Emory University, et al., Notice of Consolidated Decision on Applications for Duty-Free Entry of Electron Microscopes

This is a decision consolidated pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 A.M. and 5:00 P.M. in Room 3720, U.S. Department of Commerce, 14th and Constitution Avenue., NW, Washington, D.C.

Docket Number: 10-038. Applicant: Emory University, Atlanta, GA 30322. Instrument: Electron Microscope.

Manufacturer: JEOL, Ltd., Japan. Intended Use: See notice at 75 FR 46912, August 4, 2010.

Docket Number: 10-049. Applicant: Health Research Inc., New York State Department of Health, Menands, NY 12204-2719. Instrument: Electron Microscope. Manufacturer: JEOL Ltd., Japan. Intended Use: See notice at 75 FR 46912, August 4, 2010.

Docket Number: 10-051. Applicant: Regents of the University of California at San Diego, La Jolla, CA 92093-0651. Instrument: Electron Microscope. Manufacturer: FEI Company, Czech Republic. Intended Use: See notice at 75 FR 46912, August 4, 2010.

Comments: None received. Decision: Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as these

instruments are intended to be used, was being manufactured in the United States at the time the instruments were ordered. Reasons: Each foreign instrument is an electron microscope and is intended for research or scientific educational uses requiring an electron microscope. We know of no electron microscope, or any other instrument suited to these purposes, which was being manufactured in the United States at the time of order of each instrument.

Dated: August 24, 2010.

Gregory W. Campbell,
Acting Director, Subsidies Enforcement
Office, Import Administration.

RIN 0648-XX56

Endangered and Threatened Wildlife and Plants; Notice of 90-Day Finding for a Petition to List Georgia Basin Populations of China Rockfish and Tiger Rockfish as Endangered or Threatened

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of 90-day petition finding.

SUMMARY: We (NMFS) received a petition to list Georgia Basin populations of China rockfish (*Sebastes nebulosus*) and tiger rockfish (*S. nigrocinctus*) as endangered or threatened species under the Endangered Species Act (ESA). We determine that the petition does not present substantial evidence to indicate that the petitioned action may be warranted.

ADDRESSES: Requests for copies of this petition regarding Georgia Basin China rockfish and tiger rockfish should be submitted to Chief, Protected Resources Division, NMFS, 1201 NE Lloyd Boulevard, Suite 1100, Portland, OR 97232. The petition and supporting data are available for public inspection, by appointment, Monday through Friday, at this address.

FOR FURTHER INFORMATION CONTACT: Garth Griffin, NMFS, Northwest Region, (503) 231-2005 or Dwayne Meadows, NMFS, Office of Protected Resources, (301) 713-1401.

SUPPLEMENTARY INFORMATION:

Background

Section 4 of the ESA contains provisions allowing interested persons to petition the Secretary of the Interior or the Secretary of Commerce (Secretary) to add a species to or remove a species from the List of Endangered and Threatened Wildlife and to designate critical habitat. On April 27, 2010, we received a petition from Mr. Sam Wright of Olympia, WA, to list Georgia Basin populations of China rockfish and tiger rockfish. For the purpose of this petition finding, we consider the Georgia Basin to include the inland marine waters of Puget Sound, the Strait of Georgia (north to the mouth of the Campbell River in British Columbia), and the portion of the Strait of Juan de Fuca east of the Victoria Sill (see our determination to list three distinct population segments of Puget Sound/Georgia Basin distinct population segments of rockfish, 75 FR 22276 (April 28, 2010)).

Section 4(b)(3)(A) of the ESA (16 U.S.C. 1531-1544) requires that we determine whether a petition to list, delist, or reclassify a species presents substantial scientific or commercial information to indicate that the petitioned action may be warranted. In making this determination, we consider information submitted with and referenced in the petition, and all other information available in our files. To the maximum extent practicable, this finding is to be made within 90 days of the receipt of the petition, and the finding is to be published promptly in the **Federal Register**.

In evaluating a petition, the Secretary considers whether it (1) describes past and present numbers and distribution of the species and any threats faced by the species (50 CFR 424.14(b)(2)(ii)); (2) provides information regarding the status of the species over all or a significant portion of its range (50 CFR 424.14(b)(2)(iii)); and (3) is accompanied by appropriate supporting documentation (50 CFR 424.14(b)(2)(iv)).

The ESA defines "species" to include subspecies, or a distinct population segment of a vertebrate species (16 U.S.C. 1532(16)). The petitioner requested listing of the Georgia Basin populations of China rockfish and tiger rockfish. We evaluated whether the information provided or cited in the petition met our standard for "substantial information" as defined in joint ESA implementing regulations issued by NMFS and the U.S. Fish and Wildlife Service (50 CFR 424.14(b)). We also reviewed other information
