change in the types or significant increase in the amounts of any effluents that may be released offsite; (iii) would not result in a significant increase in individual or cumulative public or occupational radiation exposure; (iv) has no significant construction impact; (v) does not present a significant increase in the potential for or consequences from radiological accidents. The requirements from which an exemption is sought involves reporting requirements under 10 CFR 51.22(c)(25)(vi)(B) as well as inspection or surveillance requirements under 10 CFR 51.22(c)(25)(vi)(C). Given the applicability of relevant categorical exclusions, no further analysis is required under NEPA.

IV. Conclusions

Accordingly, the Commission has determined that, pursuant to 10 CFR 20.2301, the exemption is authorized by law and will not result in undue hazard to life or property. Therefore, effective immediately, the Commission hereby grants HDI an exemption from 10 CFR part 20, Appendix G, Section III.E to extend the receipt of notification period from 20 days to 90 days after transfer of low-level radioactive waste shipments from the Oyster Creek Nuclear Generating Station facility to a licensed land disposal or processing facility.

RAILROAD RETIREMENT BOARD

Civil Monetary Penalty Inflation Adjustment

AGENCY: Railroad Retirement Board.

ACTION: Notice announcing updated penalty inflation adjustments for civil monetary penalties for 2023.

SUMMARY: As required by the Bipartisan Budget Act of 2015, entitled the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, the Railroad Retirement Board (Board) hereby publishes its 2023 annual adjustment of civil penalties for inflation.

FOR FURTHER INFORMATION CONTACT:

Peter J. Orlowicz, Senior Counsel, Railroad Retirement Board, 844 North Rush Street, Chicago, IL 60611–1275, (312) 751–4922, TTD (312) 751–4701.

SUPPLEMENTARY INFORMATION: Section 701 of the Bipartisan Budget Act of 2015, Public Law 114–74 (Nov. 2, 2015), entitled the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (the 2015 Act), amended the Federal Civil Penalties Inflation Adjustment Act of 1990 (28 U.S.C. 2461 note) (Inflation Adjustment Act) to require agencies to publish regulations adjusting the amount of civil monetary penalties provided by law within the jurisdiction of the agency not later than January 15th of every year.

For the 2023 annual adjustment for inflation of the maximum civil penalty under the Program Fraud Civil Remedies Act of 1986, the Board applies the formula provided by the 2015 Act and the Board’s regulations at title 20,

Code of Federal Regulations, part 356. In accordance with the 2015 Act, the amount of the adjustment is based on the percent increase between the Consumer Price Index (CPI–U) for the month of October preceding the date of the adjustment and the CPI–U for the October one year prior to the October immediately preceding the date of the adjustment. If there is no increase, there is no adjustment of civil penalties. The percent increase between the CPI–U for October 2022 and October 2023, as provided by Office of Management and Budget Memorandum M–23–05 (December 15, 2022) is 1.07745 percent. Therefore, the new maximum penalty under the Program Fraud Civil Remedies Act is \$13,508 (the 2022 maximum penalty of \$12,537 multiplied by 1.07745, rounded to the nearest dollar). The new minimum penalty under the False Claims Act is \$13,508 (the 2022 minimum penalty of \$12,537 multiplied by 1.07745, rounded to the nearest dollar), and the new maximum penalty is \$27,018 (the 2022 maximum penalty of \$25,076 multiplied by 1.07745, rounded to the nearest dollar). The adjustments in penalties will be effective December 27, 2022.

Dated: December 21, 2022.

By Authority of the Board.

Stephanie Hillyard,

Secretary to the Board.
